

Project Wild

Aquatic

Teacher Workshop at the Maine State Aquarium
(with optional boat trip to Burnt Island Lighthouse Education Center)

What is Project Wild?

Project WILD is one of the most widely used conservation and environmental education programs among educators of students, kindergarten through highschool. It is based on the premise that young people and educators have a vital interest in learning about our natural world. Emphasizing wildlife because of its intrinsic value, Project WILD addresses the need for human beings to develop as responsible citizens of our planet.

This workshop will:

-Provide hands-on WILD experience & activities

-Assist participants with integration of WILD activities into curriculum

-Showcase our facilities for student field trips & additional teacher course opportunities.

All activities fit into the ME State Learning Results!
