CONTACT PERSON Douglas Richmond

NUMBER OF EMPLOYEES

STATEMENT BY FIRM Two registered architects are directly responsible for daily project management, design, client contact, construction documents and contract administration of all projects. Past projects include: multi-family residential, institutional, educational, cultural, municipal and military facilities. Project types include both existing and new structures. Working with our engineering consultants we have brought projects through DEP and local depts. reviewing shore land zoning. Restoration/additions to registered historic properties are a key part of our work. Construction costs for past projects include those under \$100,000 to those over \$5 million.
