

TARGET AUDIENCE

This workshop is intended for municipal personnel who are presently welding or are expected to weld in the future. This is an excellent opportunity to get some Basic Safety Training with some Hands-on experience as well.

ENROLLMENT

We have limited the class size each day to optimize the one-on-one experience. These restrictions are necessary because of the nature of the Class Work and because we want to serve as many municipal people as we can. Cost is \$100 per person.

INSTRUCTORS

The instructors perform specialized training for MaineDOT employees and have a strong knowledge in welding and fabrication.

WELDING 101 Welding Safety and Hands On Training

This class is based on MaineDOT's basic
welding program offered through the
Community Colleges.

The Curriculum is as follows:

- Safety Training
- Technique and Discussion
- Instructor Demonstration
 - Hands on Safety
 - Technique
- Perfecting Technique SMAW (stick)
SMAW (Shielded Metal Arc Welding)
 - Tack Welding
 - Filet Welding (simple positions)
- Clean up and closure

- 7:30 Registration
- 8:00 Class Morning
- 12:00 Lunch
- 12:30 Class Afternoon
- 4:30 Adjourn

A significant amount of welding safety will
be covered in this class with an additional amount
of hands-on training. Classes are specifically limited
in size so each student can have their own booth for
hands-on practice!!!!

PLEASE NOTE!!!!!!

The plan is to hold a WELDING 102 class
possibly in the Fall. If so, WELDING 101
will be a **PRE-REQUISITE** for the
WELDING 102 class.
