COMMISSIONER

May 6, 2008  
Subject: **Harpwell**  
Project No. AC-BH-A109 (000)X  
Pin No.011090.00  
**Amendment No. 3**

Dear Sir/Ms:

Make the following changes to the Bid Documents:

In the Bid Book: **REMOVE** the "SCHEDULE OF ITEMS" 6 pages dated 080331 and **REPLACE** with the attached new "SCHEDULE OF ITEMS" 6 pages dated 080506.

Make the following changes in pen and ink to SPECIAL PROVISION, SECTION 510, SPECIAL DETOURS:

On page 1 of 9, after the first paragraph of 510.01 Description: **ADD** the following:

"The temporary bridge shall be divided into two components: Substructure and Superstructure. These will be paid for under their respective item numbers. The superstructure shall be purchased new and become property of the Department after the project is complete. Approach work and/or any Temporary fills shall be included as part of the substructure component."

On page 1 of 9 under 510.02 Materials, after the first sentence **ADD** the following:

"The superstructure component shall be purchased from one of the following companies:

- 1.) Mabey Bridge and Shore Company  
6770 Dorsey Road  
Elkridge, Maryland 21075  
(410) 379-2800
  
- 2) Acrow Corporation of America  
181 New Road  
Parsippany, New Jersey 07054  
(973) 244-0080"

PRINTED ON RECYCLED PAPER

On page 8 of 9, at the end of Section 510.06 Special Detour Construction, **ADD** the following:

“Prior to construction and removal of the existing temporary superstructure, the Contractor shall submit a lifting/erection/disassembling plan to the Engineer for review. The contractor shall use care during lifting/erection/disassembly. The lifting/erection/disassembling plan shall be prepared by the company that the superstructure was purchased from.

A representative from MDOT Bridge Maintenance shall be present while the temporary superstructures are being moved. The Contractor shall notify Jeff Naum, MDOT Bridge Maintenance (624-3589) at least 48 hours prior to moving the superstructures.

The contractor shall be responsible for loading, transporting and unloading the superstructure components. The temporary superstructure bridge components will be disassembled, packaged and hauled to the Scarborough Maintenance Lot (Route 1–Dunstan) and/or Carmel Maintenance Lot (Fuller Road) by Contractor forces. (depending on the amount, the lengths of superstructure may be split between these two lot locations.). The contractor shall transport the bridge components and all hardware for the superstructure to the DOT maintenance lots using flatbed tractor trailers. All components shall be clean and free of defects and in good working order at lifting/erection/disassembly. All defects to components shall be repaired and /or components shall be replaced. All labor and materials associated with defects shall be incidental to the contract.”

On page 8 of 9, under 510.07 Contractor’s Responsibility: **DELETE** the last sentence and **REPLACE** with the following:

“In addition to normal maintenance, should any part, or all, of the Special Detour be damaged or destroyed by high water, or any other cause, prior to or after opening the Project to traffic, it shall be immediately repaired or replaced by the Contractor. Compensation for this work will be based on a time and material basis in accordance with the Standard Specifications.”

**DELETE** the existing Pay items (page 9 of 9) and **REPLACE** with the following Pay Items:

“Payments will be made under:

<u>Pay Items</u>	<u>Pay Unit</u>
510.10 Special Detour, 20 foot Roadway Width Vehicular and Pedestrian Traffic Not Separated-Superstructure Retained by Department	Lump Sum
510.10 Special Detour, 20 foot Roadway Width Vehicular and Pedestrian Traffic Not Separated-Substructure”	Lump Sum

The following questions have been received:

**Question:** I find only one Utility Vault with Cover (Lump Sum Item 845.20), located at 14+54. Is that the only one on the job?

**Response:** There is only one utility vault.

**Question:** Item 503.32, Stainless Steel Rebar, is listed as paid by the pound (lb) in the Special Provisions and listed as a lump sum item in the bid tabs. Please clarify?

**Response:** Please see Amendment #2. Item 503.32 is Lump Sum.

**Question:** Will the removal of stones for replacement stones be paid for under items 629.07, 629.08, and 631.36?

**Response:** This will be paid for under item 629.08 and 631.36.

**Question:** Will the trucking of the existing broken stones removed and not reused be paid for under items 629.07, 629.08, and 631.36?

**Response:** This will be paid for under item 629.08 and 631.36.

**Question:** Reference 525 Granite Replacement Stones, F&D, page 3 "Replacement stretchers along the bridge fascia shall be cut to length after delivery to the project site". Will this be paid for under the 525 item or under the 629 & 631 items?

**Response:** This will be paid for under items 629.07 and 631.36.

Consider these changes and information prior to submitting your bid on **May 14, 2008**.

Sincerely,

Scott Bickford  
Contracts & Specifications Engineer
