Dear Mr. Turmelle:

This letter will serve as Davis Landscaping Company's Chapter 29 variance permit for control of invasive plants at the wetland mitigation site adjacent to the new Sabattus exit on the turnpike. At the May 2, 2008, meeting, the Board authorized the staff to approve Chapter 29 variance requests until issues requiring its input arise. Please bear in mind that Davis Landscaping's variance permit requires company personnel to adhere to the measures outlined in Section IX of the permit application.

We will alert the Board at its August 1, 2008, meeting that the variance permit has been issued. If you have any questions concerning this matter, please feel free to contact me at 287-2731.

Sincerely,

Henry Jennings

Dear Mr. Donovan:

This letter will serve as your Chapter 22 variance permit for your 2008 Roadside Brush Control Program in the towns of Mapleton, Castle Hill and Chapman, and brush control under power lines for Maine Public Service Company. As you may recall, the Board has authorized the staff to approve repeat variance requests when no problems were experienced the previous year. Your permit is based upon your company adhering to the precautions listed in Section X of your July 21, 2008 application.

We will be notifying the Board at their August 1st meeting that this permit has been issued. If you have any questions about this matter, please feel free to contact me at your earliest convenience.

Sincerely,

Henry Jennings
Director
