

Apple MLTI MacBook Air Resource Connection

This is the third of a series designed to keep Apple MLTI educators informed of possibilities for enriching their use of Apple MLTI tools in their classrooms.

Digital Citizenship from Common Sense Media

[Common Sense Media Digital Citizenship Workbooks](#) - Everyone cares about digital citizenship. This collection of multitouch Student Workbooks and Teacher Editions of Common Sense Media's Digital Citizenship curriculum is free — ignore the word “buy” on the web page — just follow the link into iTunes. You'll find content targeted by grade levels — K-2, 3-5, 6-8, and 9-12

Make iMovie & Video Part of your Classroom Toolbox

Using this multitouch book, [“The Shooting Gallery: Film Foundations for the Classroom,”](#) features full instructions for a “learn by doing” project. Author/Apple Distinguished Educator Jon Corippo says, “The Shooting Gallery project, originally geared towards a film class, also lends itself to core classes. In this One Best Thing teachers and students make their media-based projects look better in just one class of shooting... and one period of editing on iMovie...”

Free Teacher-Created Books

[This collection of free books created by educators](#) is found in the iBook Store. You'll find books ranging from “4th Grade Science” to “A Glimpse into the Flipped Math Classroom.” Books are organized by subject area, and there is also a section dedicated to student-created books. Take a look for resources you can use, and then consider creating and publishing your own multitouch book with iBooks Author!
