Dear [REDACTED]:

We are writing to advise you of a recent data security incident involving a company called Blackbaud, Inc. ("Blackbaud"). Greenfield Community College ("GCC") contracts with Blackbaud to store our alumni and donor information within Blackbaud's self-hosted environment.

Blackbaud recently notified us, as well as hundreds of other organizations that use its products, that it was impacted by a ransomware event. According to Blackbaud, in May 2020, an unauthorized third party attempted to deploy ransomware within Blackbaud's environment, and also exfiltrated some data out of Blackbaud's systems. Upon learning of the incident, we reviewed our internal records to identify who may have been affected. We also worked with Blackbaud to obtain additional information about the nature of the event to determine the risk to your personal information. We determined that some of your personal information, including your name, address, date of birth, and Social Security number, may have been affected by the incident.

Although we are not aware of any instances of fraud or identity theft, we are offering a complimentary one-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary one-year membership, please see the additional information provided in this letter.**

We value the trust you place in us and take our responsibility to safeguard your personal information seriously. We apologize for any inconvenience or concern this incident might cause. We are committed to taking steps to help prevent this from happening again, including reviewing our relationship with Blackbaud and the technical controls they have in place for securing our data. For further assistance, please call 1-888-995-9395 from 8am to 5pm ET, Monday – Friday.

Sincerely,

A handwritten signature in black ink that reads "Regina E. Curtis".

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
