Subject: **Benton**  
Federal Project No: STP-1285(200)X  
State Project No. 012852.00  
**Amendment No. 4**

Dear Sir/Ms:

The following questions have been received:

**Question:** Does the Department intend on milling back into the roadways of Benton Ave and the River Road?

**Response:** Yes, see Construction Note, Item 202.202.

**Question:** Is it the Departments intent while placing the Full Depth Recycling with Cement operation to have a slope break where the mainline and shoulder have different slopes or is the Full Depth Recycling with Cement meant to be placed in at a 4" depth consistently across the designate area?

**Response:** Full Depth Recycling with Cement will be graded at 1/2" per foot. Break at 12' will be established with HMA binder course.

Consider this information prior to submitting your bid on **November 18, 2009.**

Sincerely,

Scott Bickford  
Contracts & Specifications Engineer
