Re: Notice of Data Breach

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>:

Arthur J. Gallagher & Co. (“Gallagher”) is an insurance broker providing services to its clients and partners, and writes to notify you of an incident that may affect the privacy of some of your information. While we are unaware of any actual or attempted misuse of your information relating to this incident, we want to provide you with details regarding the incident, our response, and resources available to you to help protect your information from possible misuse, should you feel it is appropriate to do so.

What Happened? On September 26, 2020, Gallagher detected a ransomware event impacting our internal systems. We promptly took all our systems offline as a precautionary measure, initiated response protocols, launched an investigation with the assistance of third-party cybersecurity and forensic specialists, implemented our business continuity plans to minimize disruption to our customers, and ensured the ongoing security of our systems. We worked with the cybersecurity and forensic specialists to determine what may have happened and what information may have been affected. Our investigation determined that an unknown party accessed or acquired data contained within certain segments of our network between June 3, 2020 and September 26, 2020. While the investigation was able to confirm that certain systems were accessed, it was unable to confirm what information within those systems was actually accessed. Therefore, in an abundance of caution, Gallagher conducted an extensive review of the entire contents of the impacted systems. On May 24, 2021, Gallagher’s investigation confirmed that the impacted data included information relating to certain individuals. Gallagher continued to work through June 23, 2021 to notify our business partners and to obtain address information for impacted individuals to provide accurate notice to impacted parties.

What Information Was Involved? Although we are unaware of any actual or attempted misuse of your information, we are providing you this notification in an abundance of caution because certain information relating to you was accessed or acquired during this event. The impacted information relating to you includes your <<b2b_text_2(DataElements)>>.

We also reviewed existing security policies and implemented additional measures and enhanced security tools to further protect information in our systems. We also implemented additional safeguards and are providing additional training to our employees on data privacy and security. We reported this incident to law enforcement and regulatory authorities, as required by law.

Monitor Accounts, Financial, and Medical Billing Statements

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
