Maine National History Day

An opportunity to meet MLR standards in many disciplines, History Day is part of a nationwide program that offers middle and high school students a chance to compete at the state level by producing a historical paper, exhibit, documentary, website or performance. There are individual and group divisions in all but the paper category.

The state contest will be held at the University of Maine at Augusta on March 28, 2012. First and second place state winners in all categories at both the junior and senior level qualify to attend National History Day at the University of Maryland in June. Student Presentations at the Maine State Archives

The teachers and classes who visit the Maine State Archives as part of their prize for winning a student contest often remark at how much they enjoyed the experience and how surprised they are to learn about resources available at the Archives. We will offer scheduled presentations to any grades 4-12 class wishing to visit.

A presentation begins with a discussion of the necessity of a state archive and the different types of records in our holdings. The archivists will display and explain examples of our Native American holdings, those pertaining to the Maine Constitution, or the Civil War and tailor it to your region of the state. If you have a particular topic that you are interested in exploring with your class at the Archives outside of the 3 listed above, you may inquire about the possibility of a presentation.

Please contact Nicole Ladner at sos.office@maine.gov if you are interested in such a program.
