**Description of Services:** Oxford County Arc has a long history of providing services to people with developmental disabilities and their families. The association was formed in 1957, when a group of parents and friends joined together to ensure that their children with mental retardation and related disabilities could be educated and receive services in their own communities.

Building on years of experience and commitment, the Oxford County Arc now offers a large variety of services to adults with developmental disabilities.

Services include the Adult Activity Center Day Program offering a wide variety of rehabilitation opportunities that focus on personal choice and self determination.
