Re: Notice of data security incident

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>,

Out of an abundance of caution, TOPS Staffing, LLC and its affiliates eStaff Search Group, Inc., AccountStaff, Inc., AllTek Staffing & Resource Group, Inc., and Sterling Office Professionals LLC (collectively, "TOPS Staffing") are writing to inform you of a recent data security incident that may have resulted in an unauthorized access of your sensitive personal information. While TOPS Staffing is unaware of any fraudulent misuse of your personal information at this time, TOPS Staffing is providing you with details about the event, steps that TOPS Staffing is taking in response, and resources available to help you protect against the potential misuse of your information.

What Happened?

Between June 7, 2021 and June 13, 2021, TOPS Staffing discovered that an unauthorized individual accessed and encrypted its computer environment. Upon detecting the unauthorized access, TOPS Staffing immediately terminated the unauthorized access, and promptly started an investigation to obtain contact information of the potentially affected individuals. TOPS Staffing promptly engaged a team of cyber security professionals to assist with the recovery of its business services, and to conduct a forensic investigation to fully determine the scope and the overall impact of the incident. The investigation was unable to rule out that sensitive personal information from its systems may have been accessed by an unauthorized actor, so TOPS Staffing started an internal investigation to determine what personally identifiable information may have been impacted. The internal investigation concluded on October 5, 2021, and revealed that your information has been potentially impacted by this incident. This investigation was necessary to provide accurate information and notice the potentially impacted individuals. To date, TOPS Staffing has no reason to believe that there was a misuse of the information pertaining to the potentially impacted individuals.

What Information Was Involved?

Based on the investigation, the unauthorized individual may have had access to one or more of the following data elements pertaining to TOPS Staffing employees: names, Social Security numbers, tax ID numbers, driver’s licenses/state-issued identification card numbers, passport numbers, military identification numbers and financial account numbers. Please note, however, that since becoming aware of this incident, TOPS Staffing has received no indication that your information has been used by the unauthorized actor or by any unauthorized party to commit fraud. TOPS Staffing provided notice of this incident to you out of an abundance of caution.

What We Are Doing

TOPS Staffing values the privacy of your information and will continue to do everything it can to protect it. Upon detecting this incident, TOPS Staffing promptly engaged an independent firm to conduct an investigation of the incident. Since the incident, TOPS Staffing has greatly enhanced its security, including changing passwords and installing additional security on its systems. Out of an abundance of caution, TOPS Staffing is also providing you with 12 months of complimentary credit monitoring services. While TOPS Staffing is covering the cost of these services, you will need to complete the activation process by following the instructions included in the enclosed *Steps You Can Take to Help Protect Your Information*.

Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with:

- Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf);
- TransUnion (<http://www.transunion.com/fraud-alerts>); or
- Experian (<https://www.experian.com/fraud/center.html>).

A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

File Police Report: You have the right to file or obtain a police report if you experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim. A police report is often required to dispute fraudulent items. You can generally report suspected incidents of identity theft to local law enforcement or to the Attorney General.

FTC and Attorneys General: You can further educate yourself regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself, by contacting the consumer reporting agencies, the Federal Trade Commission, or your state Attorney General.

The Federal Trade Commission can be reached at: 600 Pennsylvania Avenue NW, Washington, DC 20580, www.identitytheft.gov, 1-877-ID-THEFT (1-877-438-4338), TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above. You have the right to file a police report if you ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, you will likely need to provide some proof that you have been a victim. Instances of known or suspected identity theft should also be reported to law enforcement. This notice has not been delayed by law enforcement.
