

Interagency Review Panel

AGENDA

Monday, November 1st, 2010

- 1) Introduction of Panel Members
- 2) Review of LD 1786 enabling legislation "An Act Regarding Energy Infrastructure"
- 3) Discuss Part A, Subsection 122, C: "The panel shall establish and implement a regular process for soliciting, accepting and evaluating energy infrastructure proposals for use of a statutory corridor. As part of this process, the panel shall provide public notice of availability of the statutory corridor for energy infrastructure development, a description of the type of development anticipated in the statutory corridor and the opportunity for potential developers to submit proposals for use of the statutory corridor."
- 4) Next Steps: regularly scheduled meetings, potential education presentation at next meeting, potential meeting date
