Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>:

Notice of Data Breach

Ravkoo is a digital SaaS platform for prescription fulfillment providing prescription delivery to patients' doorsteps. We recently discovered that a data security incident on Ravkoo's AWS portal may have resulted in the unintentional exposure of your personal information. This letter contains additional information about the incident, our response to this incident, and steps you can take to protect yourself. Please be assured that Ravkoo takes the protection and proper use of personal information very seriously, and we sincerely apologize for any inconvenience this may cause.

What Happened

Ravkoo utilizes AWS cloud services for online hosting of its prescription portal. On September 27, 2021, Ravkoo detected that this portal was the target of a cybersecurity attack. An unauthorized third party attempted to infiltrate the portal. On October 27, 2021, Ravkoo's responsive forensic investigation revealed that certain prescription and health information could have been compromised. **Notably, we have found no evidence that your Social Security Number was accessed or compromised as Ravkoo does not maintain this information within the impacted portal.**

Although we have found no evidence that your information has been specifically accessed for misuse, it is possible that your full name, mail address, phone number, and prescription/limited medical information could have been exposed.

At this time, Ravkoo does not have any evidence to indicate that any of your personal information has been or will be misused as a result of this incident. Nevertheless, Ravkoo decided to notify you of this incident out of an abundance of caution.

What We Are Doing

In light of this incident, Ravkoo is actively assessing ways we can further improve our cybersecurity posture. As a safeguard, we have arranged for you to receive a complementary, online identity monitoring service for one year provided by Kroll Information Assurance, LLC ("Kroll"). With this service, Kroll will help you resolve issues if your identity is compromised.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge.

To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348
1-800-349-9960

<https://www.equifax.com/personal/credit-report-services/credit-freeze/>

Experian Security Freeze

P.O. Box 9554
Allen, TX 75013
1-888-397-3742

www.experian.com/freeze/center.html

TransUnion Security Freeze

P.O. Box 160
Woodlyn, PA 19094
1-800-909-8872

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with:

- Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf);
- TransUnion (<https://www.transunion.com/fraud-alerts>); or
- Experian (<https://www.experian.com/fraud/center.html>).

A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

File Police Report: You have the right to file or obtain a police report if you experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim. A police report is often required to dispute fraudulent items. You can generally report suspected incidents of identity theft to local law enforcement or to the Attorney General.

FTC and Attorneys General: You can further educate yourself regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself, by contacting the consumer reporting agencies, the Federal Trade Commission, or your state Attorney General.

The Federal Trade Commission can be reached at: 600 Pennsylvania Avenue NW, Washington, DC 20580, www.identitytheft.gov, 1-877-ID-THEFT (1-877-438-4338), TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above. You have the right to file a police report if you ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, you will likely need to provide some proof that you have been a victim. Instances of known or suspected identity theft should also be reported to law enforcement. This notice has not been delayed by law enforcement.

For Maryland residents, the Attorney General can be contacted at 200 St. Paul Place, 16th Floor, Baltimore, MD 21202, 1-888-743- 0023, and www.oag.state.md.us.

Further, pursuant to the Fair Credit Reporting Act, the consumer reporting agencies must correct or delete inaccurate, incomplete, or unverifiable information; consumer reporting agencies may not report outdated negative information; access to your file is limited; you must give your consent for credit reports to be provided to employers; you may limit “prescreened” offers of credit and insurance you get based on information in your credit report; and you may seek damages from violators. You may have additional rights under the Fair Credit Reporting Act not summarized here.
