NOTICE OF DATA BREACH

Dear <Full Name>,

A&A Services d/b/a Sav-Rx (“we” or “our”) is writing to inform you of a data security incident we experienced that may have affected your personal information. We provide medication benefit management services to your health plan, and we receive certain information from your health plan and health care providers to deliver these services. Below are details of what happened, the steps we are taking to resolve the situation, and what we are doing to support affected individuals.

WHAT HAPPENED?

On October 8, 2023, we identified an interruption to our computer network. As a result, we immediately took steps to secure our systems and engaged third-party cybersecurity experts. Our information technology systems (“IT System”) were restored the next business day, and prescriptions were shipped on time without delay.

As part of the investigation, we learned that an unauthorized third party was able to access certain non-clinical systems and obtained files that contained health information. After an extensive review with third-party experts, on April 30, 2024, we discovered that some of the data accessed or acquired by the unauthorized third party may have contained your protected health information. Based on the results of the forensic investigation, we believe the unauthorized third party first accessed the IT System on or around October 3, 2023.

WHAT INFORMATION WAS INVOLVED?

The information that may have been accessed or acquired included your <Exposure>. **Please note that other than these data elements, the threat actor did *not* have access to your clinical or financial information.**

WHAT ARE WE DOING?

Once we identified the interruption, we took immediate action to investigate, and we worked in conjunction with outside cybersecurity experts to contain the incident and confirm any data acquired from our IT System was destroyed and not further disseminated. We have taken a number of steps to enhance our security protocols and controls, technology, and training. We also continue to assess further options to protect our IT System. Additionally, we promptly notified law enforcement authorities.

We are offering you complimentary access to 24 months of credit monitoring and identity theft restoration services through Equifax. You will need to enroll yourself in these services if you wish to do so, as we are not able to activate them on your behalf. Please review the instructions in the attached *Information on Credit Monitoring & Identity Theft*.

A&A Services, Address: 224 N Park Avenue, Fremont, NE 68025, Phone: (402) 410-2379

WHAT CAN YOU DO?

In addition to enrolling in credit monitoring, we always recommend that you remain vigilant for incidents of fraud and identity theft as described below. You can review your account statements and monitor free credit reports. Promptly report any fraudulent activity or any suspected incidents of identity theft to your bank or other financial institution holding your accounts, as well as any appropriate authorities, such as your state attorney general and the Federal Trade Commission (“FTC”). Individuals also have the right to obtain a police report in the event one has been created for this incident.

FOR MORE INFORMATION

For more information and assistance, please contact 1-888-326-0815, Monday – Friday 9am to 9pm Eastern.

Please know that we take this matter very seriously, and we apologize for any stress or concern this may cause. We appreciate your patience as we have worked to address this issue.

Sincerely,

Walter Hoff
President, A&A Services

¹WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers' personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers' personal information is at risk of being traded. ²The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC. ³Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer's identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com ⁴The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

Individuals are advised to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports and to promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general as well as the Federal Trade Commission.

You can obtain additional information from the FTC and the nationwide credit reporting agencies about placing a security freeze on your credit files and fraud alerts. A security freeze is a free tool that lets you restrict access to your credit report, which in turn makes it more difficult for identity thieves to open new accounts in your name. To place a security freeze on your credit files, contact each of the nationwide credit bureaus using the contact information listed above. You will need to supply your name, address, date of birth, social security number, and other personal information. You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least 90 days. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies using the contact information listed above.
