

SuperPave

This Workshop is designed to educate local officials about Maine's newest hot mix asphalt.

- What Superpave is
- This new method of hot mix design
- How to budget for it/will it cost more?
- What to expect in 1998 and beyond
- What happened to the trusty "C" mix
- How it will benefit your town roads
- What is 12.5 mm Superpave mix?
- How to rewrite your paving specifications and ,What will happen if you totally ignore this new method
