Locate the "audit" letter that was used for the last renewal cycle so it can be reviewed and revised for this renewal cycle. Generate report to choose 60 people to be audited. 10% should be Audiologist. Look into having maintenance done to the ARM licensing system that will not allow renewal of a license until the CPE requirements have been met. The current application packet for temporary and permanent licensure will be reviewed at the next meeting. Copies of the packet will be distributed to all members well in advance of the meeting.
