Dear [REDACTED]:

Lime Media Group, Inc. values and respects the privacy of your information, which is why we are writing to advise you of a recent incident that may have involved some of your personal information. We have no reason to believe that your personal information has been misused for the purpose of committing fraud or identity theft or that any of your personal information was actually viewed or acquired by any unauthorized party. Nonetheless, we are writing to advise you about the incident and to provide you with guidance on what you can do to protect yourself, should you feel it is appropriate to do so.

We recently learned that an unauthorized third party gained access to certain Lime Media Group employees' email accounts that contained some of your personal information. The unauthorized access occurred between May 7, 2020 and July 9, 2020. Upon learning of the incident, we promptly secured the email accounts to prevent any further access. We also retained a leading forensic security firm to investigate and to confirm the security of our email and computer systems. After a thorough review of the impacted email accounts, on October 26, 2020, we confirmed that the accounts contained personal information that included your name, Social Security number and driver's license number. We have been working to locate contact information and notify individuals as quickly as possible.

We value the trust you place in us to protect your privacy, take our responsibility to safeguard your personal information seriously, and apologize for any inconvenience or concern this incident might cause. For further information and assistance, please call 1-800-727-9258 from 8:00 a.m. – 5:00 p.m. Central, Monday through Friday.

Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: You may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies by visiting www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
