SITE LOCATIONS

Do you wish to be a “Host” town?

All you need to do is get 12 - 14 people to participate. They can come from your town or if you need more numbers, get your neighboring town(s) to participate as well. The classroom will only hold 14 attendees.

WHO SHOULD ATTEND??

This workshop is intended for Maine public works crews, particularly those involved driving dump trucks. The emphasis will be on safety, maintenance vehicles and loader. All public works employees are encouraged to attend.

This workshop is considered an “Optional” classification in the “Roads Scholar” Program.

FEEES FOR THIS WORKSHOP

FREE FREE FREE

Lunch is on your own

WHAT WILL BE COVERED

Randy DeVault of the Maine Motor Transport Association (MMTA) offers Coaching the Maintenance Vehicle Operator. This is a 5 hour Defensive Driving Course for experienced operators like yourself who understand the basics of handling a dump truck, loader or other maintenance vehicle.

This is an ongoing workshop and can be scheduled directly through **Randy DeVault** or the **Maine Local Roads Center**. All you need is a municipality willing to host the workshop and a minimum of 14 people from your town or neighboring towns to participate and you’ve got yourself a workshop.

The small class size makes this an excellent hands-on experience for everyone!!!

ASK YOURSELF THESE QUESTIONS!!!

As a slow moving vehicle what safety steps should I consider?

A passenger car traveling at 55 miles per hour covers how many feet in one second?

As I approach a work site, what safety procedures should I follow?

When leaving a work-site what safety procedures should I follow?

These and many other questions will be answered when you attend *Coaching The Maintenance Vehicle Operator Defensive Driving Class.*

Have the MMTA Mobile Safety Unit come to your town. The mobile classroom will hold 14 people and also a *Driving Simulator*
