**Amendment #1**

After review of the air emissions license amendment application, staff investigation reports and other documents in the applicant’s file in the Bureau of Air Quality, pursuant to 38 M.R.S.A., Section 344 and Section 590, the Department finds the following facts:

**I. REGISTRATION**

A. Introduction

Hyponex Corporation (Hyponex, formerly Earthgro) of Medway, Maine was issued Air Emission License A-682-71-B-R on April 18, 2002 permitting the operation of emission sources associated with their bark processing and bagging facility. The license was issued under the name Earthgro; Hyponex has requested a minor revision to change the name on their license to reflect the recent legal mergers within its parent company. Although the legal owner of the facility has changed, the site’s operation, air emissions, management and corporate structure, and financial resources remain the same.

B. Application Classification

The application for Hyponex Corporation is an administrative change of name. This modification is therefore determined to be a minor revision and has been processed as such.

**ORDER**
