April 4, 2008  
Subject: **Dynamic Message Signs**  
Project No. ITS-1244(802) X  
Pin No. 012448.02  
**Amendment No. 2**

Dear Sir/Ms:

The following questions have been received:

**Question:** Will MaineDOT consider an alternative to the painted front face? We usually provide Scotchcal 3M adhesive film. We have used this 3M product for more than 15 years with success.

**Response:** Yes, the Scotchcal 3M adhesive film for the front face is an acceptable alternative.

**Question:** Will MaineDOT consider colors other than white for the DMS housing?

**Response:** The housing shall be painted white as specified.

**Question:** What is the cut off time for questions?

**Response:** Per the bidding and contract procedures, all questions must be received prior to 12:00 pm (noon) on Monday, April 7, 2008 to be considered and answered.

**Question:** The contract states that it is for the procurement of the DMS signs only. Is the sign support structure considered part of the sign?

**Response:** The contract is for the sign procurement and delivery only. Support structures are not part of this contract

Please consider this information prior to submitting your bid on **April 9, 2008**.

Sincerely,

Scott Bickford  
Contracts & Specifications Engineer
