To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. You have until <<Enrollment Deadline>> to activate Child Identity Monitoring for your child.

Your Activation Code is: <<Activation Code>>

Equifax Child Identity Monitoring will scan the Equifax credit database for any instances of the minor's Social Security number and look for a copy of the minor's Equifax credit file.

- If no Social Security number match is found and no Equifax credit file exists, Equifax will create an Equifax credit file in the minor's name and immediately "lock" the Equifax credit file. This will prevent access to the minor's Equifax credit file in the future. If Equifax receives a request for your minor's Equifax credit report, you will receive an email alert.
- If there is a match and an Equifax credit file exists, Equifax will immediately "lock" the file and alert you to activity against the file, such as an attempt to open a new line of credit.
- The minor's Equifax credit file will be locked for <<CM Length>> months from date of activation. After that time, the minor's Equifax credit file will be deleted from our credit database if it contains no credit data.
