MaineDOT pre-qualifies only rolled erosion control products that have completed testing by the National Transportation Product Evaluation Program (NTPEP). Information on submitting products to the NTPEP program is available at the following website:

<http://www.ntpep.org/Pages/ECP.aspx>

AASHTO/NTPEP has a Erosion Control Products User Guide on their website:

http://www.ntpep.org/Documents/Technical_Committee/ECP/Documents/ECP-User-Guide_Feb-2015.pdf

Further detailed information on RECPs, including installation, can be found at the Erosion Control Technology Council (ECTC) website:

<http://www.ectc.org/>

Maine Department of Transportation
Qualified Products List of
Erosion Control Products (ECP)
Temporary & Permanent
[Section 613, 618, & 717](#)

Manufacturers wishing to have their products included in this list for use in Maine should review the latest revision of the Maine Department of Transportation's Standard Specifications (Revision of 2014) prior to submittal:

Engineering design of TRMs and other RECPs should follow either the manufacturer's design guide or the U.S. Department of Transportation, Federal Highway Administration publication "HEC-15, Design of Roadside Channels with Flexible Linings, Third Edition". (Online: <http://www.fhwa.dot.gov/engineering/hydraulics/pubs/05114/>)

PLEASE NOTE: Products often times may have multiple uses. Products appearing on this particular list are expressly pre-qualified for this category of usage only. Do not use these products for any other application unless this product is noted on other lists.

Sales Representatives seeking approval of a new product should submit their product's Materials Technical Data Sheet, Instructions for Installation, Material Safety Data Sheet, and a completed copy of the [MaineDOT New Product Evaluation Form \(PDF\)](#).

Re-certification of these products by the manufacturer is required five years from the date of acceptance, and every five years thereafter in order to remain on the QPL.

If you are experiencing difficulties reading or printing this page, or any page on the Qualified Products List website, please contact the Product Evaluation Coordinator at 207-624-3268.
