Dear Sir/Ms:

The following question has been received:

Question: Special Provision, Section 403, Hot Mix Asphalt Overlay, states that the 4 ½" HMA Ramp Reconstruction areas are to be done under Method B Testing. Given the small quantity (150 ton), could this be changed to Method D Testing?

Response: No, Method D testing is not allowed on the National Highway System

Consider this information prior to submitting your bid on **May 7, 2008**.

Sincerely,

Scott Bickford
