CALL TO ORDER: 9:00 a.m.

Minutes of March 31, 2014 were approved as written.

Presentation and Discussion of the Sanford High School Construction Project

- Jim Stopa, Director of Sanford Regional Tech Center and Roland Legere, Counselor for Partner Schools, presented information regarding the integration of academic and Career & Technical Education spaces. Their presentation emphasized integrating curriculum and not the physical learning spaces as proposed. The presentation included:
 - Biographical Information of Jim Stopa and Roland Legere
 - Historical Background
 - Definition of Integration
 - Description of Career Pathways Concept
 - Comments related to the Educational Specifications
 - Current Design of the Project
 - Final Remarks
- David Theoharides, Superintendent of Sanford School District presented information in favor of the Ed Specs for the project as they are written now, to integrate academic and Career & Technical Education spaces. David explained the benefits of this design and how it will positively impact learning for all students that attend the proposed school in the future.
- Sanford city members and Sanford school representatives also spoke in favor of the proposed fully integrated educational program including: Maura A. Herlihy, Representative Masticcio, Janice Goldsberry, Jed Petsinger, and Kendra Williams.

Each presenter distributed handout information and copies are on file at the Department.

There being no further business, the Committee adjourned at 10:55 a.m.
