<<Notice of Data Breach>>

Dear <<First Name>> <<Last Name>>,

I am writing to inform you of a security incident experienced by MRA. We took this very seriously, as not only may it impact the trust and confidence of our members, but your personal data was involved. We are providing you with information about the incident, our response, and steps you can take to protect your information should you feel it appropriate to do so.

What Happened? On July 29, 2023, MRA experienced a network disruption. Upon discovery, we locked down our systems. We immediately launched an internal investigation and engaged leading, independent cybersecurity specialists to assist with our investigation and response. This investigation ultimately confirmed an impact to certain information maintained by MRA. We conducted a thorough review with the assistance of third-party specialists to determine the information potentially impacted. As of March 1, 2024, the incident review process has been completed and we worked to confirm appropriate contact information to provide you with this notice.

What Information Was Involved? The information potentially impacted during the incident included your name in combination with the following data elements: <<Data Elements>>. Please note that we have no evidence of misuse of this information.

What Are We Doing? In response to this incident, we are providing you with access to <<12/24>> months of credit monitoring and identity protection services at no cost to you. While we already had several security measures in place and regularly undertake independent security audits, MRA has since implemented additional technical safeguards and is working with outside specialists to continually monitor all our systems.

What You Can Do. We encourage you to enroll in the credit monitoring and identity protection services we are making available to you. Instructions about how to enroll in these services and additional resources available to you are included in the enclosed *Steps You Can Take to Protect Your Information*.

For More Information: Any questions related to this incident can be directed to our dedicated assistance line at 1-888-804-6203 between 8 am – 8 pm Central Time, Monday through Friday excluding U.S. holidays.

We sincerely appreciate your understanding in this matter.

Sincerely,

Susan Fronk
President & CEO

Steps You Can Take to Protect Your Information

1. Website and Enrollment. Scan the QR image, go to <https://app.idx.us/account-creation/protect>, or call 1-888-804-6203 and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter. IDX representatives are available Monday through Friday from 8 am – 8 pm Central Time. Please note that the deadline to enroll is August 9, 2024. IDX Identity enrollments will include enrollments into the following service components:

CREDIT MONITORING (adults¹) - Monitoring of credit bureau for changes to the member's credit file such as new credit inquiries, new accounts opened, delinquent payments, improvements in the member's credit report, bankruptcies, court judgments and tax liens, new addresses, new employers, and other activities that affect the member's credit record.

CYBERSCANTM - Dark Web monitoring of underground websites, chat rooms, and malware, 24/7, to identify trading or selling of personal information like SSNs, bank accounts, email addresses, medical ID numbers, driver's license numbers, passport numbers, credit and debit cards, phone numbers, and other unique identifiers.

IDENTITY THEFT INSURANCE - Identity theft insurance will reimburse members for expenses associated with restoring their identity should they become a victim of identity theft. If a member's identity is compromised, the policy provides coverage for up to \$1,000,000, with no deductible, from an A.M. Best "A-rated" carrier. Coverage is subject to the terms, limits, and/or exclusions of the policy.

FULLY-MANAGED IDENTITY RECOVERY – IDX's fully-managed recovery service provides restoration for identity theft issues such as (but not limited to) account creation, criminal identity theft, medical identity theft, account takeover, rental application, tax fraud, benefits fraud, and utility creation. This service includes a complete triage process for affected individuals who report suspicious activity, a personally assigned IDCare Specialist to fully manage the restoration of each case, and expert guidance for those with questions about identity theft and protective measures.

2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

3. Telephone. Contact IDX at 1-888-804-6203 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your identity.

4. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report from one of the three credit bureaus every four months. Once you receive your credit report, review it for discrepancies and identify any accounts you did not open or inquiries from creditors that you did not authorize. Contact the credit reporting bureau if you have questions or notice incorrect information.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help. If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team, who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop, and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement, your state Attorney General, and the FTC.

¹Please note that these services are only available to those aged 18 years or older.

Monitor Your Accounts

You have the right to place an initial or extended fraud alert on a credit file at no cost. An initial fraud alert is a one-year alert placed on a consumer's credit file. Upon seeing a fraud alert, a business must take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any of the three credit reporting bureaus listed below.

As an alternative to a fraud alert, you have the right to place a credit freeze on a credit report, which will prohibit a credit bureau from releasing information in the credit report without your express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., III, etc.);
2. Social Security number;
3. Date of birth;
4. Address for the prior two to five years;
5. Proof of current address, such as a current utility or telephone bill;
6. A legible photocopy of a government-issued identification card (e.g., state driver's license or identification card); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
