

Volunteer Survey: *Cerceris fumipennis* (The Beetle Hunting Wasp)

Note: This survey should be filled out for *all* suitable sites that are surveyed, because it is just as important for the Maine Forest Service to know where *Cerceris fumipennis* IS NOT as to know where it *is* present. If there are no nests found at a site, fill out parts A and B only.

Name: _____

A. Contact Information (please provide at least 1 form of contact):
