RE: NOTICE OF POTENTIAL DATA BREACH

Dear <<First>><<Middle>><<Last>><<Suffix>>:

The protection and privacy of your personal information is one of our highest priorities. Because of this, we are writing to make you aware of a recent data security incident that may have involved some of your information. **We have no reason to believe that your personal information has been misused for the purpose of committing fraud or identity theft.** Nonetheless, we are writing to advise you about the incident and to provide you with guidance on what you can do to protect yourself, should you feel it is appropriate to do so.

What Happened? We recently became aware that an email account of one of our financial professionals was temporarily accessed without authorization. Upon detection, we promptly contained the incident by securing the account to prevent further access. We also engaged a leading forensic firm to determine the scope of the incident and confirm the security of our systems. We have no reason to believe that the attacker was looking for personal information, and we do not know if any information was ever actually viewed or acquired by the attacker. Nevertheless, because the unauthorized individual had temporary access to the email account, we searched for any personal information in the account that could have been viewed. On November 29, 2021, we determined that the account contained some personal information and could have been viewed for a period of time in September 2021.

What Information Was Involved? The type of information in the account differs from individual to individual, but may have included your name, date of birth, Social Security number or tax identification number, driver's license number and/or financial account information.

What We Are Doing. In addition to the actions described above, we have also taken steps to reduce the risk of this type of incident occurring in the future, including enhancing our technical security measures. Also, out of an abundance of caution, we are offering a complimentary one-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary, one-year membership, please see the additional information attached to this letter.**

What You Can Do. We encourage you to take advantage of the complimentary credit monitoring included in this letter. You can also find more information on steps to protect yourself against possible identity theft or fraud in the enclosed *Additional Important Information* page.

For More Information. We understand that you may have questions that this letter does not answer. If you have questions, please call our office at (321) 735-4994 from 8:30 a.m. to 5:00 p.m. ET, Monday through Friday, or our broker dealer, J.W. Cole Financial, Inc., at (813) 935-6776 and ask for the Compliance Department.

Jim Herzog and Beth Courtney

Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: You may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies by visiting www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
