By providing this notice, Enterprise Bank & Trust Company (“Enterprise Bank”) does not waive any rights or defenses regarding the applicability of Maine law, the applicability of the Maine data event notification statute, or personal jurisdiction.

Nature of the Data Event

On May 31, 2023 and again on June 9, 2023, Progress Software Corp. publicly disclosed vulnerabilities that impacted its file transfer tool software known as MOVEit Transfer. As our third-party vendor, Fiserv, is a user of that tool, we moved quickly to ensure that available patching was applied and recommended mitigation steps were undertaken. Fiserv’s investigation determined that an unknown actor exploited at least one of the vulnerabilities, accessed Fiserv’s MOVEit Transfer server between May 27, 2023, and May 31, 2023 and exfiltrated certain data from the MOVEit Transfer server. We subsequently undertook a time-consuming and detailed review of the data stored on the server at the time of this event to understand the contents of that data and to whom that data relates. This review concluded on December 1, 2023. Through this review, Enterprise Bank determined that certain information related to residents of Maine was present on the server at the time of the event. Although we have no evidence of any actual or attempted misuse of information, we are notifying individuals in an abundance of caution.

The information that could have been subject to unauthorized access includes name, address, and financial account information with access code.

Notice to Maine Residents

On or about January 22, 2024, Fiserv, on behalf of Enterprise Bank, provided written notice of this event to potentially affected individuals. This mailing includes notice to approximately four (4) Maine residents on behalf of Enterprise Bank.

Written notice is being provided in substantially the same form as the letter attached here as *Exhibit A*.

Other Steps Taken and To Be Taken

Upon discovering the event, Enterprise Bank moved quickly to investigate and respond to the event, assess the security of Enterprise Bank systems, and ensure notification to potentially affected individuals. Enterprise Bank is providing access to credit monitoring services for one (1) year, through Kroll, to individuals whose personal information was potentially impacted by this event, at no cost to these individuals.

Additionally, Enterprise Bank is providing impacted individuals with guidance on how to better protect against identity theft and fraud, including advising individuals to report any suspected incidents of identity theft or fraud to their credit card company and/or bank. the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud.

Enterprise Bank is providing written notice of this event to relevant state regulators, as necessary.

NOTICE OF DATA BREACH

Dear <<First_Name>> <<Last_Name>>,

What Happened?

We are contacting you regarding an incident involving MOVEit Transfer through which some of your personal information was disclosed to a third party. On <<b2b_text_2 (Date of Incident)>>, we learned of an incident related to vulnerabilities discovered in MOVEit Transfer by Progress Software, the commonly used secure Managed File Transfer (MFT) software supporting file transfer activities by thousands of organizations around the world. The MOVEit Transfer software was used to support our institution's services.

Analysis to date has identified unauthorized activity in the relevant MOVEit Transfer environment between May 27 to 31, 2023, which was before Progress Software publicly disclosed the existence of this vulnerability. During that time, unauthorized actors obtained files transferred via MOVEit Transfer.

What Information Was Involved?

We conducted a careful review of the contents of the files and, determined that one or more of the files may have contained information including <<b2b_text_3 (your name, impacted data elements)>>.

ADDITIONAL STEPS YOU CAN TAKE

To help protect against possible fraud, identity theft or other financial loss, we encourage you to remain vigilant, to review your account statements and to monitor your credit reports. Provided below are the names and contact information for the three major U.S. credit bureaus and additional information about steps you can take to obtain a free credit report, and place a fraud alert or security freeze on your credit report. If you believe you are a victim of fraud or identity theft you should consider contacting your local law enforcement agency, your state's Attorney General, or the Federal Trade Commission.

INFORMATION ON OBTAINING A FREE CREDIT REPORT

U.S. residents are entitled under U.S. law to one free credit report annually from each of the three major credit bureaus. To order your free credit reports, visit www.annualcreditreport.com or call toll-free (877) 322-8228.

INFORMATION ON IMPLEMENTING A FRAUD ALERT, CREDIT FREEZE, OR CREDIT LOCK

To place a fraud alert, credit freeze, or credit lock on your credit report, you must contact the three consumer reporting agencies below:

Equifax:	Experian:	TransUnion:
Equifax Information Services LLC	Credit Fraud Center	Fraud Victim Assistance Department
P.O. Box 105788	P.O. Box 9554	P.O. Box 2000
Atlanta, GA 30348	Allen, TX 75013	Chester, PA 19022-2000
1-888-298-0045	1-888-397-3742	1-800-680-7289
www.equifax.com	www.experian.com	www.transunion.com

Fraud Alert: Consider contacting the three major consumer reporting agencies at the addresses above to place a fraud alert on your credit report. A fraud alert indicates to anyone requesting your credit file that you suspect you are a possible victim of fraud. A fraud alert does not affect your ability to get a loan or credit. Instead, it alerts a business that your personal information might have been compromised and requires that business to verify your identity before issuing you credit. Although this may cause some short delay if you are the one applying for the credit, it might help protect against someone else obtaining credit in your name.

To place a fraud alert, contact any of the three major consumer reporting agencies listed above and request that a fraud alert be put on your file. The agency that you contacted must notify the other two agencies. A fraud alert is free and lasts 90 days, but can be renewed.

Credit Freeze: A credit freeze prohibits a consumer reporting agency from releasing any information from a consumer's credit report until the freeze is lifted. When a credit freeze is in place, no one—including you—can open a new account. As a result, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing, or other services.

Placing a credit freeze is free. To place a credit freeze, contact all three consumer reporting agencies listed above and provide the personal information required by each agency to place a freeze, which may include:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security Number;
3. Date of birth;
4. If you have moved in the past five (5) years, the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, a copy of either a police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

When you place a credit freeze, you will be provided a PIN to lift temporarily or remove the credit freeze. A credit freeze generally lasts until you lift or remove it, although in some jurisdictions it will expire after seven years.

Credit Lock: Like a credit freeze, a credit lock restricts access to your credit report and prevents anyone from opening an account until unlocked. Unlike credit freezes, your credit can typically be unlocked online without delay. To lock your credit, contact all three consumer reporting agencies listed above and complete a credit lock agreement. The cost of a credit lock varies by agency, which typically charges monthly fees.

You may also contact the U.S. Federal Trade Commission (“FTC”) for further information on fraud alerts, credit freezes, credit locks, and how to help protect yourself from identity theft. The FTC can be contacted at 400 7th St. SW, Washington, DC 20024; telephone 1-877-382-4357; or www.consumer.gov/idtheft.
