March 28, 2008

Susan Gendron, Commissioner  
Maine Department of Education  
State House Station#23  
Augusta, ME 04333

Dear Commissioner Gendron,

Regional School Unit 16 is submitting this letter to comply with the March 28, 2008 reporting requirement for the Regionalization Planning Committee.

As you know, Orono notified the Regionalization Planning Committee that it was no longer interested in working with the other communities in Regional School Unit 16. Old Town and the Union 90 communities have continued to meet bimonthly to work on the thirteen required components of the regionalization plan. The Regionalization Planning Committee has made no decisions since the December 1, 2007 report. The subcommittees have been making progress, but the plans that have been drafted are not ready to be voted on by the entire RPC.

Thank you for your attention.

Sincerely,

James Dill, Co-Chair

Scott Hayden, Co-Chair
