

Date of Application: _____ Farm Name: _____

Section VIII. Debt Service on Existing Loans

Farms may have made recent structural investments or taken on equipment loans that, absent PFAS, would likely have enhanced operations and/or increased sales. Examples may include but not be limited to a new high-tunnel, greenhouse, farm store, milking parlor, or barn. Although DACF offers Income Replacement payments, if the anticipated return on investment had not yet been realized when PFAS were discovered, the farm is likely to have difficulty making timely and/or full payments on these notes regardless of receiving Income Replacement assistance.

DACF can review farm finances and other information and, depending on the circumstances, may pay notes directly related to farm infrastructure built and/or installed generally within two to five years prior to the discovery of PFAS contamination.

Questions about debt service on existing loans may be directed to Meagan Hennessey, PFAS Response Director, at Meagan.Hennessey@maine.gov or 207-592-3795.

Documents to Attach and Submit with Section V:

The following information must be submitted with this Section of the application:

- A. Section I. Applicant General Information with all specified attachments
- B. If requesting a direct reimbursement, provide Proof of Payment
- C. Supporting documentation, such as:
 - 1. The debt agreement, including date incurred and terms; and
 - 2. Invoice(s) or receipt(s) from the debt service provider from the relevant timeframe including payment date and amount

Please provide the following information:

TOTAL AMOUNT OF SUPPORT REQUESTED: \$ _____

Payment Options – please check which one is requested:

- DACF reimburses the applicant for approved project costs
- DACF contracts with and pays applicant’s approved vendors/contractors
- DACF reimburses a nonprofit for payment of approved project costs made on the applicant’s behalf
