

# **EXHIBIT 1**

The investigation into this matter is ongoing, and this notice will be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, Trinity Health does not waive any rights or defenses regarding the applicability of Maine law, the applicability of the Maine data event notification statute, or personal jurisdiction.

### **Nature of the Data Event**

On January 29, 2021, Accellion informed Trinity Health of a security issue with its secure file transfer platform, used for sending secure email. Upon receiving this notice, Trinity Health immediately took the appliance offline and launched an investigation into the issue and its impact on both Trinity Health and their patients and colleagues. On February 4, 2021 Trinity Health learned that there were files within the Accellion appliance that could have been impacted by the security issue. Trinity Health's investigation determined that certain files present on the appliance on January 20 were downloaded by an unknown user. The unauthorized user was able to take advantage of a previously unknown and unreported flaw in the security of the Accellion appliance. The information that could have been subject to unauthorized access includes a combination of the following types of information: name, address, and Social Security number.

### **Notice to Maine Residents**

On or about April 5, 2021, Trinity Health began providing written notice of this incident to affected individuals, which includes three (3) Maine residents whose personal information may have been accessible within the impacted documents. Written notice is being provided in substantially the same form as the letter attached here as *Exhibit A*.

### **Other Steps Taken and To Be Taken**

Upon discovering the event, Trinity Health moved quickly to investigate and respond to the incident, assess the security of Trinity Health systems, and notify potentially affected individuals. Trinity Health is providing access to credit monitoring services for one (1) year through Kroll to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, Trinity Health is providing impacted individuals with guidance on how to better protect against identity theft and fraud, including advising individuals to report any suspected incidents of identity theft or fraud to their credit card company and/or bank. Trinity Health is providing individuals with information on how to place a fraud alert and security freeze on one's credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud.

Re: Patient: <<first\_name>> <<middle\_name>> <<last\_name>> <<suffix>>,

You are receiving this letter because the patient listed above receives service from a hospital or health care provider that is a current or former member of Trinity Health\*. The purpose of this letter is to notify you of an incident that may impact the privacy of certain confidential information related to the patient. Trinity Health was recently notified by Accellion, a third-party vendor, of a security incident. The Accellion File Transfer Appliance is used by Trinity Health and many other companies for large file transfer service. Trinity Health provides information technology services for its current and some former member hospitals and health care providers, including file transfer and email services (\* please see included information about Trinity Health and the affected locations).

This letter provides you with information about the event, our response, and steps you may take to better protect against the possibility of identity theft and fraud, should you feel it is necessary to do so. While we are unaware of misuse of information, we encourage you to remain vigilant against incidents of identity theft and fraud. We have established a call center to answer your questions: **(855) 935-6070**.

**What Happened?** On January 29, 2021, Accellion informed Trinity Health of a security issue with its secure file transfer platform, used for sending secure email. Upon receiving this notice, Trinity Health immediately took the appliance offline and launched an investigation into the issue and its impact on both Trinity Health and our patients and colleagues. This investigation determined that certain files present on the appliance on January 20 were downloaded by an unknown user. The unauthorized user was able to take advantage of a previously unknown and unreported flaw in the security of the Accellion appliance.

**What Information is Involved?** Although the investigation is ongoing, on February 4, 2021, we determined file(s) were present on the appliance at the time of this event. The files contained certain protected health information, including some combination of the following, **patient's name, address, email, date of birth, healthcare provider, dates and types of health care services, medical record number, immunization type, lab results, medications, payment, payer name, and claims information.** <<b2b\_text\_1 (variable text sentence- SSN#, credit card information)>>

**What We Are Doing.** We take these matters extremely seriously. When we were alerted of the security issue, we immediately took steps to terminate access and use of the appliance and worked with Accellion to investigate the event. We also confirmed the security of our network. Additionally, while we go to great lengths to protect patient and colleague information entrusted to us, as part of our ongoing commitment to the security of information in our care, we are further evaluating our data security policies and procedures.

**What You Can Do.** We are providing notice of this event to you, so that you may take further steps to protect the patient's protected health information should you feel it is appropriate to do so. We encourage you to review the information in the attached "*Steps You Can Take to Protect Information.*"

Trinity Health is also offering the patient complimentary access to credit monitoring services as appropriate to the information impacted. Information on these services and enrollment directions are in the attached information.

**For More Information.** I want to assure you that we take the responsibility to safeguard protected health information very seriously. We apologize for any inconvenience or concern this situation may have caused you. If you have any additional questions or concerns, please do not hesitate to call (855) 935-6070 from 8:00 a.m. - 5:30 p.m. Central Time, Monday - Friday, or email [THresponse@kroll.com](mailto:THresponse@kroll.com)

## Steps You Can Take to Protect Information

### Credit Monitoring Services:

To help relieve concerns and restore confidence following this incident, we have secured the services of Kroll to provide identity monitoring at no cost to you for one year. Kroll is a global leader in risk mitigation and response, and their team has extensive experience helping people who have sustained an unintentional exposure of confidential data. Your identity monitoring services include Credit Monitoring, Fraud Consultation, and Identity Theft Restoration.

Visit <https://enroll.idheadquarters.com> to activate and take advantage of your identity monitoring services.

You have until **July 4, 2021** to activate your identity monitoring services.

Membership Number: <<Member ID>>

Additional information describing your services is included with this letter.

If you are under 18 and wish to activate identity monitoring services, please email us at [THresponse@kroll.com](mailto:THresponse@kroll.com) so that we can adjust the services offered as credit monitoring is not available to individuals under 18 years old.

### Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:

<b>Equifax</b>	<b>Experian</b>	<b>TransUnion</b>
<a href="https://www.equifax.com/personal/credit-report-services/">https://www.equifax.com/personal/credit-report-services/</a>	<a href="https://www.experian.com/help/">https://www.experian.com/help/</a>	<a href="https://www.transunion.com/credit-help">https://www.transunion.com/credit-help</a>

Equifax Fraud Alert, P.O. Box 105069 Atlanta, GA 30348-5069	Experian Fraud Alert, P.O. Box 9554, Allen, TX 75013	TransUnion Fraud Alert, P.O. Box 2000, Chester, PA 19016
Equifax Credit Freeze, P.O. Box 105788 Atlanta, GA 30348-5788	Experian Credit Freeze, P.O. Box 9554, Allen, TX 75013	TransUnion Credit Freeze, P.O. Box 160, Woodlyn, PA 19094

**Additional Information**

You may further educate yourself regarding identity theft, fraud alerts, credit freezes, and the steps you can take to protect your personal information by contacting the consumer reporting bureaus, the Federal Trade Commission, or your state Attorney General. The Federal Trade Commission may be reached at: 600 Pennsylvania Avenue NW, Washington, DC 20580; [www.identitytheft.gov](http://www.identitytheft.gov); 1-877-ID-THEFT (1-877-438-4338); and TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above. You have the right to file a police report if you ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, you will likely need to provide some proof that you have been a victim. Instances of known or suspected identity theft should also be reported to law enforcement and your state Attorney General. This notice has not been delayed by law enforcement.

*For North Carolina residents*, the North Carolina Attorney General may be contacted at: 9001 Mail Service Center, Raleigh, NC 27699-9001; 1-877-566-7226 or 1-919-716-6000; and [www.ncdoj.gov](http://www.ncdoj.gov).

*For New York residents*, the New York Attorney General may be contacted at: Office of the Attorney General, The Capitol, Albany, NY 12224-0341; 1-800-771-7755; or <https://ag.ny.gov/>.

## **TAKE ADVANTAGE OF YOUR IDENTITY MONITORING SERVICES**

You have been provided with access to the following services from Kroll:

### **Single Bureau Credit Monitoring**

You will receive alerts when there are changes to your credit data—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you'll have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft.

### **Fraud Consultation**

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

### **Identity Theft Restoration**

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge.

To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

## About Trinity Health

Trinity Health, based in Livonia, Mich., is one of the largest multi-institutional Catholic health care systems in the nation, serving diverse communities that include more than 30 million people across 22 states. Trinity Health includes 92 hospitals, as well as 113 continuing care locations that include PACE programs, senior living facilities, and home care and hospice services. Its continuing care programs provide nearly 2.5 million visits annually. For more information, visit [www.trinity-health.org](http://www.trinity-health.org) and [Location Results \(trinity-health.org\)](http://www.trinity-health.org). Trinity Health provides information technology services for the health care system and some former members of the health system, including email hosting and file transfer services. Trinity Health functions as a business associate (as defined by HIPAA) to its member hospitals and affiliated medical groups.
