2014 Medicare Part D Plan (name of current Part D Plan)

Dear MaineCare Member Name,

Important Information about your Medicare Part D Plan

Starting this fall, the State of Maine will no longer pick your Medicare Part D Plan. You will need to review the information about your 2015 Medicare Part D Plan and make sure you have the best plan for you.

You should:

- Review the information your Medicare Part D Plan sends you.
- Look at the list of medicine they send you.
- Make sure all the medicine that you take is on the list.
- Check your Medicare Part D Plan every fall.

Please note: If your medicine is on the list and you do not get a bill from your Medicare Part D Plan, you do not need to do anything.

Your local Area Agency on Aging can help:

- If you cannot find your medications on the covered drug list
- If you get a bill or coupon book for 2015
- If you do not know how to check your medicine yourself

The Area Agency on Aging has several offices in the state. The office you should call depends on where you live. Please see the list of Area Agency on Aging phone numbers on the back of this letter.

Area Agency on Aging phone numbers:

- Aroostook Agency on Aging, serves people who live in Aroostook County, 1-800-439-1789 or 764-3396
- Eastern Area Agency on Aging, serves people who live in Hancock, Penobscot, Piscataquis or Washington counties, 1-800-432-7812 or 941-2865
- Seniors Plus, serves people who live in Androscoggin, Franklin or Oxford counties, 1-800-427-1241 or 795-4010
- Spectrum Generations serves people who live in Kennebec, Knox, Lincoln, Sagadahoc, Somerset, Waldo counties, and people who live in the towns of Brunswick or Harpswell, 1-800-639-1553 or 622-9212
- Southern Maine Area Agency on Aging, serves people who live in York County, or Cumberland County except the towns of Harpswell and Brunswick, 1-800-427-7411 or 396-6500

Tell the Area Agency on Aging that you got this letter and that you need help with Medicare Part D for 2015. When you call, tell them which Medicare Part D Plan you have and have a list of your medications in front of you. They may help you over the phone or set up a meeting with you. Remember, because of the benefits you have, you can change your Medicare Part D Plan at any time. There is no deadline to change your Part D Plan.

Sincerely,

Stefanie Nadeau, Director
Office of MaineCare Services
