We want you to know about the Maine Mall Area Roadwork projects – and how you can stay informed

Maine Mall Road Reconstruction Progresses—Motorists Urged to Seek Alternate

Routes. The reconstruction of Maine Mall Road between Philbrook Ave. and Gorham Rd. has now shifted to the northbound lanes, requiring the temporary closure of the mall entrance from those lanes. Motorists are encouraged to avoid traveling through the work zone unless they are going to the Wyndham Portland Airport Hotel. The Maine Mall can be accessed via several entrances on Philbrook Ave. or Gorham Rd. Work also continues on I-295 improvements. Lanes are being added to each side of I-295 between Exits 3 & 4 to improve safety for exiting and entering traffic. These projects will continue into October.
