STATEMENT BY FIRM Woodard & Curran is a 650-person engineering, science, and operations firm with corporate headquarters in Portland, Maine, and a regional office in Bangor, Maine. Our team of professional engineers, scientists, and operators have completed projects and solved challenging problems in all disciplines of civil, environmental, and facilities' engineering for hundreds of clients all over the State of Maine and the United States. In the performance of our work, we have managed projects ranging from the very small to the very large. We understand the importance of constant communication with our clients, and we manage the budget as if it were our own money. The firm was established in 1979, is privately owned, and has been steadily growing for 34 years.
