An Act To Revise Notification Requirements for Pesticide Application

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 22 MRSA §1471-Z, as amended by PL 2009, c. 584, §2, is repealed.

Sec. 2. 22 MRSA §1471-AA, as enacted by PL 2009, c. 584, §3, is repealed.

SUMMARY

This bill repeals the laws that govern the development and maintenance of a registry of the properties of residents, lessees and property owners who request that their properties be placed on a registry in order that they receive advance notification of the outdoor application of pesticides. In the absence of such a registry, the current rules of the Department of Agriculture, Food and Rural Resources, Board of Pesticides Control will govern notification requirements in connection with the application of pesticides.
