The Honorable Pete Buttigieg  
US Department of Transportation  
1200 New Jersey Ave, SE  
Washington, DC 20590

Dear Secretary Buttigieg,

On behalf of the Maine Department of Transportation (MaineDOT), I am writing in support of the Bridge Investment Program Planning Grant Application requesting federal funding for the development of the MaineDOT Off-System Bridge Investment Program.

With your assistance, MaineDOT will be able to develop this program to replace off-system local bridges. Highlights of the program include standard designs, innovative materials and construction techniques, and investing in critical connections to underserved rural communities. By creating a more reliable process around replacement of these poor and critical condition structures, both MaineDOT and municipalities will be able to better plan and actively improve the safety and increase travel time reliability for residents, workers and businesses that will benefit greatly from this bridge replacement program. MaineDOT intends to apply for Bridge Program grants in subsequent years for bridge bundle projects identified through this planning program.

Bangor Area Comprehensive Transportation System (BACTS) supports MaineDOT's initiative in creating a planning process that evaluates off-system bridge replacements through careful consideration of local, regional, and statewide criteria. If successful, this grant funding will create a bridge bundling program that will immediately prioritize nearly a third of the 239 poor and critical condition bridges for replacement over the next four-year work plan, based on future bridge investment program funding opportunities. These replacements will use innovative technologies and processes while continuing to improve travel networks that are currently underserved.

This project has strong local and regional support, and your help in making it possible will strengthen what MaineDOT has identified as a priority and significant need. BACTS hopes the USDOT will make a grant award to MaineDOT to further strengthen the impact of decades of significant state and local investments in this important initiative.

Sincerely,

*Sara Devlin*

Sara Devlin, Executive Director  
Bangor Area Comprehensive Transportation System
