

## Celebrate a child's birthday!

**Donate a toddler/preschool program to your local library.**  
Share the fun and value of a program with their friends and their community.

Developing literacy skills early makes it easier for children to learn to read later. Reading is an essential skill for success in school. Help your grandchildren and their peers off to a good start with an early literacy program of storytelling, singing, puppets and more.

Talk with your local librarian about funding a children's program that supports early literacy.

**Give a lasting gift  
of a literacy program**

**Visit your local library for children programs which support early literacy.**
