

Stream-Smart Road Crossing Workshops

Maintain fish and wildlife habitat while protecting roads and public safety. Prepare for the large and frequent storm events that have been washing out roads around the state and the northeast.

Thursday, Jan. 26—Maine Audubon, Falmouth

Thursday, Feb. 16—Augusta Armory, Augusta

Tuesday, Feb. 28—Brewer Armory, Brewer

Friday, March 23—Caribou Armory, Caribou

Registration/check-in: 8 am, Workshops: 8:30 am—12:30 pm
\$30.00 registration fee includes morning refreshments

These workshops will cover road-stream crossing projects from site assessment to permitting and installation. The emphasis will be on maintaining and restoring the habitat and economic values of the stream. Workshop presenters will include professionals from the Maine Department of Inland Fisheries and Wildlife, the Maine Forest Service, ProjectShare, U.S. Fish and Wildlife Service, USDA Natural Resources Conservation Service, the Maine Coastal Program, NOAA and the Army Corp of Engineers. Participants in this workshop will receive recertification credit for the Maine Department of Environmental Protection's Voluntary Contractor Certification Program. This workshop should be helpful to all professionals who are responsible for road-stream crossings including, contractors, road commissioners, public works departments, conservation commissions, engineers, planners, land trusts, watershed groups and private landowners.

Online Registration at lynx.maineaudubon.org/stream-smart Workshops are offered in four different locations in Maine—content is the same for all workshops.

For more information contact Becca Wilson at bwilson@maineaudubon.org or 207-781-2330 x222.
