

Maine Department of Agriculture

REQUIREMENTS FOR SHIPPING PLANTS FROM MAINE TO OTHER STATES

An inspection certificate must be attached to all packages of plants being shipped from Maine. **California and Arizona also require the following labeling information: name and address of shipper and receiver, state of origin of plants in package and common and botanical name of plants in package.** Plants must be healthy and free of insects and diseases. Some states have regulations related to specific plant species and plant pests that are listed below. To the best of our knowledge this list was accurate at the date of publication. If you would like more information on a particular state's regulations visit the National Plant Board website at: www.nationalplantboard.org

STATES	PLANT MATERIAL	CONDITIONS
AK,AR,AZ,CA,CO,HI,IA,ID,KS,LA,MN,MO,MS,MT,ND,NE,NM,NV,OK,OR,SD,TN,TX,UT,WA	All plants potted in soil	Prohibited unless bare rooted, treated or certified free of Japanese beetle

*Some New England states have created invasive plant lists, banning the sale of certain plants. The major ornamental crops that have been banned in these states are included on this list, but not all banned plants appear here. If you would like a complete listing of the plants that have been banned please contact the Maine Department of Agriculture.

Some of the prohibited items may be shipped provided certain conditions are met. For inspection certificates or additional information, contact the **Maine Department of Agriculture, Division of Plant Industry, 28 State House Station, Augusta, ME 04333 (Tel: 287- 3891)**. For more information on a specific states regulations visit the National Plant Board website at: www.nationalplantboard.org/ and click on laws and regulations.
