To Whom It May Concern:

We represent Resource Anesthesiology Associates of NM Inc as outside counsel with respect to a data security incident involving protected health information as described below. Resource Anesthesiology Associates of NM Inc takes the security of the information in its control seriously and looks forward to answering any questions you may have regarding this incident.

1. Nature of security incident.

On July 11, 2022, the Management Services Organization (“MSO”) for Resource Anesthesiology Associates of NM Inc identified suspicious activity that impacted its ability to access some of its systems. The MSO immediately implemented its incident response protocols, disconnected all systems, and engaged external cybersecurity experts to conduct a forensic investigation. The investigation found that some information stored on the MSO’s systems may have been compromised. These documents were then reviewed to identify any protected health information that may have been affected. The initial report identifying those individuals whose protected health information was contained in the documents was provided on September 22, 2022, and the analysis and review of the report recently completed.

2. Number of residents affected.

Resource Anesthesiology Associates of NM Inc previously provided notice of this incident to impacted individuals by taking out a newspaper advertisement in the applicable jurisdiction, and has also notified its federal regulator, the Department of Health and Human Services Office of Civil Rights. Resource Anesthesiology Associates of NM Inc recently obtained addresses for impacted individuals and is sending letters to three (3) residents via regular mail on November 14, 2022. Impacted information may include name, and some combination of the following data elements: Social Security number, date of birth, driver’s license number, financial account information, health insurance policy number, Medical Record Number, Medicaid or Medicare ID, and health information such as treatment and diagnosis information.

3. Steps taken in response to the incident.

Since this incident the MSO has, among other actions, conducted a global password reset, tightened firewall restrictions, and implemented endpoint threat detection and response monitoring software on workstations and servers. Additionally, impacted individuals were offered 12 months of credit monitoring and identity protection services through IDX.

4. Contact information.

Resource Anesthesiology Associates of NM Inc takes the security of the information in its control seriously and is committed to ensuring information within its control is protected. If you have any questions or need additional information, please do not hesitate to contact me at mventrone@clarkhill.com or (312) 651-4616.

Sincerely,

CLARK HILL

Notice of Data <<Variable Text 2>>

Dear <<First Name>> <<Last Name>>,

On September 22, 2022, <<Variable Text 1>> learned from its management company of suspicious activity that impacted the management company's ability access to some of its systems. The management company provides administrative services to the <<Variable Text 1>> and may have your protected health information stored on its systems in the performance of these services.

What Happened?

On July 11, 2022, <<Variable Text 1>>'s management company identified suspicious activity on its systems. The management company immediately implemented its incident response protocols, disconnected all systems, and engaged external cybersecurity experts to conduct a forensic investigation. The investigation found that some information stored on the management company's systems may have been compromised. The management company then reviewed the potentially impacted information to identify any protected health information that may have been affected. This review was recently completed, at which point we determined that your protected health information have been affected.

What Information Was Involved?

Impacted information may include your name, Social Security number, and some combination of the following data elements: date of birth, driver's license number, financial account information, health insurance policy number, Medical Record Number, Medicaid or Medicare ID, and health information such as treatment and diagnosis info.

What Are We Doing?

The management company has assured us that they have taken steps to prevent a similar incident in the future, including conducting a global password reset, tightening firewall restrictions, and implementing endpoint threat detection and response monitoring software on workstations and servers.

In addition, we are offering identity theft protection services through IDX, the data breach and recovery services expert. IDX identity protection services include: <<12 / 24>> months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed id theft recovery services. With this protection, IDX will help you resolve issues if your identity is compromised.

What You Can Do:

We encourage you to contact IDX with any questions and to enroll in free identity protection services by calling 1-833-764-2864 or going to <https://app.idx.us/account-creation/protect> and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 9 am - 9 pm Eastern Time. Please note the deadline to enroll is February 14, 2023.

You will find detailed instructions for enrollment on the enclosed Recommended Steps document. Also, you will need to reference the enrollment code at the top of this letter when calling or enrolling online, so please do not discard this letter.

Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of this service offering. IDX representatives have been fully versed on the incident and can answer questions or concerns you may have regarding protection of your personal information. We also encourage you to vigilantly monitor your financial statements and credit report and immediately report any suspicious activity.

For More Information:

If you have any questions or concerns, please call 1-833-764-2864 Monday through Friday from 9 am - 9 pm Eastern Time. The trust of our patients is important to us, and we deeply regret any inconvenience or concern that this incident may cause.

Sincerely,

Recommended Steps to Help Protect Your Information

1. Website and Enrollment. Go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

3. Telephone. Contact IDX at 1-833-764-2864 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

4. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well.

You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you

will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.

California Residents: Visit the California Office of Privacy Protection (www.oag.ca.gov/privacy) for additional information on protection against identity theft.

Kentucky Residents: Office of the Attorney General of Kentucky, 700 Capitol Avenue, Suite 118 Frankfort, Kentucky 40601, www.ag.ky.gov, Telephone: 1-502-696-5300.
