Amendment No. 2

Dear Sir/Ms:

Make the following change to the Bid Document:

In the Bid Book (page 11), **REMOVE** the "SCHEDULE OF ITEMS", 1 page dated 100503 and **REPLACE** with the attached new "SCHEDULE OF ITEMS", 1 page dated 100524.

The following questions have been received:

Question: It appears that the tack quantity is grossly overstated. Based on the tons of base @ 2", the square yards to be covered is +/- 3636 square yards. @ .025 galloons per square yard, the quantity of tack should be +/- 90 gallons not 690 gallons. Please advise.

Response: Please see the attached new Schedule Of Items.

Question: Who is responsible for fine grading?

Response: The MDOT will be responsible for fine grade

Question: Will surface course be placed immediately after binder course or will a separate mobilization be required?

Response: surface coarse will be placed immediately after binder.

Question: 202.202 – Must grinding/milling be employed for removal of pavement or would in place reclamation be acceptable as an alternative means?

Response: Must be milled and removed

Question: Who is responsible for fine grading prior to paving, MDOT or Contractor?

Response: The MDOT will be responsible for fine grade

PRINTED ON RECYCLED PAPER

Consider this change and information prior to submitting your bid on May 26, 2010.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Bickford", with a stylized flourish at the end.
