

# MID-COAST ASSESSORS MEETING

January 18, 2012

## Real Estate: The State of the Market Martin Cates

<http://www.martincatesinc.com/>

**Sales Manager, Jaret & Cohn Real Estate/Rockland branch**

This will be the third year that Martin has presented at our meetings. His knowledge of the real estate market, and insights into who's buying and who is not, is wide-ranging. Martin sees the real estate market from more than a broker's perspective. In addition to his position with Jaret & Cohn, Martin serves on the Knox County Board of Assessment Review, chairs the Camden Select Board, and was previously a member of Camden's Board of Assessment Review. In other words, Martin's interest in the market also has a strong municipal component. Martin is as interested in learning from our perspective on the market as he is in sharing his. It ought to be a good and lively discussion.
