

The Pesticide Control Board.
Augusta ME.

JUN 3 2010

Respectfully,
M. Kay Connors,

4/3/10

I am writing to request a 250 ft. no pesticide buffer zone around my property. I am requesting this due to my multiple disabilities, and the effect these have on my health. I am requesting the pesticide herbicide, etc. zone under the American with Disabilities Act. + 504.

I am also requesting my medical privacy rights, under HIPAA.

Some of the Co. that make applications all around me, seem to forget to call, and give me at least 48 hrs. notice, plus the MSDS sheets.

I am also requesting to be notified when spraying is being done along roads in Cumberland County.

Sincerely,

Mary Ellen Valente
