

Dear Health Care Sector & Other High Growth/Emerging Industries Forum attendees,

As part of your grants, you may need or wish to enlist educational partners. I would like to introduce the 27 Career and Technical Education (CTE) Centers/Regions around Maine. The centers and regions are strategically located throughout our state and one may be just around the corner from you.

I can not speak on behalf of the Career and Technical Education Directors as to their possible involvement with your grants but I would invite you to contact the directors as you pursue these opportunities. Please use the links below for contact information concerning the center/region in your area.

<http://www.maine.gov/education/it/directory/documents/sy2009draft.pdf>

<http://www.maine.gov/education/it/directory/schools.htm>

Also, the Maine Administrators of Career and Technical Education (MACTE) has created a website to keep stakeholders informed about CTE developments in our state. You are welcomed to visit the new website. The site is still under development but I think you will find many wonderful resources.

Have a good day and good luck with your grants.

Thanks,

Shawn Lagasse, MSCTE  
Education Consultant

Career and Technical Education  
Maine Department of Education  
23 State House Station  
Augusta, Maine 04333-0023
