Horizon Actuarial Services, LLC (“Horizon Actuarial”) is writing to notify your office on behalf of the entity listed in *Exhibit A* of an incident that may affect the security of some personal information of forty-one (41) Maine residents. The investigation into this matter is ongoing, and this notice will be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, Horizon Actuarial does not waive any rights or defenses regarding the applicability of Maine law, the applicability of the Maine data event notification statute, or personal jurisdiction.

Nature of the Data Event

Horizon Actuarial provides technical and actuarial consulting services for benefit plans in the United States. For business and compliance purposes, Horizon Actuarial received the information of individuals who are or were participants in or had contributions made on their behalf to the benefit plans and in some cases, other individuals that may have been beneficiaries.

On November 12, 2021, Horizon Actuarial received an email from a group claiming to have stolen copies of personal data from Horizon Actuarial’s computer system. Horizon Actuarial immediately initiated efforts to secure its computer system and with the assistance of third-party computer specialists, launched an investigation into the legitimacy of the claims in the email. Horizon Actuarial notified the FBI and negotiated with and paid the group in exchange for an agreement that they would delete and not distribute or otherwise misuse the stolen information.

Horizon Actuarial’s investigation revealed that two of its computer servers were accessed without authorization for a limited period on November 10 and 11, 2021. The group provided Horizon Actuarial with a list of information they claimed to have stolen. On January 9, 2022, Horizon Actuarial determined that information relating various benefit plans for which it provides technical and actuarial consulting services was located on the list of files provided by the group. On January 13, 2022, Horizon Actuarial began providing notice of this event to its clients and other entities whose information was located on the list and offered to provide notice on behalf of the clients.

The information that could have been subject to unauthorized access includes name, address, Social Security number, and date of birth of forty-one (41) Maine residents.

Notice to Maine Residents

Beginning on March 22, 2022, Horizon Actuarial provided written notice of this incident to affected individuals, which includes forty-one (41) Maine residents. Written notice is being provided in substantially the same form as the letter attached here as *Exhibit B*.

Other Steps Taken and To Be Taken

Upon discovering the event, Horizon Actuarial moved quickly to investigate and respond to the incident, assess the security of Horizon Actuarial systems, and notify potentially affected individuals. Horizon Actuarial is also evaluating and implementing additional safeguards and providing additional training for its employees. Horizon Actuarial is providing access to credit monitoring services and identity theft and fraud support services for 12 months, through Kroll, LLC, to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, Horizon Actuarial is providing impacted individuals with guidance on how to better protect against identity theft and fraud, including advising individuals to report any suspected incidents of identity theft or fraud to their credit card company and/or bank. Horizon Actuarial is providing individuals with

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>,

Horizon Actuarial Services, LLC (Horizon Actuarial) is writing to make you aware of a data privacy incident that may affect the privacy of some of your information. Horizon Actuarial provides technical and actuarial consulting services for benefit plans in the United States. You are receiving this letter because you or your family member are or were a participant in, or had contributions made on your behalf to, the following benefit plan(s): <<b2b_text_3 (Benefit Plan/Data Owner)>><<b2b_text_4 (Benefit Plan/Data Owner cont.)>> (collectively, the "Plan"). Information was provided to Horizon Actuarial for business and compliance reasons. This letter provides details of the incident, our response, and resources available to you to help protect your information, should you feel it is appropriate to do so. If you have any questions about this notice, please contact us at the number listed below under "For more information." Do not call your Plan administrator.

What Happened? On November 12, 2021, Horizon Actuarial received an email from a group claiming to have stolen copies of personal data from its computer servers. Horizon Actuarial immediately initiated efforts to secure its computer servers and with the assistance of third-party computer specialists, launched an investigation into the legitimacy of the claims in the email. Horizon Actuarial also provided notice to the FBI. During the course of the investigation, Horizon Actuarial negotiated with and paid the group in exchange for an agreement that they would delete and not distribute or otherwise misuse the stolen information.

The investigation revealed that two Horizon Actuarial computer servers were accessed without authorization for a limited period on November 10 and 11, 2021. The group provided a list of information they claimed to have stolen. On January 9, 2022, we determined potentially sensitive information was located in one of these files. We provided notice of the event to the Plan beginning on January 13, 2022, and subsequently provided a list of affected individuals. Horizon Actuarial began mailing letters to individuals associated with benefit plans that authorized them to do so.

The Plan's computers were not affected by the security incident. Any benefits that may be due have not been, and will not be, impacted by the security incident.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge.

To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

MONITOR YOUR ACCOUNTS

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>,

Horizon Actuarial Services, LLC (Horizon Actuarial) is writing to make you aware of a data privacy incident that may affect the privacy of some of your information. Horizon Actuarial provides technical and actuarial consulting services for benefit plans in the United States. You are receiving this letter because you or your family member are or were a participant in, or had contributions made on your behalf to, the following benefit plan(s): <<b2b_text_3 (Benefit Plan/Data Owner)>><<b2b_text_4 (Benefit Plan/Data Owner cont.)>> (collectively, the "Fund"). Information was provided to Horizon Actuarial for business and compliance reasons. This letter provides details of the incident, our response, and resources available to you to help protect your information, should you feel it is appropriate to do so. If you have any questions about this notice, please contact us at the number listed below under "For more information." Do not call your Fund administrator.

What Happened? On November 12, 2021, Horizon Actuarial received an email from a group claiming to have stolen copies of personal data from its computer servers. Horizon Actuarial immediately initiated efforts to secure its computer servers and with the assistance of third-party computer specialists, launched an investigation into the legitimacy of the claims in the email. Horizon Actuarial also provided notice to the FBI. During the course of the investigation, Horizon Actuarial negotiated with and paid the group in exchange for an agreement that they would delete and not distribute or otherwise misuse the stolen information.

The investigation revealed that two Horizon Actuarial computer servers were accessed without authorization for a limited period on November 10 and 11, 2021. The group provided a list of information they claimed to have stolen. On January 9, 2022, we determined potentially sensitive information was located in one of these files. We provided notice of the event to the Fund beginning on January 13, 2022, and subsequently provided a list of affected individuals. Horizon Actuarial began mailing letters to individuals associated with benefit plans that authorized them to do so.

The Fund's computers were not affected by the security incident. Any benefits that may be due have not been, and will not be, impacted by the security incident.

What Information Was Involved? Our investigation determined that the following types of information related to you may have been impacted: <<b2b_text_2 (Impacted Data)>>.

What We Are Doing. Horizon Actuarial takes this incident and the security of information in its care very seriously. Horizon Actuarial is reviewing its existing security policies and has implemented additional measures to further protect against similar incidents moving forward.

ACTIVATE YOUR IDENTITY MONITORING

You have been provided with access to the following services from Kroll:

Single Bureau Credit Monitoring

You will receive alerts when there are changes to your credit data—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you will have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft.

\$1 Million Identity Fraud Loss Reimbursement

Reimburses you for out-of-pocket expenses totaling up to \$1 million in covered legal costs and expenses for any one stolen identity event. All coverage is subject to the conditions and exclusions in the policy.

Fraud Consultation

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge.

To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

MONITOR YOUR ACCOUNTS

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:

This letter provides details of the incident, our response, and resources available to you to help protect your information, should you feel it is appropriate to do so. If you have any questions about this notice, please contact us at the number listed below under "For more information." Do not call your Fund administrator.

What Happened? On November 12, 2021, Horizon Actuarial received an email from a group claiming to have stolen copies of personal data from its computer servers. Horizon Actuarial immediately initiated efforts to secure its computer servers and with the assistance of third-party computer specialists, launched an investigation into the legitimacy of the claims in the email. Horizon Actuarial also provided notice to the FBI. During the course of the investigation, Horizon Actuarial negotiated with and paid the group in exchange for an agreement that they would delete and not distribute or otherwise misuse the stolen information.

The investigation revealed that two Horizon Actuarial computer servers were accessed without authorization for a limited period on November 10 and 11, 2021. The group provided a list of information they claimed to have stolen. On January 9, 2022, we determined potentially sensitive information was located in one of these files. We provided notice of the event to the Fund beginning on January 13, 2022, and subsequently provided a list of affected individuals. Horizon Actuarial began mailing letters to individuals associated with benefit plans that authorized them to do so.

The Fund's computers were not affected by the security incident. Any benefits that may be due have not been, and will not be, impacted by the security incident.

Steps You Can Take to Help Protect Your Information

ACTIVATE YOUR IDENTITY MONITORING

You have been provided with access to the following services from Kroll:

Single Bureau Credit Monitoring

You will receive alerts when there are changes to your credit data—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you will have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft.

\$1 Million Identity Fraud Loss Reimbursement

Reimburses you for out-of-pocket expenses totaling up to \$1 million in covered legal costs and expenses for any one stolen identity event. All coverage is subject to the conditions and exclusions in the policy.

Fraud Consultation

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge.

To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

MONITOR YOUR ACCOUNTS

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
