DEPARTMENT OF EDUCATION

2005–2006 School Year Reports

Dear School Board Members and School Personnel:

The Maine Educational Assessment (MEA) is the State’s measure of student progress in achieving the State standards, known as *Learning Results*, adopted by the Maine Legislature in 1997. The MEA has been based on the *Learning Results* and administered to students in grades 4 and 8 to meet state assessment requirements since 1998. For the first time this year, it was administered to students in all grades 3 through 8 and aligned to Grade Level Expectations to meet the requirements of the federal No Child Left Behind Act.

Due to those changes, it was necessary to set new standards this year. These new achievement standards will be used to establish a baseline to which future scores for both groups of students and individuals can be compared. The standards are the result of a comprehensive process approved by advisory committees and informed by Maine teachers. They will stay in place until the current Maine *Learning Results* are revised according to statute, and future assessments are aligned to the revised *Learning Results*. At such time, the standard-setting process will be conducted again.

The 2005–2006 MEA Summary Reports contain the baseline status results of student performance in reading, mathematics, and science and technology reported according to the new standards and disaggregated by student and school characteristics. This report, together with MEA individual student and subject-specific class analysis reports, provides support for use in program evaluation and planning.

MEA results reflect scores based on test questions that are taken in common by the approximately 15,000 students in each grade level. Student scores in each content area are based on answers to a combination of multiple-choice questions and questions that require students to construct an answer. More information about the design of the MEA is available at www.maine.gov/education/mea/index/htm.

I look forward to working with you in support of our continued efforts to improve the quality and effectiveness of the instructional opportunities designed to help all students achieve the high standards of the *Learning Results* and demonstrate that achievement through performance on the Maine Educational Assessment.

Sincerely,

Susan A. Gendron
Commissioner of Education

School Report Grade 4

ID: 12451689
School: North Yarmouth Memorial School
District: MSAD 51
Date: March 2006

Contents of the Report

The report is divided into five main sections including a section describing the students tested and a separate section for the results in each content area.

<i>Topic</i>	<i>Page</i>
Summary of Scores.....	2
Summary of Student Participation.....	3
English Language Arts Reading Results.....	4-5
Mathematics Results.....	6-7
Science & Technology Results.....	8-9

¹ Percents are the percentage of students enrolled in each participation category. ² Percents are the percentage of students, including those who participated through alternate assessment (PAAP), who participated in the content area. ³ Percents are the percentage of students in each content area who participated with each mode of participation.

ELA-READING RESULTS

School: North Yarmouth Memorial School
 District: MSAD 51
 Grade: 4
 Date: March 2006

ACHIEVEMENT LEVEL DEFINITIONS	The quality of a student's work at each achievement level reflects progress in attaining Maine's <i>Learning Results</i> in English language arts – reading.	STUDENTS AT EACH ACHIEVEMENT LEVEL					
		School		District		State	
		N	%	N	%	%	
Exceeds the Standards - The student's work demonstrates the ability to read and interpret literary and informational texts appropriate for the grade level by drawing in-depth inferences, analyzing texts for subtle clues, synthesizing information across texts, and using his/her knowledge of text features and literary devices to make deeper connections within or across texts to increase comprehension. (Scaled Score 461-480)		2005–2006	21	12	22	12	4
Meets the Standards - The student's work demonstrates the ability to read and interpret literary and informational texts appropriate for the grade level by drawing inferences, summarizing main ideas and providing supporting details, connecting ideas within and across texts, and using his/her knowledge of text features and literary devices to increase comprehension. (Scaled Score 441-460)		2005–2006	116	67	119	67	57
Partially Meets the Standards - The student's work demonstrates an inconsistent ability to read and interpret literary and informational texts appropriate for the grade level. The student's ability to draw inferences, summarize main ideas and provide supporting details, connect ideas within and across texts, and use his/her knowledge of text features and literary devices varies depending on the texts. (Scaled Score 431-440)		2005–2006	28	16	29	16	29
Does Not Meet the Standards - The student's work demonstrates a limited ability to read and interpret literary and informational texts appropriate for the grade level. The student's responses are often vague or incorrect leaving the impression that the student found it difficult to draw inferences, summarize main ideas and provide supporting details, connect ideas within and across texts, or use his/her knowledge of text features and literary devices to support comprehension. (Scaled Score 400-430)		2005–2006	7	4	7	4	10

Learning Results Content Standard Cluster	Number of Points Possible		Average Points Attained (Number and Percent)					
			School		District		State	
	N	%	N	%	N	%	N	%
Total Reading Cluster	48	100	32.7	68.1	32.7	68.1	28.9	60.2
Literary Text	20	42	13.6	68.0	13.6	68.0	12.2	61.0
Informational Text	28	58	19.1	68.2	19.1	68.2	16.6	59.3

The MEA assesses students' reading skills based on questions related to two types of reading passages: literary and informational. Passages include both long and short authentic texts, selected from developmentally appropriate published works. Maine's *Learning Results* are the basis for the MEA at grades 4 and 8 and can be found at <http://www.maine.gov/education/lres/homepage.htm>.

ACHIEVEMENT LEVEL DEFINITIONS	The quality of a student's work at each achievement level reflects progress in attaining Maine's <i>Learning Results</i> in mathematics.	STUDENTS AT EACH ACHIEVEMENT LEVEL					
		School		District		State	
		N	%	N	%	%	
Exceeds the Standards – The student's work demonstrates in-depth understanding of essential concepts in mathematics, including the ability to make multiple connections among central ideas. The student's responses demonstrate the ability to synthesize information; analyze and solve difficult problems, including developing and implementing strategies, efficiently and accurately performing procedures, and recording and justifying solutions; and explain complex concepts. (Scaled Score 461-480)		2005–2006	51	30	52	29	9
Meets the Standards – The student's work demonstrates a general understanding of essential concepts in mathematics, including the ability to make connections among central ideas. The student's responses demonstrate the ability to analyze and solve problems including developing and implementing strategies, to perform procedures, and to record and explain solutions and concepts. The student's work may contain minor errors. (Scaled Score 441-460)		2005–2006	93	54	96	54	50
Partially Meets the Standards – The student's work demonstrates incomplete understanding of essential concepts in mathematics and inconsistent connections among central ideas. The student's responses demonstrate some ability to analyze and solve problems, and explain concepts. Problem solving strategies may be flawed, procedures performed inaccurately, methods not recorded and/or problems not completed. (Scaled Score 429-440)		2005–2006	24	14	25	14	27
Does Not Meet the Standards – The student's work demonstrates limited understanding of essential concepts in mathematics and infrequent or inaccurate connections among central ideas. The student's responses demonstrate minimal ability to solve problems and explain concepts. Problem solving strategies and procedures are often flawed or inappropriate and there may be many omissions. (Scaled Score 400-428)		2005–2006	4	2	4	2	14

 Date: March 2006

ACHIEVEMENT LEVEL DESCRIPTORS	The quality of a student's work at each achievement level reflects progress in attaining Maine's <i>Learning Results</i> in science & technology.	STUDENTS AT EACH ACHIEVEMENT LEVEL					
		School		District		State	
		N	%	N	%	%	
Exceeds the Standards – The student's work demonstrates in-depth understanding of essential concepts in science, including the ability to make multiple connections among central ideas. The student's responses demonstrate the ability to synthesize information, analyze and solve difficult problems using the processes of scientific inquiry, and explain complex concepts using evidence and proper terminology to support and communicate logical conclusions. (Scaled Score 461-480)		2005–2006	11	6	11	6	5
Meets the Standards – The student's work demonstrates a general understanding of essential concepts in science, including the ability to make connections among central ideas. The student's responses demonstrate the ability to analyze and solve routine problems using the processes of scientific inquiry and explain central concepts with sufficient clarity and accuracy to demonstrate general understanding. (Scaled Score 441-460)		2005–2006	102	59	104	58	52
Partially Meets the Standards – The student's work demonstrates incomplete understanding of essential concepts in science and inconsistent connections among central ideas. The student's responses demonstrate some ability to analyze and solve problems using scientific inquiry but the quality of responses is inconsistent. Explanation of concepts may be incomplete or unclear. (Scaled Score 429-440)		2005–2006	44	25	47	26	32
Does Not Meet the Standards – The student's work demonstrates limited understanding of essential concepts in science and infrequent or inaccurate connections among central ideas. The student's responses demonstrate minimal ability to solve problems and use the skills of scientific inquiry. There are many inaccuracies and explanations are illogical, incomplete, or missing. (Scaled Score 400-428)		2005–2006	16	9	16	9	10

Each content standard in the clusters above is defined in Maine's *Learning Results*. The *Learning Results* are the basis for grades 4 and 8 and can be found at <http://www.maine.gov/education/lres/homepage.htm>.

SCIENCE & TECHNOLOGY RESULTS

(CONTINUED)

School: North Yarmouth Memorial School
 District: MSAD 51
 Grade: 4
 Date: March 2006

Reporting Categories	School					State					Questionnaire Items	Sch.		State		
	% Students in Each Category	Scaled Score	% Exceeds or Meets the Standards	% Partially Meets the Standards	% Does Not Meet the Standards	% Students in Each Category	Scaled Score	% Exceeds or Meets the Standards	% Partially Meets the Standards	% Does Not Meet the Standards		% Students in Each Category	% Students in Each Category	Scaled Score	% Exceeds or Meets the Standards	% Does Not Meet the Standards
Gender																
Female	47	445	66	24	10	49	443	55	34	11	Do the questions that you have just been given on this MEA test match what you have learned in school about science and technology?					
Male	53	446	65	26	9	51	444	59	30	10		A. Yes, the questions on the test match what I have learned in science class.	7	26	445	61
Ethnicity											B. Yes, they match some of what I have learned.	39	46	444	60	9
African American/Black						2	437	32	42	26		C. Yes, they match just a little of what I have learned.	41	22	442	53
American Indian/Native Alaskan						1	438	40	30	30	D. No, there is no match.		13	6	440	43
Asian/Pacific Islander						2	444	57	33	9		Which of the following best describes how you rate yourself as a student in science?				
Caucasian/White	98	446	66	25	9	94	444	58	32	10	A. very good	16	24	445	61	10
Hispanic						1	440	43	43	14	B. good	64	55	444	60	9
Not Reported						0	445	67	25	8	C. fair	20	19	441	48	13
Economically disadvantaged											D. poor	0	2	436	29	25
Yes	5	439	38	38	25	37	440	44	41	16	How difficult was the science part of this test?					
No	95	446	67	25	8	63	446	65	27	7	A. harder than my regular schoolwork	39	20	442	50	14
Title 1A targeted program											B. about the same as my regular schoolwork	53	61	444	60	9
Yes						10	438	33	47	20	C. easier than my regular schoolwork	8	18	444	59	10
No	100	446	65	25	9	90	444	60	31	9	How often do you have science classes?					
Migrant											A. every day	18	27	443	56	11
Yes						0	438	28	44	28	B. a few times a week	70	54	444	60	9
No	100	446	65	25	9	100	444	57	32	10	C. once a week	6	8	442	51	13
Gifted/talented program											D. a few times a month	7	11	443	54	12
Yes						3	457	94	6	0	Which statement best describes how you learn science and technology?					
No	100	446	65	25	9	97	443	56	33	11	A. I mostly read a textbook and answer questions, and /or take notes and do assignments. I use science kits for demonstrations and experiments.	5	23	443	53	11
Identified disability											B. I work in groups to design and conduct experiments.	32	23	442	51	13
Yes	13	436	26	39	35	17	438	35	41	24	C. I do a combination of A and B.	63	54	445	62	9
No	87	447	71	23	5	83	445	62	31	8						
Limited English proficient students																
Current LEP in first 10 months																
Current LEP beyond first 10 months						2	434	22	45	33						
How much homework do you do on school nights?																
A. None						5	439	41	39	20						
B. Less than one hour	81	446	67	24	9	74	444	59	32	9						
C. One to two hours	17	446	69	24	7	18	444	59	32	10						
D. More than two hours						2	437	34	39	27						
Optional school/district question																
A.																
B.																
C.																
D.
