This notice supplements notice previously provided on September 18, 2020 and attached here as *Exhibit A*. By providing this notice, N-YHS does not waive any rights or defenses regarding the applicability of Maine law, the applicability of the Maine data event notification statute, or personal jurisdiction.

Nature of the Data Event

In July, Blackbaud reported that it experienced a ransomware incident in May 2020 that resulted in encryption of certain Blackbaud systems. Blackbaud reported the incident to law enforcement and worked with forensic investigators to determine the nature and scope of the incident. Following its investigation, Blackbaud notified its customers that an unknown actor may have accessed or acquired certain Blackbaud customer data. Blackbaud reported that certain data was acquired by the threat actor at some point before Blackbaud locked the threat actor out of the system on May 20, 2020.

Blackbaud initially reported that credit card information, financial account information, and Social Security numbers were not affected by the ransomware event; however, on September 29, 2020, Blackbaud notified N-YHS that its previous statement was incorrect and some such data was potentially affected by the incident. N-YHS immediately took steps and worked with Blackbaud to obtain additional information surrounding this data. On October 27, 2020, Blackbaud provided N-YHS with information that allowed the N-YHS team to determine what specific data was potentially affected. N-YHS then worked diligently to identify those individuals and their appropriate contact information in order to provide notice of this incident. The information that could have been subject to unauthorized access includes name, address, and Social Security number.

Notice to Maine Residents

Based on the additional information received from Blackbaud, on November 25, 2020, N-YHS will provide notice of this incident to the individuals identified following Blackbaud's September 29, 2020 notice, including approximately three (3) Maine residents. Written notice is being provided on November 25, 2020 in substantially the same form as the letter attached here as *Exhibit B*.

Other Steps Taken and To Be Taken

Upon discovering the event, N-YHS moved quickly to investigate and respond to the incident, including working with Blackbaud to learn more about the incident and determine what N-YHS data may be involved. N-YHS then worked diligently to identify and notify those individual whose information may have been affected. N-YHS is also providing potentially impacted individuals with access to credit monitoring and identity services provided by Blackbaud through Cyberscout for two (2) years.

N-YHS is providing potentially impacted individuals with guidance on how to better protect against identity theft and fraud, including providing individuals with information on how to place a fraud alert and security freeze on one's credit file, the contact details for the national consumer

reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud.

Monitor Accounts

Under U.S. law you are entitled to one (1) free credit report annually from each of the three (3) major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus listed below directly to request a free copy of your credit report.

You have the right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:
