Notices Required by State Law

Paying Subscription Charges and Renewal

Coverage is provided as stated in the Administrative Services Agreement. The coverage will renew automatically from year to year on the Anniversary/Renewal Date for additional one-year terms unless the Group or Anthem Blue Cross and Blue Shield gives written notice of termination, subject to the provisions in the Administrative Services Agreement.

Payment for subscription charges is due the first day of each month. If payment is received within 31 days of the due date - - the grace period, coverage will continue without a lapse in coverage. If payment is not received within 31 days of the due date, coverage may be cancelled at the expiration of the grace period. We reserve the right to take necessary action to collect premiums for the grace period. We reserve the right to unilaterally modify the terms of the Contract consistent with state and federal laws.

Network Disclosure Notice

IMPORTANT NOTICE ABOUT YOUR PROVIDER NETWORK AND BENEFITS: There are hospitals, health care facilities, physicians or other health care providers that are not included in this plan's network. Your financial responsibilities for payment of covered services, including "cost shares," such as co-insurance, co-payments, and out of pocket maximums may be higher if you use a non-network provider. Additionally, you may have some cost-sharing for preventive benefits if you do not use a network provider. Please refer to the online provider directory available at Anthem.com to determine if a particular provider is in the network, or contact Member Services for assistance.

Network Name: Blue Choice

The Service Area for this plan is the State of Maine.

Benefits are available both inside and outside the State of Maine. There are benefits for out-of-area non-Emergency Care/non-Urgent Care services. Please see the "Claims Payment" section for further details on out-of-area services through Our Inter-Plan program.

Federal Patient Protection and Affordable Care Act Notices

Access to Obstetrical and Gynecological (ObGyn) Care

You do not need prior authorization from us or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of your Identification Card or refer to our website, www.anthem.com.

Surprise Billing Protection Notices

Two sets of laws exist to protect Members from surprise medical bills, including both out-of-network cost sharing and balance billing amounts:

- The federal “No Surprises Act” was signed into law, as part of the Consolidated Appropriations Act, and most provisions of the Act became effective January 1, 2022.
- Maine’s surprise billing law (“An Act To Protect Maine Consumers from Unexpected Medical Bills”) became effective January 1, 2018.

This section describes the provisions of both sets of laws.

Consolidated Appropriations Act of 2021 (CAA)

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Billing Act as well the Provider transparency requirements that are described below.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Billing Act requirements:

- Emergency Services provided by Out-of-Network Providers;
- Covered Services provided by an Out-of-Network Provider at an In-Network Facility; and
- Out-of-Network Air Ambulance Services.

No Surprises Billing Act Requirements

Emergency Services

As required by the CAA, Emergency Services are covered under your Plan:

- Without the need for Precertification;
- Whether the Provider is In-Network or Out-of-Network;

If the Emergency Services you receive are provided by an Out-of-Network Provider, Covered Services will be processed at the In-Network benefit level.

Note that if you receive Emergency Services from an Out-of-Network Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by an In-Network Provider. However, Out-of-Network cost-shares (i.e., Copayments, Deductibles and/or Coinsurance) will apply to your claim if the treating Out-of-Network Provider determines you are stable, meaning you have been provided necessary Emergency Care such that your condition will not materially worsen and the Out-of-Network Provider determines: (i) that you are able to travel to an In-Network Facility by non-emergency transport; (ii) the Out-of-Network Provider complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent. If you continue to receive services from the Out-of-Network Provider after you are stabilized, you will be responsible for the Out-of-Network cost-shares, and the Out-of-Network Provider will also be able to charge you any difference between the Maximum Allowable Amount and the Out-of-Network Provider’s billed charges. This notice and consent exception does not apply if the Covered Services furnished by an Out-of-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

Out-of-Network Services Provided at an In-Network Facility

When you receive Covered Services from an Out-of-Network Provider at an In-Network Facility, your claims will be paid at the Out-of-Network benefit level if the Out-of-Network Provider gives you proper

notice of its charges, and you give written consent to such charges. This means you will be responsible for Out-of-Network cost-shares for those services and the Out-of-Network Provider can also charge you any difference between the Maximum Allowable Amount and the Out-of-Network Provider's billed charges. This requirement does not apply to Ancillary Services. Ancillary Services are one of the following services: (A) Emergency Services; (B) anesthesiology; (C) pathology; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (H) Hospitalists; (I) Intensivists; and (J) any services set out by the U.S. Department of Health & Human Services.

In addition, Anthem will not apply this notice and consent process to you if Anthem does not have an In-Network Provider in your area who can perform the services you require.

Out-of-Network Providers satisfy the notice and consent requirement as follows:

1. By obtaining your written consent not later than 72 hours prior to the delivery of services; or
2. If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

Anthem is required to confirm the list of In-Network Providers in its Provider Directory every 90 days. If you can show that you received inaccurate information from Anthem that a Provider was In-Network on a particular claim, then you will only be liable for In-Network cost shares (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your In-Network cost-shares will be calculated based upon the Maximum Allowed Amount. In addition to your In-Network cost-shares, the Out-of-Network Provider can also charge you for the difference between the Maximum Allowed Amount and their billed charges.

How Cost-Shares Are Calculated

Your cost shares for Emergency Services or for Covered Services received by an Out-of-Network Provider at an In-Network Facility, will be calculated using the median Plan In-Network contract rate that we pay In-Network Providers for the geographic area where the Covered Service is provided. Any Out-of-Pocket cost shares you pay to an Out-of-Network Provider for either Emergency Services or for Covered Services provided by an Out-of-Network Provider at an In-Network Facility will be applied to your In-Network Out-of-Pocket Limit.

Appeals

If you receive Emergency Services from an Out-of-Network Provider or Covered Services from an Out-of-Network Provider at an In-Network Facility and believe those services are covered by the No Surprise Billing Act, you have the right to appeal that claim. If your appeal of a Surprise Billing Claim is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the "Complaints and Appeals" section of this Benefit Book.

Transparency Requirements

Anthem provides the following information on its website (i.e., www.anthem.com):

- Protections with respect to Surprise Billing Claims by Providers;
- Estimates on what Out-of-Network Providers may charge for a particular service;
- Information on contacting state and federal agencies in case you believe a Provider has violated the No Surprise Billing Act's requirements.

Upon request, Anthem will provide you with a paper copy of the type of information you request from the above list.

Anthem, either through its price comparison tool on anthem.com or through Member Services at the phone number on the back of your ID card, will allow you to get:

- Cost sharing information that you would be responsible for, for a service from a specific In-Network Provider;
- A list of all In-Network Providers;
- Cost sharing information on an Out-of-Network Provider's services based on Anthem's reasonable estimate based on what Anthem would pay an Out-of-Network Provider for the service.

In addition, Anthem will provide access through its website to the following information:

- In-Network negotiated rates;
- Historical Out-of-Network rates; and
- Drug pricing information.

Maine's Surprise Billing Law

("An Act To Protect Maine Consumers from Unexpected Medical Bills")

The following only applies to Providers within the State of Maine:

A surprise bill is a bill for Covered Services, including emergency services, received by a Member for services rendered by a Non-Network Provider at a Network Provider during a service or procedure performed by a Network Provider, or during a service or procedure previously approved or authorized by us; however, a surprise bill does not include a bill for Covered Services received by a Member if a Network Provider was available and the Member knowingly elected to obtain the services from a Non-Network Provider.

With respect to a surprise bill, a Member is only responsible for what the Member would have paid (any applicable Coinsurance, Copayment, Deductible or other out-of-pocket expense) for a Network Provider. The Non-Network Provider within the State of Maine is prohibited by law from balance billing the Member.

Surprise bills for Emergency Services may be subject to the dispute resolution process provisions under Maine law.

Which Surprise Bills are Eligible for Independent Dispute Resolution

A surprise bill for covered emergency services may be eligible for an Independent Dispute Resolution (IDR) Process operated by the Maine Bureau of Insurance, if the out-of-network provider disagrees with the carrier's payment. An emergency service is a health care item or service furnished or required to evaluate and treat an emergency medical condition that is provided in an emergency facility or setting.

Process to Submit a Surprise Bill for Dispute Resolution

1. The claim must involve a surprise bill for covered emergency services.
2. The out-of-network provider requesting IDR (the "applicant") shall submit an application to the Maine Bureau of Insurance in a form and manner prescribed by the Superintendent.

The Dispute Resolution Process

1. Within three business days after an application has been determined to be eligible, the Independent Dispute Resolution Entity (IDRE) will assign an arbitrator and notify the patient, the provider or providers, and, if applicable, the carrier or self-insured plan.
2. The arbitrator may request information at any time from the patient, the provider or providers, and the carrier, and shall advise the requested party that if a partial response or no response is received, the dispute will be decided based on the available information. Any party shall provide the information requested within the time requested, which shall be no less than five business days after the request is received, and shall attest that the information provided is true and complete.
3. The IDRE shall issue its decision within thirty days after its receipt of a completed application.
4. If the IDRE determines the carrier's payment is reasonable, payment for the dispute resolution process is the responsibility of the out-of-network provider. When the independent dispute resolution entity determines the out-of-network provider's fee is reasonable, payment for the dispute resolution process is the responsibility of the carrier. When a good faith negotiation directed by the IDRE results in a settlement between the carrier and the out-of-network provider, the carrier and the out-of-network provider shall evenly divide and share the prorated cost for dispute resolution.
5. The party responsible for payment of the IDRE's fee, or its share of the fee in the case of a negotiated settlement, must pay the IDRE within 90 days after the issuance of the decision or submission of the settlement agreement.

Additional Federal Notices

Statement of Rights under the Newborns' and Mother's Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Statement of Rights under the Women's Cancer Rights Act of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. (See the "Schedule of Benefits" for details.) If you would like more information on WHCRA benefits, call us at the number on the back of your Identification Card.

Notice Regarding Breast Cancer Patient Protection Act

Under this plan, as required by the Maine Breast Cancer Patient Protection Act of 1997, coverage will be provided for inpatient care subsequent to the mastectomy, lumpectomy, or lymph node dissection for the treatment of breast cancer for a period of time determined to be medically appropriate by the attending physician in conjunction with the patient.

Coverage for a Child Due to a Qualified Medical Support Order ("QMCSO")

If you or your spouse are required, due to a QMCSO, to provide coverage for your child(ren), you may ask the Group to provide you, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance abuse benefits offered under the Plan. Also, the Plan may not impose Deductibles,

Copayment, Coinsurance, and out of pocket expenses on mental health and substance abuse benefits that are more restrictive than Deductibles, Copayment, Coinsurance and out of pocket expenses applicable to other medical and surgical benefits. Medical Necessity criteria are available upon request.

Special Enrollment Notice

If you are declining enrollment for yourself or your Dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your Dependents in this Plan if you or your Dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your Dependents' other coverage). However, you must request enrollment within 60 days after your or your Dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and Your Dependents. However, you must request enrollment within 60 days after the marriage, birth, adoption, or placement for adoption.

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program)

The Subscriber or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call us at the Member Services telephone number on your Identification Card, or contact the Group.

Introduction

This Benefit Booklet describes the benefits available to Plan Participants under the State of Maine Health Plan (referred to as the Plan).

The benefits described in this Benefit Booklet are those in effect as of July 1, 2024.

Every attempt has been made to be informative about benefits available under the Plan and those areas where a benefit may be lost or denied.

Your Employer has agreed to be subject to the terms and conditions of the Contract Administrator's Provider agreements which may include pre-service review and utilization management requirements, coordination of benefits, timely filing limits, and other requirements to administer the benefits under this Plan.

In any event where a question may arise as to a claim for benefits or denial of a claim for benefits, the employer, Plan Administrator (Anthem Blue Cross Blue Shield), Contract Administrator, and other individuals as may be party to or associated with the Plan shall be guided solely by this Benefit Booklet.

The Plan Administrator shall have full discretionary authority to interpret this Plan, its provisions and regulations with regard to eligibility, coverage, benefit entitlement, benefit determination and general administrative matters. The Plan Administrator's decisions will be binding on all Plan Participants and conclusive on all questions of coverage under this Plan, subject to the Plan Participant's appeal rights described later in the Benefit Booklet.

The failure of the Plan Administrator to strictly enforce any provision of this Plan shall not be construed as a waiver of the provision. Rather, the Plan Administrator reserves the right to strictly enforce each and every provision of this Plan at any time regardless of the prior conduct of the Plan Administrator and regardless of the similarity of the circumstances or the number of prior occurrences.

The State of Maine hopes and expects to be able to continue the State of Maine Health Plan indefinitely but reserves the right to make changes in the Plan or to discontinue the Plan at any time. Should the Plan be terminated, Plan Participants will be notified at least ten (10) days in advance of the termination date. Any and all amendments to the Plan shall be in writing and shall be authorized by the signature of the Executive Director of the State of Maine's Office of Employee Health and Benefits.

Schedule of Benefits

PPO Plan

In this section you will find an outline of the benefits included in your Plan and a summary of any Deductibles, Coinsurance, and Copayments that you must pay. Also listed are any Benefit Period Maximums or limits that apply. Please read the “What’s Covered” and Prescription Drugs sections(s) for more details on the Plan’s Covered Services. Read the “What’s Not Covered” section for details on Excluded Services.

All Covered Services are subject to the conditions, Exclusions, limitations, and terms of this Booklet including any endorsements, amendments, or riders.

To get the highest benefits at the lowest out-of-pocket cost, you must get Covered Services from an In-Network Provider. Benefits for Covered Services are based on the Maximum Allowed Amount, which is the most the Plan will allow for a Covered Service. Except for Surprise Billing Claims, when you use an Out-of-Network Provider you may have to pay the difference between the Out-of-Network Provider’s billed charge and the Maximum Allowed Amount in addition to any Coinsurance, Copayments, Deductibles, and non-covered charges. This amount can be substantial. Please read the “Claims Payment” section for more details.

Deductibles, Coinsurance, and Benefit Period Maximums are calculated based upon the Maximum Allowed Amount, not the Provider’s billed charges.

Benefit Period	Calendar Year
Dependent Age Limit	To the end of the month in which the child attains age 26. Please see the “Eligibility and Enrollment – Adding Members” section for further details.

Deductible	In-Network	Out-of-Network
Per Member	\$600	\$3,000
Per Family – All other Members combined	\$1,200	\$6,000

The In-Network and Out-of-Network Deductibles are combined. Amounts you pay toward the In-Network Deductible will apply toward the Out-of-Network Deductible and amounts you pay toward the Out-of-Network Deductible will apply toward the In-Network Deductible.

When the Deductible applies, you must pay it before benefits begin. See the sections below to find out when the Deductible applies.

Copayments and Coinsurance are separate from and do not apply to the Deductible.

Coinsurance	In-Network	Out-of-Network
Plan Pays	90%	60%
Member Pays	10%	40%
<p>Reminder: Your Coinsurance will be based on the Maximum Allowed Amount. Except for Surprise Billing Claims, if you use an Out-of-Network Provider, you may have to pay Coinsurance plus the difference between the Out-of-Network Provider's billed charge and the Maximum Allowed Amount.</p> <p>Note: The Coinsurance listed above may not apply to all benefits, and some benefits may have a different Coinsurance. Please see the rest of this Schedule for details.</p>		

Out-of-Pocket Limit	In-Network	Out-of-Network
Per Member	\$2,000	\$5,000
Per Family – All other Members combined	\$4,000	\$10,000
<p>The Out-of-Pocket Limit includes all Deductibles, Coinsurance, and Copayments you pay during a Benefit Period unless otherwise indicated below. It does not include charges over the Maximum Allowed Amount or amounts you pay for non-Covered Services.</p> <p>No one person will pay more than their individual Out-of-Pocket Limit. Once the Out-of-Pocket Limit is satisfied, you will not have to pay any additional Deductibles, Coinsurance, or Copayments for the rest of the Benefit Period.</p> <p>The In-Network and Out-of-Network Out-of-Pocket Limits are separate and do not apply toward each other. Out of network coinsurance does not cross accumulate (i.e. each is separate)</p>		

Important Notice about Your Cost Shares

In certain cases, if we pay a Provider amounts that are your responsibility, such as Deductibles, Copayments or Coinsurance, we may collect such amounts directly from you. You agree that we have the right to collect such amounts from you.

The tables below outline the Plan's Covered Services and the cost share(s) you must pay. In many spots you will see the statement, "Benefits are based on the setting in which Covered Services are received." In these cases you should determine where you will receive the service (i.e., in a doctor's office, at an outpatient hospital facility, etc.) and look up that location to find out which cost share will apply. For example, you might get physical therapy in a doctor's office, an outpatient hospital facility, or during an inpatient hospital stay. For services in the office, look up "Office Visits." For services in the outpatient department of a hospital, look up "Outpatient Facility Services." For services during an inpatient stay, look up "Inpatient Services."

Please see "How Your Plan Works" for more information on In-Network and Out-of-Network Providers.

How Your Plan Works

Introduction

Your Plan is a PPO plan. The Plan has In-Network and Out-of-Network benefits. If you choose an In-Network Provider, you will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance. If you use an Out-of-Network Provider, you will have to pay more out-of-pocket costs.

To find an In-Network Provider for this Plan, please see “How to Find a Provider in the Network,” later in this section.

In-Network Services

When you use an In-Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the In-Network level.

If you receive Covered Services from an Out-of-Network Provider after we failed to provide you with accurate information in our Provider Directory, or after we failed to respond to your telephone or web-based inquiry within the time required by federal law, Covered Services will be covered at the In-Network level.

Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. We have final authority to decide the Medical Necessity of the service.

In-Network Providers include Primary Care Physicians / Providers (PCPs), Specialists (Specialty Care Physicians / Providers - SCPs), other professional Providers, Hospitals, and other Facilities who contract with us to care for you. Referrals are never needed to visit an In-Network Specialist, including behavioral health Providers.

To see a Doctor, call their office:

- Tell them you are a Member of this plan,
- Have your Member Identification Card handy. The Doctor's office may ask you for your group or Member ID number.
- Tell them the reason for your visit.

When you go to the office, be sure to bring your Member Identification Card with you.

For services from In-Network Providers:

1. You will not need to file claims. In-Network Providers will file claims for Covered Services for you. (You will still need to pay any Coinsurance, Copayments, and/or Deductibles that apply.) You may be billed by your In-Network Provider(s) for any non-Covered Services you get or when you have not followed the terms of this Booklet.
2. Precertification will be done by the In-Network Provider. (See the “Getting Approval for Benefits” section for further details.)

After Hours Care

If you need care after normal business hours, your Doctor may have several options for you. You should call your Doctor's office for instructions if you need care in the evenings, on weekends, or during the

holidays and cannot wait until the office reopens. If you have an Emergency, call 911 or go to the nearest Emergency Room.

Out-of-Network Services

When you do not use an In-Network Provider or get care as part of an Authorized Service, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Booklet.

For services from an Out-of-Network Provider:

1. The Out-of-Network Provider can charge you the difference between their bill and the Plan's Maximum Allowed Amount plus any Deductible and/or Coinsurance/Copayments unless your claim involves a Surprise Billing Claim;
2. You may have higher cost sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments) unless your claim involves a Surprise Billing Claim;
3. You will have to pay for services that are not Medically Necessary;
4. You will have to pay for non-Covered Services;
5. You may have to file claims; and
6. You must make sure any necessary Precertification is done. (Please see "Getting Approval for Benefits" for more details.)

Surprise Billing Claims

Surprise Billing Claims are described in the "Surprise Billing Protection Notices" at the beginning of this Booklet. Please refer to that section for further details.

How to Find a Provider in the Network

There are several ways you can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- Search for a Provider in our mobile app.
- Contact Member Services to ask for a list of Doctors and Providers that participate in this Plan's network, based on specialty and geographic area.
- Check with your Doctor or Provider.

If you need details about a Provider's license or training, or help choosing a Doctor who is right for you, call the Member Services number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

Continuity of Care

If your In-Network Provider leaves our network for any reason other than termination for cause, and you are in active treatment, you may be able to continue seeing that Provider for a limited period of time and still get In-Network benefits. "Active treatment" includes:

- 1) An ongoing course of treatment for a life-threatening condition,
- 2) An ongoing course of treatment for a serious acute condition (e.g., chemotherapy, radiation therapy and post-operative visits),
- 3) The second or third trimester of pregnancy and through the postpartum period; or
- 4) An ongoing course of treatment for a health condition for which the Physician or health care Provider attests that discontinuing care by the current Physician or Provider would worsen your condition or interfere with anticipated outcomes.

An "ongoing course of treatment" includes treatments for mental health and substance use disorders.

In these cases, you may be able to continue seeing that Provider until treatment is complete, or for 90 days, whichever is shorter. If you wish to continue seeing the same Provider, you or your Doctor should contact Member Services for details. Any decision by us regarding a request for Continuity of Care is subject to the appeals process.

Your Cost-Shares

Your Plan may involve Copayments, Deductibles, and/or Coinsurance, which are charges that you must pay when receiving Covered Services. Your Plan may also have an Out-of-Pocket Limit, which limits the cost-shares you must pay. Please read the "Schedule of Benefits" for details on your cost-shares. Also read the "Definitions" section for a better understanding of each type of cost share.

The BlueCard Program

Like all Blue Cross & Blue Shield plans throughout the country, we participate in a program called "BlueCard," which provides services to you when you are outside our Service Area. For more details on this program, please see "Inter-Plan Arrangements" in the "Claims Payment" section.

Identification Card

The Claims Administrator will give an Identification Card to each Member enrolled in the Plan. When you get care, you must show your Identification Card. Only covered Members have the right to receive services or benefits under this Booklet. If anyone gets services or benefits to which they are not entitled to under the terms of this Booklet, he/she must pay for the actual cost of the services.

Getting Approval for Benefits

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is part of the review, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting. This means that a request for a service may be denied because it is not Medically Necessary for the service to be provided in the place of care or setting that is being requested. When this happens the service can be requested again in another setting or place of care and will be reviewed again for Medical Necessity. At times a different Provider or Facility may need to be used in order for the service to be considered Medically Necessary. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a Hospital but may be approved if provided on an outpatient basis in a Hospital setting.
- A service may be denied on an outpatient basis in a Hospital setting but may be approved at a free standing imaging center, infusion center, Ambulatory Surgical Facility, or in a Physician's office.
- A service may be denied at a Skilled Nursing Facility but may be approvable in a home setting.

Certain services must be reviewed to determine Medical Necessity in order for you to get benefits. Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. Anthem may decide that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment is more cost effective, available and appropriate. "Clinically equivalent" means treatments that for most Members, will give you similar results for a disease or condition.

If you have any questions about the Utilization Review process, the medical policies, or clinical guidelines, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if the Plan decides your services are Medically Necessary. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. Premium must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under your Plan;
4. The service cannot be subject to an Exclusion under your Plan; and
5. You must not have exceeded any applicable limits under your Plan.

Types of Reviews

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
- **Precertification** – A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental / Investigational as those terms are defined in this Booklet.

For admissions following Emergency Care, you, your authorized representative or Doctor must tell us of the admission as soon as possible. For childbirth admissions, Precertification is not needed unless there is a problem and/or the mother and baby are not sent home at the same time. Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

- **Continued Stay / Concurrent Review** - A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

Both Pre-Service and Continued Stay / Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Doctor with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

Who is Responsible for Precertification?

Typically, In-Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other In-Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending Doctor (“requesting Provider”) will get in touch with us to ask for a Precertification. However, you may request a Precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments
In Network	Provider	<ul style="list-style-type: none"> • The Provider must get Precertification when required

NOTE: For an Emergency Care admission, precertification is not required. However, you, your authorized representative or Doctor must tell us of the admission as soon as possible.		

How Decisions are Made

The Claims Administrator will use its clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider”. Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the Precertification phone number on the back of your Identification Card.

If you are not satisfied with our decision under this section of your benefits, please refer to the “Complaints and Appeals” section to see what rights may be available to you.

Decision and Notice Requirements

The Claims Administrator will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on federal laws. You may call the phone number on the back of your Identification Card for more details.

Type of Review	Timeframe Requirement for Decision and Notification
Urgent Pre-service Review	72 hours from the receipt of request
Non-Urgent Pre-service Review	15 calendar days from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization or no previous authorization exists	72 hours from the receipt of the request
Non-urgent Continued Stay / Concurrent Review for ongoing outpatient treatment	15 calendar days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make a decision, the Claims Administrator will tell the requesting Provider of the specific information needed to finish the review. If the Claims Administrator does not get

the specific information needed by the required timeframe, a decision will be made based upon the information received.

The Claims Administrator will notify you and your Provider of the decision as required by federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Important Information

From time to time certain medical management processes (including utilization management, case management, and disease management) may be waived, enhanced, changed or ended. An alternate benefit may be offered if in the Plan's discretion, such change furthers the provision of cost effective, value based and/or quality services.

Certain qualifying Providers may be selected to take part in a program or a Provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. Your claim may also be exempted from medical review if certain conditions apply.

Just because a process, Provider or Claim is exempted from the standards which otherwise would apply, it does not mean that this will occur in the future, or will do so in the future for any other Provider, claim or Member. Anthem may stop or change any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs or a Provider arrangement by checking your on-line Provider Directory or contacting the Member Services number on the back of your ID card.

The Claims Administrator also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then the Claims Administrator may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan's Members.

Health Plan Individual Case Management

The Claims Administrator's health plan individual case management programs (Case Management) help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. The Claims Administrator's programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Case Management programs are confidential and voluntary and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any Covered Services you are receiving.

If you meet program criteria and agree to take part, the Claims Administrator will help you meet your identified health care needs. This is reached through contact and team work with you and/or your chosen authorized representative, treating Doctor(s), and other Providers.

In addition, the Claims Administrator may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, the Plan may provide benefits for alternate care that is not listed as a Covered Service. The Plan may also extend Covered Services beyond the Benefit Maximums of this Plan. The Claims Administrator will make its decision case-by-case, if in the Claims Administrator's discretion the alternate or extended benefit is in the best interest of you and the Plan and

you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate the Plan to provide the same benefits again to you or to any other Member. The Plan reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, the Contract Administrator will notify you or your authorized representative in writing.

What's Covered

This section describes the Covered Services available under your Plan. Covered Services are subject to all the terms and conditions listed in this Booklet, including, but not limited to, Benefit Maximums, Deductibles, Copayments, Coinsurance, Exclusions and Medical Necessity requirements. Please read the "Schedule of Benefits" for details on the amounts you must pay for Covered Services and for details on any Benefit Maximums. Also be sure to read "How Your Plan Works" for more information on your Plan's rules. Read the "What's Not Covered" section for important details on Excluded Services.

Your benefits are described below. Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to your claims. For example, if you have surgery, benefits for your Hospital stay will be described under "Inpatient Hospital Care" and benefits for your Doctor's services will be described under "Inpatient Professional Services". As a result, you should read all sections that might apply to your claims.

You should also know that many Covered Services can be received in several settings, including a Doctor's office, an Urgent Care Facility, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where you choose to get Covered Services, and this can result in a change in the amount you need to pay. Please see the "Schedule of Benefits" for more details on how benefits vary in each setting.

Acupuncture

Please see "Therapy Services" later in this section.

Allergy Services

Your Plan includes benefits for Medically Necessary allergy testing and treatment, including allergy serum and allergy shots.

Ambulance Services

Medically Necessary ambulance services are a Covered Service when:

- You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

And one or more of the following criteria are met:

- For ground ambulance, you are taken:
 - From your home, the scene of an accident or medical Emergency to a Hospital;
 - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital
 - Between a Hospital and a Skilled Nursing Facility or other approved Facility.
- For air or water ambulance, you are taken:
 - From the scene of an accident or medical Emergency to a Hospital;
 - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital
 - Between a Hospital and an approved Facility.

Ambulance services are subject to Medical Necessity reviews by us. Emergency ground ambulance services do not require precertification and are allowed regardless of whether the Provider is an In-Network or Out-of-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews by us. When using an air ambulance for non-Emergency transportation, we reserve the right to select the air ambulance Provider. If you do not use the air ambulance Provider we select, the Out-of-Network Provider may bill you for any charges that exceed the Plan's Maximum Allowed Amount.

You must be taken to the nearest Facility that can give care for your condition. In certain cases we may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals from an ambulance service, even if you are not taken to a Facility.

Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family or Doctor are not a Covered Service.

Other non-covered ambulance services include, but are not limited to, trips to:

- a) A Doctor's office or clinic;
- b) A morgue or funeral home.

Important Notes on Air Ambulance Benefits

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if you are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility or a rehabilitation facility), or if you are taken to a Physician's office or your home.

Hospital to Hospital Transport

If you are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, you must be taken to the closest Hospital that can treat you. **Coverage is not available for air ambulance transfers simply because you, your family, or your Provider prefers a specific Hospital or Physician.**

Autism Spectrum Disorders

Your Plan provides coverage for any assessments, evaluations or tests by a licensed physician or licensed psychologist to diagnose whether an individual has an Autism Spectrum Disorder. Treatment of Autism Spectrum Disorders is covered when it is determined by a licensed physician or licensed psychologist that the treatment is Medically Necessary Health Care, as defined in this Booklet. A licensed physician or licensed psychologist may be required to demonstrate ongoing medical necessity for coverage at least annually. Please refer to your Schedule of Benefits for limits that may apply.

Such ancillary treatment may be subject to a deductible, based on service codes billed by the provider. Each type of service may be subject to different or multiple limits and/or other cost share, including copayments. See also “Manipulative/Adjustive Therapy”. Therapeutic, adjustive and manipulative services shall be covered whether performed by an allopathic, osteopathic or chiropractic doctor.

Clinical Trials

Benefits include coverage for services, such as routine patient care costs, given to you as a participant in an approved clinical trial if the services are Covered Services under this Plan. An “approved clinical trial” means a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

An enrollee is eligible for coverage for participation in an approved clinical trial if the enrollee meets the following conditions:

- a. The enrollee has a life-threatening illness for which no standard treatment is effective;
- b. The enrollee is eligible to participate according to the clinical trial protocol with respect to treatment of such illness
- c. The enrollee's participation in the trial offers meaningful potential for significant clinical benefit to the enrollee; and
- d. The enrollee's referring physician has concluded that the enrollee's participation in such a trial would be appropriate based upon the satisfaction of the conditions in paragraphs a, b and c.

Benefits are limited to the following trials:

 - a. The National Institutes of Health.
 - b. The Centers for Disease Control and Prevention.

 - f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
 - g. Any of the following in i-iii below if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines 1) to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and 2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
 - i. The Department of Veterans Affairs.
 - ii. The Department of Defense.
 - iii. The Department of Energy.
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration;
 3. Studies or investigations done for drug trials which are exempt from the investigational new drug application.

Your Plan may require you to use an In-Network Provider to maximize your benefits.

Routine patient care costs include items, services, and drugs provided to you in connection with an approved clinical trial that would otherwise be covered by this Plan.

All requests for clinical trials services, including services that are not part of approved clinical trials will be reviewed according to our Clinical Coverage Guidelines, related policies and procedures.

Your Plan is not required to provide benefits for the following services. We reserve our right to exclude any of the following services:

- i. The Investigational item, device, or service;
- ii. Items and services that are given only to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient;
- iii. A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis;
- iv. Any item or service that is paid for, or should have been paid for, by the sponsor of the trial.

Emergency Medical Condition

The sudden and, at the time, unexpected onset of a physical or mental health condition, including severe pain, manifesting itself by symptoms of sufficient severity, regardless of the final diagnosis that is given, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe:

A. That the absence of immediate medical attention for an individual could reasonably be expected to result in:

- (1) Placing the physical or mental health of the individual or, with respect to a pregnant woman, the health of the pregnant woman or her unborn child in serious jeopardy;
- (2) Serious impairment of a bodily function; or
- (3) Serious dysfunction of any organ or body part; or

B. With respect to a pregnant woman who is having contractions, that there is:

- (1) Inadequate time to effect a safe transfer of the woman to another hospital before delivery; or
- (2) A threat to the health or safety of the woman or unborn child if the woman were to be transferred to another hospital.

Emergency Care

Medically Necessary services will be covered whether you get care from an In-Network or Out-of-Network Provider. Emergency Care you get from an Out-of-Network Provider will be covered as an In-Network service and will not require precertification. The Out-of-Network Provider can only charge you any applicable Deductible, Coinsurance, and/or Copayment and cannot bill you for the difference between the

Maximum Allowed Amount and their billed charges until your condition is stable as described in the “Consolidated Appropriations Act of 2021 Notice” at the front of this Booklet. Your cost shares will be based on the Maximum Allowed Amount, and will be applied to your In-Network Deductible and In-Network Out-of-Pocket Limit.

The Maximum Allowed Amount for Emergency Care from an Out-of-Network Provider will be determined using the median Plan In-Network contract rate we pay In-Network Providers for the geographic area where the service is provided.

If you are admitted to the Hospital from the Emergency Room, be sure that you or your Doctor calls the Claims Administrator as soon as possible. We will review your care to decide if a Hospital stay is needed and how many days you should stay. See “Getting Approval for Benefits” for more details. If you or your Doctor fails to call the Contract Administrator, you may have to pay for services that are determined to be not Medically Necessary.

Treatment you get after your condition has stabilized is not Emergency Care. Please refer to the “Consolidated Appropriations Act of 2021 Notice” at the front of this Booklet for more details on how this will impact your Benefits.

Stabilize, with respect to an Emergency Medical Condition, means: To provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a Facility.

Fertility Services

Please see “Maternity and Reproductive Health Services” later in this section.

Gene Therapy Services

Your Plan includes benefits for gene therapy services, when the Claims Administrator approves the benefits in advance through Precertification. See “Getting Approval for Benefits” for details on the Precertification process. To be eligible for coverage, services must be Medically Necessary and performed by an approved Provider at an approved treatment center. Even if a Provider is an In-Network Provider for other services it may not be an approved Provider for certain gene therapy services. Please call the Contract Administrator to find out which providers are approved Providers. (When calling Member Services, ask for the Transplant Case Manager for further details.)

Services Not Eligible for Coverage

Your Plan does not include benefits for the following:

- i. Services determined to be Experimental / Investigational;
- ii. Services provided by a non-approved Provider or at a non-approved Facility; or
- iii. Services not approved in advance through Precertification.

Habilitative Services

Benefits also include habilitative health care services and devices that help you keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn’t walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Please see “Therapy Services” later in this section for further details.

Home Care Services

Benefits are available for Covered Services performed by a Home Health Care Agency or other Provider in your home. To be eligible for benefits, you must essentially be confined to the home, as an alternative to a Hospital stay, and be physically unable to get needed medical services on an outpatient basis. Services must be prescribed by a Doctor and the services must be so inherently complex that they can be safely and effectively performed only by qualified, technical, or professional health staff.

Covered Services include but are not limited to:

- Intermittent skilled nursing services by an R.N. or L.P.N.
- Medical / social services
- Diagnostic services
- Nutritional guidance
- Training of the patient and/or family/caregiver
- Home health aide services. You must be receiving skilled nursing or therapy. Services must be given by appropriately trained staff working for the Home Health Care Provider. Other organizations may give services only when approved by us, and their duties must be assigned and supervised by a professional nurse on the staff of the Home Health Care Provider or other Provider as approved by us.
- Therapy Services (except for Manipulation Therapy, which will not be covered when given in the home)
- Medical supplies
- Durable medical equipment

When available in your area, benefits are also available for Intensive In-home Behavioral Health Services. These do not require confinement to the home. These services are described in the “Mental Health and Substance Abuse Services” section below.

Home Infusion Therapy

See “Therapy Services” later in this section.

Hospice Care

You are eligible for hospice care if your Doctor and the Hospice medical director certify that you are terminally ill and likely have less than twelve (12) months to live. You may access hospice care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating Provider. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are Covered Services when given by a Hospice for the palliative care of pain and other symptoms that are part of a terminal disease. Palliative care means care that controls pain and relieves symptoms, but is not meant to cure a terminal illness. Covered Services include:

- Care from an interdisciplinary team with the development and maintenance of an appropriate plan of care.
- Short-term Inpatient Hospital care when needed in periods of crisis or as respite care.
- Skilled nursing services, home health aide services, and homemaker services given by or under the supervision of a registered nurse.
- Social services and counseling services from a licensed social worker.
- Nutritional support such as intravenous feeding and feeding tubes.
- Physical therapy, occupational therapy, speech therapy, and respiratory therapy given by a licensed therapist.

- Pharmaceuticals, medical equipment, and supplies needed for the palliative care of your condition, including oxygen and related respiratory therapy supplies.
- Bereavement (grief) services, including a review of the needs of the bereaved family and the development of a care plan to meet those needs, both before and after the Member's death. Bereavement services are available to the patient and those individuals who are closely linked to the patient, including the immediate family, the primary or designated care giver and individuals with significant personal ties, for one year after the Member's death.

Your Doctor must agree to care by the Hospice and must be consulted in the development of the care plan. The Hospice must keep a written care plan on file and give it to the Claims Administrator upon request.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to chemotherapy and radiation therapy, are available to a Member in Hospice. These services are covered under other parts of this Plan.

Human Organ and Tissue Transplant (Bone Marrow / Stem Cell) Services

Your Plan includes coverage for Medically Necessary human organ and tissue transplants. Certain transplants (e.g., cornea and kidney) are covered like any other surgery, under the regular inpatient and outpatient benefits described elsewhere in this Booklet.

In this section, you will see the term Covered Transplant Procedure, which is defined below:

Covered Transplant Procedure

As decided by the Claims Administrator, any Medically Necessary human solid organ, tissue, and stem cell / bone marrow transplants and infusions including necessary acquisition procedures, mobilization, collection and storage. It also includes Medically Necessary myeloablative or reduced intensity preparative chemotherapy, radiation therapy, or a combination of these therapies.

Prior Approval and Precertification

To maximize your benefits, you should call the Claims Administrator's Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation and/or work-up for a transplant. The Claims Administrator will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, or Exclusions apply. Call the Member Services phone number on the back of your Identification Card and ask for the transplant coordinator. Even if the Claims Administrator gives a prior approval for the Covered Transplant Procedure, you or your Provider must call the Transplant Department for Precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

Precertification is required before the Claims Administrator will cover benefits for a transplant. Your Doctor must certify, and the Claims Administrator must agree, that the transplant is Medically Necessary. Your Doctor should send a written request for Precertification to the Claims Administrator as soon as possible to start this process. Not getting Precertification will result in a denial of benefits.

Please note that there are cases where your Provider asks for approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or

collection and storage is NOT an approval for the later transplant. A separate Medical Necessity decision will be needed for the transplant.

Coverage for the cost of testing for bone marrow donation suitability

The Plan provides coverage for laboratory fees up to \$150 arising from human leukocyte antigen testing performed to establish bone marrow transplantation suitability in accordance with the following requirements:

- A. The covered member must meet the criteria for testing established by the National Marrow Donor Program, or its successor organization;
- B. The testing must be performed in a facility that is accredited by a national accrediting body with requirements that are substantially equivalent to or more stringent than those of the College of American Pathologists and is certified under the federal Clinical Laboratories Improvement Act of 1967, 42 United States Code, Section 263a;
- C. At the time of the testing, the covered member must complete and sign an informed consent form that authorizes the results of the test to be used for participation in the National Marrow Donor Program, or its successor organization, and acknowledges a willingness to be a bone marrow donor if a suitable match is found.

This benefit is limited to one test per lifetime.

Inborn Error of Metabolism

The Plan provides benefits for metabolic formula and special modified low-protein food products. They must be specifically manufactured for patients with diseases caused by inborn errors of metabolism. This benefit is limited to those members with diseases caused by inborn errors of metabolism.

Infant Formula

The Plan provides Benefits for amino acid-based elemental infant formula for children 2 years of age and under when a covered Provider has submitted documentation that the amino acid-based elemental infant formula is the predominant source of nutritional intake at a rate of 50% or greater and that other commercial infant formulas, including cow milk-based and soy milk-based formulas, have been tried and have failed or are contraindicated. A covered Provider may be required to confirm and document ongoing medical necessity at least annually.

Benefits for amino acid-based elemental infant formula will be provided without regard to the method of delivery of the formula.

Benefits are provided when a covered Provider has diagnosed and through medical evaluation has documented one of the following conditions:

- Symptomatic allergic colitis or proctitis;
- Laboratory – or biopsy-proven allergic or eosinophilic gastroenteritis;
- A history of anaphylaxis;
- Gastroesophageal reflux disease that is nonresponsive to standard medical therapies;

If you are pregnant on your Effective Date and in your second or third trimester of pregnancy (13 weeks or later) as of the Effective Date, benefits for obstetrical care will be available at the In-Network level even if an Out-of-Network Provider is used if you fill out a Continuation of Care Request Form and send it to the Claims Administrator. Covered Services will include the obstetrical care given by that Provider through the end of the pregnancy and the immediate post-partum period.

Important Note About Maternity Admissions: Under federal law, the Plan may not limit benefits for any Hospital length of stay for childbirth for the mother or newborn to less than 48 hours after vaginal birth, or less than 96 hours after a cesarean section (C-section). However, federal law as a rule does not stop the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours, or 96 hours, as applicable. In any case, as provided by federal law, the Plan may not require a Provider to get authorization from the Claims Administrator before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section.

Benefits include contraceptive devices such as diaphragms, intra uterine devices (IUDs), and implants. Certain contraceptives are covered under the "Preventive Care" benefit. Please see that section for further details.

- Egg retrievals where the cost was not covered by any carrier, self-insured health plan, or governmental program will not count toward the four completed egg retrieval limit.

This means many preventive care services are covered with no Deductible, Copayments or Coinsurance when you use an In-Network Provider.

Certain benefits for Members who have current symptoms or a diagnosed health problem may be covered under the “Diagnostic Services” benefit instead of this benefit, if the coverage does not fall within the state or ACA-recommended preventive services. Details on those guidelines can be found on the IRS's website at the following link:

<https://www.irs.gov/newsroom/irs-expands-list-of-preventive-care-for-hsa-participants-to-include-certain-care-for-chronic-conditions>

Transplant Services

See “Human Organ and Tissue Transplant” earlier in this section.

Urgent Care / Walk-In Center Services

Often an urgent rather than an Emergency health problem exists. An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit. Urgent health problems are not life threatening and do not call for the use of an Emergency Room. Urgent health problems include earache, sore throat, and fever (not above 104 degrees).

Benefits for urgent care include:

- X-ray services;
- Care for broken bones;
- Tests such as flu, urinalysis, pregnancy test, rapid strep;
- Lab services;
- Stitches for simple cuts; and
- Draining an abscess.

Virtual Visits (Telemedicine / Telehealth Visits)

Covered Services include virtual Telemedicine / Telehealth visits that are appropriately provided through the internet via video chat or voice. This includes visits with Providers who also provide services in person, as well as virtual care-only Providers.

- “Telemedicine / Telehealth” means the delivery of health care or other health services using electronic communications and information technology, including: live (synchronous) secure videoconferencing or secure instant messaging through our mobile app; interactive store and forward (asynchronous) technology, audio-only telephone when scheduled telehealth services are technologically unavailable at the time of the scheduled telehealth service, and the telephonic services are medically appropriate for the corresponding covered health care services, or remote patient monitoring technology.

Covered Services are provided to facilitate the diagnosis, consultation and treatment, education, care management and self-management of a patient's physical and/or mental health. In-person contact between a health care Provider and the patient is not required for these services, and the type of setting where these services are provided is not limited.

Please note: Not all services can be delivered through virtual visits. Certain services require equipment and/or direct physical hands-on care that cannot be provided remotely. Also, please note that not all Providers offer virtual visits.

Benefits do not include the use of facsimile, texting outside of our mobile app, electronic mail, or non-secure instant messaging. Benefits also do not include reporting normal lab or other test results, requesting office visits, getting answers to billing, insurance coverage or payment questions, asking for referrals to Providers outside our network, benefit precertification, or Provider to Provider discussions except as approved under “Office Visits and Doctor Services”.

If you have any questions about his coverage, please contact Member Services at the number on the back of your Identification Card.

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs that must be administered to you as part of a doctor's visit, home care visit, or at an outpatient Facility when they are Covered Services. This may include Drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any Drug that must be administered by a Provider. This section applies when a Provider orders the Drug and a medical Provider administers it to you in a medical setting.

Prescription Drugs you get from a Retail or Mail Order Pharmacy are not covered by this Plan.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, your prescribing Doctor may be asked to give more details before we can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated.
- Use of a Prescription Drug List (a formulary developed by the Claims Administrator) which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Compound drugs are a Covered Service when a commercially available dosage form of a Medically Necessary medication is not available, all the ingredients of the compound drug are FDA approved, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Precertification

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. The Claims Administrator will give the results of its decision to both you and your Provider.

For a list of Prescription Drugs that need precertification, please call the phone number on the back of your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with the Claims Administrator to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section “Getting Approval for Benefits” for more details.

If precertification is denied you have the right to file a Grievance as outlined in the “Complaints and Appeals” section of this Booklet.

Designated Pharmacy Provider

The Claims Administrator may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. An In-Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the In-Network Provider must have signed a Designated Pharmacy Provider Agreement with the Claims Administrator. You or your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to you or your Provider and administered in your Provider’s office, you and your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with you and your Provider to obtain Precertification and to assist shipment to your Provider’s office.

The Claims Administrator may also require you to use a Designated Pharmacy Provider to obtain Prescription Drugs for treatment of certain clinical conditions such as Hemophilia. The Claims Administrator reserves the right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to you. The Claims Administrator may, from time to time, change with or without advance notice, the Designated Pharmacy Provider for a Drug, if in its discretion, such change can help provide cost effective, value based and/or quality services.

If You are required to use a Designated Pharmacy Provider and you choose not to obtain your Prescription Drug from a Designated Pharmacy Provider, you will not have coverage for that Prescription Drug.

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your Doctor about alternatives to certain prescribed Drugs. The Claims Administrator may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic Drug substitutes, call Member Services at the phone number on the back of your Identification Card.

Continuity of Prescription Drugs

The Plan reserves the right to request a review of your previous insurance carrier’s prescription drug prior authorization with your prescribing provider. If your provider participates in the review and requests that the prior authorization be continued, the Claims Administrator will honor the previous insurance carrier’s prior authorization for a period not to exceed 6 months beginning with your effective date of coverage on this Plan.

What's Not Covered

In this section you will find a review of items that are not covered by your Plan. Excluded items will not be covered even if the service, supply, or equipment is Medically Necessary. This section is not meant to be a complete list of all the items that are excluded by your Plan.

If you or your Doctor believes you need to use a different Prescription Drug, please have your Doctor or pharmacist get in touch with the Claims Administrator. The Claims Administrator will review benefits for the Prescription Drug from time to time to make sure the Drug is still Medically Necessary.

Claims Payment

This section describes how the Claims Administrator reimburses claims and what information is needed when you submit a claim. When you receive care from an In-Network Provider, you do not need to file a claim because the In-Network Provider will do this for you. If you receive care from an Out-of-Network Provider, you will need to make sure a claim is filed. Many Out-of-Network Hospitals, Doctors and other Providers will file your claim for you, although they are not required to do so. If you file the claim, use a claim form as described later in this section.

Maximum Allowed Amount

General

This section describes how the Claims Administrator determines the amount of reimbursement for Covered Services. Reimbursement for services rendered by In-Network and Out-of-Network Providers is based on this Booklet's Maximum Allowed Amount for the Covered Service that you receive. Please see "Inter-Plan Arrangements" later in this section for additional information.

The Maximum Allowed Amount for this Booklet is the maximum amount of reimbursement this Plan will allow for services and supplies:

- That meet the definition of Covered Services, to the extent such services and supplies are covered under your Booklet and are not excluded;
- That are Medically Necessary; and
- That are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in your Booklet.

You will be required to pay a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Except for Surprise Billing Claims*, when you receive Covered Services from an Out-of-Network Provider, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

*Surprise Billing Claims are described in the "Consolidated Appropriations Act of 2021 Notice" at the front of this Booklet. Please refer to that section for further details.

When you receive Covered Services from a Provider, the Claims Administrator will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect our determination of the Maximum Allowed Amount. The application of these rules does not mean that the Covered Services you received were not Medically Necessary. It means we have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Doctor or other healthcare professional, the Maximum Allowed Amounts may be reduced for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those

procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network Provider or an Out-of-Network Provider.

An In-Network Provider is a Provider who is in the managed network for this specific Plan or in a special Center of Medical Excellence/or other closely managed specialty network, or who has a participation contract with the Claims Administrator. For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for this Booklet is the rate the Provider has agreed to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding an In-Network Provider or visit www.anthem.com.

Providers who have not signed any contract with the Claims Administrator and are not in any of the Claims Administrator's networks are Out-of-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers.

Except for Surprise Billing Claims, we will calculate the Maximum Allowed Amount for Covered Services you receive from an Out-of-Network Provider using one of the following:

1. An amount based on the Claims Administrator's network or non-network provider fee schedule/rate (as required by law), which the Claims Administrator has established in its discretion, and which the Claims Administrator reserves the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar providers contracted with the Claims Administrator, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed amount upon the level or method of reimbursement used by CMS, the Claims Administrator will update such information, which is unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers' fees and costs to deliver care, or
4. An amount negotiated by the Claims Administrator or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management, or
5. An amount based on or derived from the total charges billed by the Out-of-Network Provider.

Providers who are not contracted for this plan but are contracted for other plans with the Claims Administrator are also considered Out-of-Network. For this Booklet, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between the Claims Administrator and that Provider specifies a different amount or if your claim involves a Surprise Billing Claim.

For Covered Services rendered outside Anthem's Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan's non-participating provider fee schedule / rate or

the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing the Claims Administrator would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price.

Unlike In-Network Providers, Out-of-Network Providers may send you a bill and collect for the amount of the Provider's charge that exceeds the Maximum Allowed Amount unless your claim involves a Surprise Billing Claim. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing an In-Network Provider will likely result in lower out of pocket costs to you. Please call Member Services for help in finding an In-Network Provider or visit www.anthem.com.

Member Services is also available to assist you in determining this/your Plan's Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order to assist you, you will need to obtain from your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate your out of pocket responsibility. Although Member Services can assist you with this pre-service information, the final Maximum Allowed Amount for your claim will be based on the actual claim submitted by the Provider.

Member Cost Share

For certain Covered Services and depending on your Plan design, you may be required to pay a part of the Maximum Allowed Amount as your cost share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost share amount and Out-of-Pocket Limits may vary depending on whether you received services from an In-Network or Out-of-Network Provider. Specifically, you may be required to pay higher cost sharing amounts or may have limits on your benefits when using Out-of-Network Providers. Please see the "Schedule of Benefits" in this Booklet for your cost share responsibilities and limitations, or call Member Services to learn how this Booklet's benefits or cost share amounts may vary by the type of Provider you use.

The Plan will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by your Provider for non-Covered Services, regardless of whether such services are performed by an In-Network or Out-of-Network Provider. Non-covered services include services specifically excluded from coverage by the terms of your Plan and received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, benefit caps or day/visit limits.

Authorized Services

In some circumstances, such as where there is no In-Network Provider available for the Covered Service, the Plan may authorize the In-Network cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service you receive from an Out-of-Network Provider. In such circumstances, you must contact the Claims Administrator in advance of obtaining the Covered Service. The Claims Administrator also may authorize the In-Network cost share amounts to apply to a claim for Covered Services if you receive Emergency services from an Out-of-Network Provider and are not able to contact the Claims Administrator until after the Covered Service is rendered. If the Claims Administrator authorizes a Network cost share amount to apply to a Covered Service received from an Out-of-Network Provider, you will not be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge unless your claim involves a Surprise Billing Claim. Please contact Member Services for Authorized Services information or to request authorization.

Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

Claims Review

The Claims Administrator has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balanced billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

Notice of Claim & Proof of Loss

After you get Covered Services, we must receive written notice of your claim in order for benefits to be paid.

- In-Network Providers will submit claims for you. They are responsible for ensuring that claims have the information we need to determine benefits. If the claim does not include enough information, we will ask them for more details, and they will be required to supply those details within certain timeframes.
- Out-of-Network claims can be submitted by the Provider if the Provider is willing to file on your behalf. However, if the Provider is not submitting on your behalf, you will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claims form, you can send a written request to us, or contact Member Services and ask for a claims form to be sent to you. We will send the form to you within 15 days. If you do not receive the claims form, within 15 days, you can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:
 - Name of patient.
 - Patient's relationship with the Subscriber.
 - Identification number.
 - Date, type, and place of service.
 - Your signature and the Provider's signature.

Out-of-Network claims must be submitted within 90 days. In certain cases, state or federal law may allow additional time to file a claim, if you could not reasonably file within the 90-day period. The claim must have the information we need to determine benefits. If the claim does not include enough information, we will ask you for more details and inform you of the time by which we need to receive that information. Once we receive the required information, we will process the claim according to the terms of your Plan. Claims will be paid 30 days of the date we get the completed claim and proof of loss.

Please note that failure to submit the information we need by the time listed in our request could result in the denial of your claim, unless state or federal law requires an extension. Please contact Member Services if you have any questions or concerns about how to submit claims.

Member's Cooperation

You will be expected to complete and submit to the Claims Administrator all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure

reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate, you will be responsible for any charge for services.

Payment of Benefits

The Claims Administrator may make payments directly to Providers for Covered Services. In no event, however, shall our right to make payments directly to a Provider be deemed to suggest that any Provider is a beneficiary with independent claims and appeal rights under the Plan. The Claims Administrator reserves the right to make payments directly to you as opposed to any Provider for Covered Service, at its discretion. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the Out-of-Network Provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an Alternate Recipient (which is defined herein as any child of a Subscriber who is recognized under a "Qualified Medical Child Support Order" as having a right to enrollment under the Group's Plan), or that person's custodial parent or designated representative. Any payments made will discharge the Plan's obligation to pay for Covered Services. You cannot assign your right to receive payment to anyone, except as required by a "Qualified Medical Child Support Order" as defined by, and if subject to, ERISA or any applicable Federal law.

Once a Provider performs a Covered Service, the Claims Administrator will not honor a request to withhold payment of the claims submitted.

The coverage, rights, and benefits under the Plan are not assignable by any Member without the written consent of the Plan, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the Plan and/or law, sue or otherwise begin legal action, or request Plan documents or any other information that a Participant or beneficiary may request under ERISA. Any assignment made without written consent from the Plan will be void and unenforceable.

Inter-Plan Arrangements

Out-of-Area Services

Overview

Anthem has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the geographic area the Claims Administrator serves (the "Anthem Service Area"), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Service Area, you will receive it from one of two kinds of Providers. Most Providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some Providers ("nonparticipating providers") don't contract with the Host Blue. Explained below is how both kinds of Providers are paid.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When you receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to the Claims Administrator.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue’s Service Area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If Anthem has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Plan / Employer on your behalf, Anthem will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Nonparticipating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When Covered Services are provided outside of Anthem's Service Area by non-participating providers, the Plan may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment the Plan will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency services.

2. **Exceptions**

In certain situations, the Plan may use other pricing methods, such as billed charges or the pricing the Plan would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price to determine the amount the Plan will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment the Plan makes for the Covered Services as set forth in this paragraph.

Coordination of Benefits When Members Are Insured Under More Than One Plan

Coordination of Benefits

All benefits of the contract are subject to coordination of benefits (COB). COB is a formula that determines how benefits are paid to members covered by more than one contract. It helps keep down the cost of health coverage by ensuring that the total benefits you receive from all contracts do not exceed the cost of covered services.

COB sets the payment responsibilities for any contract that covers you, such as:

- Group, individual (also known as non-group), self-insured plans, franchise, or blanket insurance, including coverage through a school or other educational institution but excluding school accident type coverage;
- Group practice, individual practice, and other prepaid group coverage, labor-management trustee plan, union welfare plan, employer organization plan, or employee benefit organization plan; or
- Other insurance that provides medical benefits.

The contract with primary responsibility provides full benefits for covered services as if there were no other coverage. The contract with secondary responsibility may provide benefits for covered services in addition to those of the primary contract. When there are more than two contracts covering the person, the contract may be primary to one or more contracts, and may be secondary to another contract or contracts. All benefits are limited to the contract maximums or to the maximum allowance for the services you receive.

The following are non-Allowable expenses:

- The amount that is subject to the Primary high-deductible health plan's deductible, if we have been advised by you that all Plans covering you are high-deductible health plans and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue code of 1986.

When you have duplicate coverage:

- If the other contract does not contain a COB clause or does not allow coordination of benefits with this contract, the benefits of that contract will be primary;
- If both contracts contain a COB clause allowing the coordination of benefits with this contract, we will determine benefit payments by using the first of the following rules that applies:
 1. **Non-Dependent/Dependent** The benefits of the contract that covers you as an employee or subscriber will be determined before the benefits of the contract that covers you as a dependent are determined.
 2. **Dependent Children (Parents Not Legally Separated or Divorced)** For claims on covered dependent children, the contract of the parent whose birthday occurs first in the year will be primary. If both parents have the same birthday, the contract that has covered one parent longer will be primary over the contract that has covered the other parent for a shorter period. If the other contract does not include the rule described immediately above, but instead has a rule based on the gender of the parent, and as a result the contracts do not agree on the order of benefits, the rule in this contract will determine the order of benefits.
 3. **Dependent Children (Parents Legally Separated or Divorced)** In the case of legal separation or divorce, the coverage of the parent with custody will be primary. If the parent with custody has remarried, coverage of the parent's spouse will be secondary, and the coverage of the parent without custody will be last. Whenever a court decree specifies the parent who is financially responsible for the dependent's health care expenses, the coverage of that parent's contract will be primary. If a court decree states that the parents have joint custody, without stating that one or the other parent is responsible for the health care expenses of the child, the order of benefits is determined by following rule two.

4. **Active/Inactive Employee** The benefits of a contract that covers a person as an employee who is neither laid-off nor retired (or as that employee's dependent) are determined before those of a contract that covers the person as a laid-off or retired employee (or as that employee's dependent). If the other coverage does not include this provision, and as a result, the contracts do not agree on the order of benefits, rule six applies.
5. **Continuation of Coverage** If a person whose coverage is provided under the right of continuation pursuant to a federal or state law is also covered by another contract, the benefits of the contract covering the person as an employee or subscriber, or as the dependent of an employee or subscriber, will be primary. The benefits of the continuation coverage will be secondary. If the other contract does not include this provision regarding continuation coverage, rule six applies.
6. **Longer/Shorter Length of Coverage** If none of the rules above determines the order of benefits, the benefits of the contract that has covered the employee or subscriber longer will be determined before those of the contract that has covered the person for a shorter period.

We reserve the right to:

- Take any action needed to carry out the terms of this section;
- Exchange information with an insurance company or other party;
- Recover the Plan's excess payment from another party or reimburse another party for its excess payment; and
- Take these actions when we decide they're necessary without notifying the covered persons.

Credit toward deductible

When an insured is covered under more than one expense-incurred health plan, payments made by the primary plan, payments made by the insured and payments made from a health savings account or similar fund for benefits covered under the secondary plan must be credited toward the deductible of the secondary plan. This subsection does not apply if the secondary plan is designed to supplement the primary plan.

Subrogation and Reimbursement

These Subrogation and Reimbursement provisions apply when the Plan pays benefits as a result of injuries or illnesses You sustained, and You have a right to a Recovery or have received a Recovery from any source.

Definitions

As used in these Subrogation and Reimbursement provisions, “You” or “your” includes anyone on whose behalf the plan pays benefits. These Subrogation and Reimbursement provisions apply to all current or former plan participants and plan beneficiaries. The provisions also apply to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. The Plan’s rights under these provisions shall also apply to the personal representative or administrator of Your estate, Your heirs or beneficiaries, minors, and legally incompetent or disabled persons. If the covered person is a minor, any amount recovered by the minor, the minor’s trustee, guardian, parent, or other representative, shall be subject to these Subrogation and Reimbursement provisions. Likewise, if the covered person’s relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, or because of the death of the covered person, that Recovery shall be subject to this provision, regardless of how any Recovery is allocated or characterized.

As used in these Subrogation and Reimbursement provisions, “Recovery” includes, but is not limited to, monies received from any person or party, any person’s or party’s liability insurance coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, workers’ compensation insurance or fund, premises medical payments coverage, restitution, or “no-fault” or personal injury protection insurance and/or automobile medical payments coverage, or any other first or third party insurance coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements allocate or characterize the money you receive as a Recovery, it shall be subject to these provisions.

Subrogation

Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to, or stand in the place of, all of Your rights of recovery with respect to any claim or potential claim against any party, due to an injury, illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan has the right to recover payments it makes on your behalf from any party or insurer responsible for compensating you for your illnesses or injuries. The Plan has the right to take whatever legal action it sees fit against any person, party, or entity to recover the benefits paid under the Plan. The Plan may assert a claim or file suit in Your name and take appropriate action to assert its subrogation claim, with or without your consent. The Plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an injury, illness or condition, you agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that injury, illness or condition, up to and including the full amount of your recovery. If you obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf. You must promptly reimburse the Plan from any Recovery to the extent of benefits the Plan paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.

Secondary to Other Coverage

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal injury protection policy regardless of any election made by you to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any coordination of benefits term to the contrary.

Assignment

In order to secure the Plan's rights under these Subrogation and Reimbursement Provisions, you agree to assign to the Plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the Plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim you may have regardless of whether you choose to pursue the claim.

Applicability to All Settlements and Judgments

Notwithstanding any allocation or designation of your Recovery made in any settlement agreement, judgment, verdict, release, or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery you make. Furthermore, the Plan's rights under these Subrogation and Reimbursement provisions will not be reduced due to your own negligence. The terms of these Subrogation and Reimbursement provisions shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the terms of any settlement, judgment, or verdict pertaining to your Recovery identify the medical benefits the Plan provided or purport to allocate any portion of such Recovery to payment of expenses other than medical expenses. The Plan is entitled to recover from any Recovery, even those designated as being for pain and suffering, non-economic damages, and/or general damages only.

Constructive Trust

By accepting benefits from the Plan, you agree that if you receive any payment as a result of an injury, illness or condition, you will serve as a constructive trustee over those funds. You and your legal representative must hold in trust for the Plan the full amount of the Recovery to be paid to the Plan immediately upon receipt. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the Plan. Any Recovery you obtain must not be dissipated or disbursed until such time as the Plan has been repaid in accordance with these Subrogation and Reimbursement provisions.

Lien Rights

The Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of your illness, injury or condition upon any Recovery related to treatment for any illness, injury or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds from Your Recovery including, but not limited to, you, your representative or agent, and/or any other source possessing funds from your Recovery. You and your legal representative acknowledge that the portion of the Recovery to which the Plan's equitable lien applies is a Plan asset. The Plan shall be entitled to equitable relief, including without limitation restitution, the imposition of a constructive trust or an injunction, to the extent necessary to enforce the Plan's lien and/or to obtain (or preclude the transfer, dissipation or disbursement of) such portion of any Recovery in which the Plan may have a right or interest.

First-Priority Claim

By accepting benefits from the Plan, you acknowledge the Plan's rights under these Subrogation and Reimbursement provisions are a first priority claim and are to be repaid to the Plan before you receive any Recovery for your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any Recovery, even if such payment to the Plan will result in a Recovery which is insufficient to make you whole or to compensate you in part or in whole for the losses, injuries, or illnesses you sustained. The "made-whole" rule does not apply. To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan's subrogation claim and any claim held by

you, the Plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs. The Plan is not responsible for any attorney fees, attorney liens, other expenses or costs you incur. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Cooperation

You agree to cooperate fully with the Plan's efforts to recover benefits paid. The duty to cooperate includes, but is not limited, to the following:

- You must promptly notify the Plan of how, when and where an accident or incident resulting in personal injury or illness to you occurred, all information regarding the parties involved and any other information requested by the Plan.
- You must notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your injury, illness or condition.
- You must cooperate with the Plan in the investigation, settlement and protection of the Plan's rights. In the event that you or your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- You and your agents shall provide all information requested by the Plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal injury litigation.
- You recognize that to the extent that the Plan paid or will pay benefits under a capitated agreement, the value of those benefits for purposes of these provisions will be the reasonable value of those payments or the actual paid amount, whichever is higher.
- You must not do anything to prejudice the Plan's rights under these Subrogation and Reimbursement provisions. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan.
- You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.
- You must promptly notify the Plan if you retain an attorney or if a lawsuit is filed on your behalf.
- You must immediately notify the Plan if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

In the event that you or your legal representative fails to do whatever is necessary to enable the Plan to exercise its rights under these Subrogation and Reimbursement provisions, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.

If you fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of your Recovery whichever is less, from any future benefit under the Plan if:

1. The amount the Plan paid on your behalf is not repaid or otherwise recovered by the Plan; or
2. You fail to cooperate.

In the event you fail to disclose the amount of your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.

The Plan shall also be entitled to recover any of the unsatisfied portion of the amount the Plan has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the Plan has made

payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse you.

You acknowledge the Plan has the right to conduct an investigation regarding the injury, illness or condition to identify potential sources of recovery. The Plan reserves the right to notify all parties and their agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge the Plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq*, to share your personal health information in exercising these Subrogation and Reimbursement provisions.

The Plan is entitled to recover its attorney's fees and costs incurred in enforcing its rights under these Subrogation and Reimbursement provisions.

Discretion

The Plan Administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provisions of this Plan in its entirety and reserves the right to make changes as it deems necessary.

Complaints and Appeals and External Review Procedures

The Claims Administrator wants your experience to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your Plan or a service you have received. In those cases, please contact Member Services by calling the number on the back of your ID card. The Claims Administrator will try to resolve your complaint informally by talking to your Provider or reviewing your claim. If you are not satisfied with the resolution of your complaint, you have the right to file a Complaint or Appeal, as described below:

Complaints and Appeals

Complaints

The Claims Administrator's Member Services Representatives are ready to help Members resolve complaints about claims processing, benefit choices, enrollment, or health care given to you by your Provider. A Member Services Representative may need to send your complaint to another area for response. The staff that gets the Member complaint will review and quickly give a finding to the Member on the complaint. The Claims Administrator will make a good faith effort to get all information quickly. Your Provider may ask by phone, fax or in writing for the Claims Administrator to reconsider an adverse determination within one working day after the Claims Administrator gets the request. The review will be done by the person who made the adverse determination or by a peer if the first person cannot be on hand within one working day.

For first Utilization Review findings, the Claims Administrator will make the decision and will let the Covered Person and their Provider know the result within 2 working days after getting all needed information on a proposed hospital stay, treatment or service that calls for a review decision.

If more information is needed, a final decision will be made within thirty (30) days after the added information is received. If your complaint is not resolved to your satisfaction, you may seek help through the Appeal process outlined below. Enrollees may begin a first level Appeal at any time.

Complaints Requiring Immediate Intervention

If you are not happy with a finding on a service, we will work with the health care provider to answer quickly to the concern. This will happen before the need for services, when possible, or within 48 hours after receiving all necessary information.

Concurrent review decisions

The Claims Administrator will make the decision within one working day after getting all needed information.

In the case of a decision to approve a longer stay or more services, the Claims Administrator notifies the Member and the Provider rendering the service within one working day. The written notice will include the number of added days or next review date, the new total number of days or services approved, and the date of admission or initiation of services.

In the case of an adverse determination, the Claims Administrator notifies the Member and the Provider rendering the service within one working day. The service will continue without liability to the Member until the Member has been told of the finding.

Expedited Appeals

The Claims Administrator has a written process for the expedited review of an adverse determination involving a situation where the time frame of the standard review procedures would seriously threaten the life or health of a Member or would risk the Member's ability to get back maximum function. An expedited appeal will be available to, and may be requested by, the Member or the Provider acting for the Member.

Expedited appeals will be reviewed by a clinical peer or peers. The clinical peer/s will not have been part of the first adverse determination.

The Claims Administrator will provide expedited review to all requests for a hospital stay, availability of care, continued stay or health care service for a Member who has received emergency services but has not been discharged from a facility.

In an expedited review, all needed information, including the Claims Administrator's finding, will be shared between the Claims Administrator and the Member or the Provider acting for the covered person by telephone, facsimile, electronic means or the quickest method available.

In an expedited review, the Claims Administrator will make a decision and notify the Member and the Provider acting for the Member by phone as quickly as the Member's medical condition requires, but not more than 72 hours after the review is begun. If the expedited review is a concurrent review decision of emergency services or of an initially authorized hospital stay or course of treatment, the service will be continued without liability to the Member until the Member has been notified of the finding.

If the first notice was not in writing, the Claims Administrator will confirm its finding about the expedited review in writing within 2 working days of providing notice of that finding.

Appeals

Level One Appeal Process

You or your authorized representative, if not satisfied with the first decision or the finding on a complaint, may Appeal the decision to the Claims Administrator's Appeals Department. An Appeal may be done orally or in writing and must include specific reasons why you or your representative do not agree with the finding. Appeal of a finding must be sent within one-hundred-eighty (180) calendar days of the date the finding was made, unless there are special circumstances. The Claims Administrator has the right to review the reason for the delay and find out whether they warrant acceptance of the Level One Appeal past the 180-day time frame.

On Appeal, the file will be reviewed. Appeals will be reviewed by a clinical peer or peers who have not been involved with a prior finding. In an appeal of an adverse health care treatment decision, you have the right to review the claim file. More information may be submitted by or for the Member, any treating physician, or the Claims Administrator as part of the internal process. A finding will be made within thirty (30) days after the Claims Administrator receives the request for an Appeal.

The decision will include:

- The names, titles and information that qualifies the person or persons evaluating the appeal;
- A statement of the reviewers' understanding of the reason for the Covered Person's request for an Appeal;
- The reviewers' finding in clear terms and the reason in enough detail for the Covered Person to respond to the health carrier's finding;
- A reference to the evidence or information used as the basis for the finding, including the clinical review materials used to make the decision. The finding shall include instructions for requesting copies of any referenced evidence, documents or clinical review information not already provided to the Member. Where a Member had already sent in a written request for the review criteria used by the Claims Administrator in giving its first Adverse Determination, the finding shall include copies of any additional clinical review criteria used in arriving at the decision.

- The notice must advise of any additional appeal rights, and the process and time limit for exercising those rights. Notice of external review rights must be provided to the Enrollee and a description of the process for sending in a written request for second level grievance review.

When the finding is made, if the Member, or Member representative, does not agree with the finding, they may submit a voluntary second level Appeal to the Claims Administrator, request an external review, and/or bring legal action against the Plan.

If you choose to request a voluntary second level Appeal, you may meet with the review panel in person, or at the Claims Administrator's expense by conference call, video conferencing or other appropriate technology to present your concerns with our adverse determination.

Level Two Appeal Process

On a level two appeal, the entire record will be reviewed. Appeals of a clinical nature will be reviewed by a clinical peer or peers who have not been involved with the prior finding. Additional information may be sent in by or for the Member, any treating Physician, or the Claims Administrator. You or your representative may meet with the review panel. If you do not request to meet in person, the decision for second level grievance reviews will be made within 30 calendar days. If you do request to appear in person, the review will be done within forty-five (45) days after the Claims Administrator receives the Member's Level Two Appeal. A written decision will be sent to the Member within five (5) working days of the review. Once a final decision has been made by the Second Level Appeal panel, the Member may then ask for an external review, and/or bring legal action against the Plan.

In any Appeal under this procedure in which a professional medical opinion about a health condition is an issue, you may have the right to an independent second opinion, of a provider of the same specialty, paid for by the plan.

Upon the request of a Member, the Claims Administrator shall provide to the Member all information that was used for that finding that is not confidential or privileged.

A Member has the right to:

- Attend the second level review;
- State his or her case to the review panel;
- Submit added material both before and at the review meeting;
- Ask questions of any employee in the meeting; and
- Be assisted or represented by a person of his or her choice.

If, after the denial, the Claims Administrator considers, relies on or generates any new or additional evidence in connection with your claim, they will provide you with that new or additional evidence, free of charge. The Claims Administrator will not base the appeal decision on a new or additional rationale without first providing you (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If the Claims Administrator fails to follow the Appeal procedures outlined under this section the Appeals process may be deemed exhausted. However, the Appeals process will not be deemed exhausted due to minor violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond the Claims Administrator's control.

External Review Process

If the outcome of all mandatory appeals is adverse to you and it was based on medical judgment, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the Claims Administrator within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the Claims Administrator determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through our internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the Claims Administrator's decision, can be sent between the Claims Administrator and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the Claims Administrator at the number shown on your identification card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the Claims Administrator determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross and Blue Shield
ATTN: Grievance & Appeals/External Appeals
2 Gannett Drive
South Portland, ME 04106

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care plan. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA.

Limitation of Actions

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced no earlier than 60 days after the Claims Administrator receives the claim or other request for benefits and within three years of the final decision on the claim or other request for benefits. If the Claims Administrator decides an appeal is untimely, their latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the internal appeals process before filing a lawsuit or other legal action of any kind against the Claims Administrator. If your health benefit plan is sponsored by your employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and your appeal as described above results in an adverse benefit determination, you have a right to bring a civil action under Section 502(a) of ERISA within one year of the appeal decision.

The Claims Administrator reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

Eligibility and Enrollment – Adding Members

In this section you will find information on who is eligible for coverage under this Plan and when Members can be added to your coverage. Eligibility requirements are described in general terms below. For more specific information, please see your Human Resources or Benefits Department.

Who is Eligible for Coverage

The Subscriber

To be eligible to enroll as a Subscriber, the individual must:

- Be an employee, member, or retiree of the Group, and;
- Be entitled to participate in the benefit Plan arranged by the Group;
- Have satisfied any probationary or waiting period established by the Group and (for non-retirees) perform the duties of your principal occupation for the Group.

Dependents

To be eligible to enroll as a Dependent, you must be listed on the enrollment form completed by the Subscriber, meet all Dependent eligibility criteria established by the Group, and be one of the following:

- The Subscriber's spouse. For information on spousal eligibility please contact the Group. The Subscriber's spouse as recognized under state or federal law. This includes same sex spouses when legally married in a state that recognizes same-sex marriages. If the Subscriber's legal spouse is eligible to be covered as a subscriber under the spouse's employer's employer-sponsored group health plan, the spouse is not eligible for coverage under this Plan, except as described under Special Enrollment. If an employee and spouse/domestic partner are both eligible for employee coverage, only one will be eligible for coverage with respect to dependents. In addition, the spouse/domestic partner may be deemed to be a dependent and not an employee with respect to the parts of this Plan which provide both employee and dependent coverage.
- The Subscriber's Domestic Partner, if Domestic Partner coverage is allowed under the Group's Plan. Please contact the Group to determine if Domestic Partners are eligible under this Plan. Domestic Partner, or Domestic Partnership means a person of the same or opposite sex who has signed the Domestic Partner Affidavit certifying that he or she is the Subscriber's sole Domestic Partner and has been for 6 months or more; he or she is mentally competent; he or she is not related to the Subscriber by blood closer than permitted by state law for marriage; he or she is not married to anyone else; and he or she is financially interdependent with the Subscriber.

For purposes of this Plan, a Domestic Partner shall be treated the same as a spouse, and a Domestic Partner's child, adopted child, or child for whom a Domestic Partner has legal guardianship shall be treated the same as any other child.

Any federal or state law that applies to a Member who is a spouse or child under this Plan shall also apply to a Domestic Partner or a Domestic Partner's child who is a Member under this Plan. This includes but is not limited to, COBRA, FMLA, and COB. A Domestic Partner's or a Domestic Partner's child's coverage ends on the date of dissolution of the Domestic Partnership.

To apply for coverage as Domestic Partners, both the Subscriber and the Domestic Partner must complete and sign the Affidavit of Domestic Partnership in addition to the Enrollment Application, and must meet all criteria stated in the Affidavit. Signatures must be witnessed and notarized by a notary

public. We reserve the right to make the ultimate decision in determining eligibility of the Domestic Partner.

- The Subscriber's or the Subscriber's spouse's children, including natural children, stepchildren, newborn and legally adopted children and children who the Group has determined are covered under a Qualified Medical Child Support Order as defined by ERISA or any applicable state law.
- Children for whom the Subscriber or the Subscriber's spouse is a legal guardian or as otherwise required by law.

All enrolled eligible children will continue to be covered until the age limit listed in the Schedule of Benefits. Coverage may be continued past the age limit in the following circumstances:

- For those already enrolled unmarried Dependents who cannot work to support themselves due to a cognitive, intellectual, or physical impairment. The Dependent's impairment must start before the end of the period they would become ineligible for coverage. We must be informed of the Dependent's eligibility for continuation of coverage within 31 days after the Dependent would normally become ineligible. You must then give proof as often as the Claims Administrator requires. This will not be more often than once a year after the two-year period following the child reaching the limiting age. You must give the proof at no cost to the Claims Administrator.

The Plan may require you to give proof of continued eligibility for any enrolled child. Your failure to give this information could result in termination of a child's coverage.

To obtain coverage for children, the Plan may require you to give the Claims Administrator a copy of any legal documents awarding guardianship of such child(ren) to you.

Types of Coverage

The types of coverage available to the Employee are indicated at the time of enrollment through the Employer.

When You Can Enroll

If you wish to add eligible family members you must:

- Notify the Office of Employee Health & Wellness within 60 days of qualifying life event by filing a completed application with required supporting documentation; and
- Pay the applicable cost for the Plan.

In most cases, the effective date of coverage for added family members will not be the same as your effective date of coverage. The Office of Employee Health & Wellness can tell you when enrollment for added family members is allowed under this Plan.

You will need to enroll within 60 days of your hire date. If you miss this initial enrollment period, you will not be able to participate in the plan until the next annual enrollment period, unless you qualify under a Special Enrollment Period or experience a Qualifying event as described below.

Initial Enrollment

Your Employer will offer an initial enrollment period to new Subscribers and their Dependents when the Subscriber is first eligible for coverage. Coverage will be effective based on any applicable waiting period, and will not exceed 90 days.

If you did not enroll yourself and/or your Dependents during the initial enrollment period you will only be able to enroll during an Open Enrollment period or during a Special Enrollment period, as described below.

Open Enrollment

Open Enrollment refers to a period of time, usually 60 days, during which eligible Subscribers and Dependents can apply for or change coverage. Open Enrollment occurs only once per year. Your Employer will notify you when Open Enrollment is available.

Special Enrollment Periods

If a Subscriber or Dependent does not apply for coverage when they were first eligible, they may be able to join the Plan prior to Open Enrollment if they qualify for Special Enrollment. Except as noted otherwise below, the Subscriber or Dependent must request Special Enrollment within 60 days of a qualifying event.

Special Enrollment is available for eligible individuals who:

- Lost eligibility under a prior health plan for reasons other than non-payment of premium or due to fraud or intentional misrepresentation of a material fact.
- Exhausted COBRA benefits or stopped receiving group contributions toward the cost of the prior health plan.
- Lost employer contributions towards the cost of the other coverage;
- Are now eligible for coverage due to marriage, birth, adoption, or placement for adoption.

Important Notes about Special Enrollment:

- Members who enroll during Special Enrollment are **not** considered Late Enrollees.
- Individuals must request coverage within 60 days of a qualifying event (i.e., marriage, exhaustion of COBRA, etc.).

Medicaid and Children's Health Insurance Program Special Enrollment

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program)

The Subscriber or Dependent must request Special Enrollment within 60 days of the above events.

Late Enrollees

If the Subscriber does not enroll themselves and/or their Dependents when first eligible or during a Special Enrollment period, they will not be eligible to enroll until the next Open Enrollment Period.

Members Covered Under the Group's Prior Plan

Members who were previously enrolled under another plan offered by the Employer that is being replaced by this Plan are eligible for coverage on the Effective Date of this coverage.

Enrolling Dependent Children

Newborn Children

Newborn children are covered automatically from the moment of birth for 31 days. Following the birth of a child, you should submit an application / change form to the Group within 60 days to add the newborn to your Plan, and continue the coverage beyond 31 days.

Even if no additional Premium is required, you should still submit an application / change form to the Group to add the newborn to your Plan, to make sure we have accurate records and are able to cover your claims.

Adopted Children

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date of an entry of an order granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Your Dependent's Effective Date will be the date of the adoption or placement for adoption if you send the Claims Administrator the completed application / change form within 60 days of the event.

Adding a Child due to Award of Legal Custody or Guardianship

If you or your spouse is awarded legal custody or guardianship for a child, an application must be submitted within 60 days of the date legal custody or guardianship is awarded by the court. Coverage will be effective on the date the court granted legal custody or guardianship.

Qualified Medical Child Support Order

If you are required by a qualified medical child support order or court order, as defined by ERISA and/or applicable state or federal law, to enroll your child in this Plan, we will permit the child to enroll at any time without regard to any Open Enrollment limits and will provide the benefits of this Plan according to the applicable requirements of such order. However, a child's coverage will not extend beyond any Dependent Age Limit listed in the Schedule of Benefits.

Updating Coverage and/or Removing Dependents

You are required to notify the Plan Administrator of any changes that affect your eligibility or the eligibility of your Dependents for this Plan. When any of the following occurs, contact the Plan Administrator and complete the appropriate forms:

- Changes in address;
- Marriage or divorce;
- Death of an enrolled family member (a different type of coverage may be necessary);
- Enrollment in another health plan or in Medicare;
- Eligibility for Medicare;
- Dependent child reaching the Dependent Age Limit (see "Termination and Continuation of Coverage");
- Enrolled Dependent child either becomes totally or permanently disabled, or is no longer disabled.

Failure to notify the Plan Administrator of individuals no longer eligible for services will not obligate the Plan to cover such services, even if Premium is received for those individuals. All notifications must be in writing and on approved forms.

Nondiscrimination

No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Statements and Forms

All Members must complete and submit applications or other forms or statements that the Plan may reasonably request.

Any rights to benefits under this Plan are subject to the condition that all such information is true, correct, and complete. Any material misrepresentation by you may result in termination of coverage as provided in the "Termination and Continuation of Coverage" section. The Plan will not use a statement made by you to void your coverage after that coverage has been in effect for two years. This does not apply, however, to fraudulent misstatements.

Termination and Continuation of Coverage

Termination

Except as otherwise provided, your coverage may terminate in the following situations:

- When the Contract between the Group and the Claims Administrator terminates. It will be the Group's responsibility to notify you of the termination of coverage.
- If you choose to terminate your coverage.
- If you or your Dependents cease to meet the eligibility requirements of the Plan, subject to any applicable continuation requirements. If you cease to be eligible, the Group and/or you must notify the Claims Administrator immediately. The Group and/or you shall be responsible for payment for any services incurred by you after you cease to meet eligibility requirements.
- If you elect coverage under another carrier's health benefit plan, which is offered by the Group as an option instead of this Plan, subject to the consent of the Group. The Group agrees to immediately notify the Claims Administrator that you have elected coverage elsewhere.
- If you perform an act, practice, or omission that constitutes fraud or make an intentional misrepresentation of material fact, as prohibited by the terms of your Plan, your coverage and the coverage of your Dependents can be retroactively terminated or rescinded. A rescission of coverage means that the coverage may be legally voided back to the start of your coverage under the Plan, just as if you never had coverage under the Plan. You will be provided with a 30 calendar day advance notice with appeal rights before your coverage is retroactively terminated or rescinded. You are responsible for paying for the cost of previously received services based on the Maximum Allowable Amount for such services, less any Copayments made or Premium paid for such services.
- If you fail to pay or fail to make satisfactory arrangements to pay your portion of the Premium, the Plan may terminate your coverage and may also terminate the coverage of your Dependents.
- If you permit the use of your or any other Member's Plan Identification Card by any other person; use another person's Identification Card; or use an invalid Identification Card to obtain services, your coverage will terminate immediately upon written notice to the Group. Anyone involved in the misuse of a Plan Identification Card will be liable to and must reimburse the Plan for the Maximum Allowed Amount for services received through such misuse.

You will be notified in writing of the date your coverage ends by either the Claims Administrator or the Group.

Notice of Cancellation of the Group Contract If Group coverage is canceled as a result of the responsible individual's cognitive impairment or functional incapacity, the Group or subgroup may be eligible for reinstatement. The responsible individual is the person who is responsible for making premium payments on behalf of a Group or subgroup.

The right to reinstate Group coverage has the same limitations and requirements as listed in the "Notice of Cancellation of the Member's Contract" and "Right to Reinstatement" provisions as described below.

This does not limit our right to cancel Group or subgroup coverage on the grounds that the employer is no longer in business, even if the end of the business results from the employer's cognitive impairment or functional incapacity.

Notice of Cancellation of the Member's Contract If your coverage is canceled for non-payment of Subscription Charges or other lapse or default, we will send you a notice of cancellation. We will offer you the opportunity to reinstate your coverage as set forth below. The charges will be the same amount they would have been if the Contract had remained in force. Please refer to the Group Continuation Coverage section, below, for information regarding cancellation of COBRA coverage.

You have the right to designate another person to receive notice of cancellation of this Contract for non-payment of charges or other lapse or default. We will send the notice to you and the person you designate at the last addresses you provided to us. You also have the right to change the person you designate if you wish. In order to designate a person to receive this notice or to change a designation, you must fill out a Third Party Notice Request Form. You can obtain this form from your Group or by contacting us.

Right to Reinstatement Within 90 days after cancellation due to nonpayment of premium, a policyholder, a person authorized to act on behalf of the policyholder or a dependent of the policyholder covered under a health insurance policy or certificate may request reinstatement on the basis that the loss of coverage was a result of the policyholder's cognitive impairment or functional incapacity.

If you request reinstatement, we may require a Physician examination at your own expense or request medical records that confirm you suffered from cognitive impairment or functional incapacity at the time of cancellation. If we accept the proof, we will reinstate your coverage without a break in coverage. We will reinstate the same coverage you had before cancellation or the coverage you would have been entitled to if the Contract had not been canceled, subject to the same terms, conditions, exclusions, and limitations. Before we can reinstate your Contract, you must pay the amount due from the date of cancellation through the month in which we bill you. The charges will be the same amount they would have been if the Contract had remained in force.

If we deny your request for reinstatement, we will send you a Notice of Denial. You have the right to an Appeal, or to request a hearing before the Superintendent of Insurance within 30 days after the date you receive the Notice of Denial from us.

Removal of Members

Upon written request through the Group, you may cancel your coverage and/or your Dependent's coverage from the Plan. If this happens, no benefits will be provided for Covered Services after the termination date.

Continuation of Coverage Under Federal Law (COBRA)

The following applies if you are covered by a Group that is subject to the requirements of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, as amended.

COBRA continuation coverage can become available to you when you would otherwise lose coverage under your Group's health Plan. It can also become available to other Members of your family, who are covered under the Group's health Plan, when they would otherwise lose their health coverage. For additional information about your rights and duties under federal law, you should contact the Group.

Qualifying events for Continuation Coverage under Federal Law (COBRA)

COBRA continuation coverage is available when your coverage would otherwise end because of certain "qualifying events." After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse and your Dependent children could become qualified beneficiaries if you were covered on the day before the qualifying event and your coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each Member of your family who is enrolled in the Plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Subscribers may elect COBRA continuation coverage on behalf of their spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

Qualifying Event	Length of Availability of Coverage
<p><u>For Subscribers:</u></p> <p>Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked</p>	18 months
<p><u>For Dependents:</u></p> <p>A Covered Subscriber's Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked</p> <p>Covered Subscriber's Entitlement to Medicare</p> <p>Divorce or Legal Separation</p> <p>Death of a Covered Subscriber</p>	<p>18 months</p> <p>36 months</p> <p>36 months</p> <p>36 months</p>
<p><u>For Dependent Children:</u></p> <p>Loss of Dependent Child Status</p>	36 months

COBRA coverage will end before the end of the maximum continuation period listed above if you become entitled to Medicare benefits. In that case a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if you become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for your spouse and children can last up to 36 months after the date of Medicare entitlement.)

If Your Group Offers Retirement Coverage

If you are a retiree under this Plan, filing a proceeding in bankruptcy under Title 11 of the United States Code may be a qualifying event. If a proceeding in bankruptcy is filed with respect to your Group, and that bankruptcy results in the loss of coverage, you will become a qualified beneficiary with respect to the bankruptcy. Your Dependents will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this Plan. If COBRA coverage becomes available to a retiree and his or her covered family members as a result of a bankruptcy filing, the retiree may continue coverage for life and his or her Dependents may also continue coverage for a maximum of up to 36 months following the date of the retiree's death.

Second qualifying event

If your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, your Dependents can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused your Dependents to lose coverage under the Plan had the first qualifying event not occurred.

Notification Requirements

The Group will offer COBRA continuation coverage to qualified beneficiaries only after the Group has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the Subscriber, commencement of a proceeding in bankruptcy with respect to the employer, or the Subscriber's becoming entitled to Medicare benefits (under Part A, Part B, or both), the Group will notify the COBRA Administrator (e.g., Human Resources or their external vendor) of the qualifying event.

You Must Give Notice of Some Qualifying Events

For other qualifying events (e.g., divorce or legal separation of the Subscriber and spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you must notify the Group within 60 days after the qualifying event occurs.

Electing COBRA Continuation Coverage

To continue your coverage, you or an eligible family Member must make an election within 60 days of the date your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies you or your family Member of this right, whichever is later. You must pay the total Premium appropriate for the type of benefit coverage you choose to continue. If the Premium rate changes for active associates, your monthly Premium will also change. The Premium you must pay cannot be more than 102% of the Premium charged for Employees with similar coverage, and it must be paid to the company's benefit plan administrator within 30 days of the date due, except that the initial Premium payment must be made before 45 days after the initial election for continuation coverage, or your continuation rights will be forfeited.

Disability extension of 18-month period of continuation coverage

For Subscribers who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Subscribers who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Subscribers' Dependents are also eligible for the 18- to 29-month disability extension. (This also applies if any covered family Member is found to be disabled.) This would only apply if the qualified beneficiary gives notice of disability status within 60 days of the disabling determination. In these cases, the Employer can charge 150% of Premium for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration's determination.)

Trade Adjustment Act Eligible Individual

If you don't initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused you to be eligible initially for COBRA coverage under this Plan, you will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which you become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.

When COBRA Coverage Ends

COBRA benefits are available without proof of insurability and coverage will end on the earliest of the following:

- A covered individual reaches the end of the maximum coverage period;
- A covered individual fails to pay a required Premium on time;
- A covered individual becomes covered under any other group health plan after electing COBRA. If the other group health plan contains any exclusion or limitation on a pre-existing condition that applies to you, you may continue COBRA coverage only until these limitations cease;
- A covered individual becomes entitled to Medicare after electing COBRA; or
- The Group terminates all of its group welfare benefit plans.

Other Coverage Options Besides COBRA Continuation Coverage

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions

Questions concerning your Group's health Plan and your COBRA continuation coverage rights should be addressed to the Group. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Continuation of Coverage under Maine Law

A member or employee is eligible for continued coverage only if the member or employee's group insurance coverage terminated for one of the following reasons:

- The member or employee was temporarily laid off;
- The member or employee was permanently laid off and is eligible for premium assistance in accordance with federal law;
- The member or employee lost employment because of an injury or disease that the employee claims to be compensable under Workers' Compensation.

The member or employee has 31 days from the termination of coverage in which to elect and make the initial premium payment. Coverage will be provided at the same level in force immediately before termination. The member or employee will be responsible for premium payments.

Continuation of Coverage Due To Military Service

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Subscriber or his / her Dependents may have a right to continue health care coverage under the Plan if the Subscriber must take a leave of absence from work due to military leave.

Employers must give a cumulative total of five years and in certain instances more than five years, of military leave.

“Military service” means performance of duty on a voluntary or involuntary basis and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

During a military leave covered by USERRA, the law requires employers to continue to give coverage under this Plan to its Members. The coverage provided must be identical to the coverage provided to similarly situated, active employees and Dependents. This means that if the coverage for similarly situated, active employees and Dependents is modified, coverage for you (the individual on military leave) will be modified.

You may elect to continue to cover yourself and your eligible Dependents by notifying your employer in advance and submitting payment of any required contribution for health coverage. This may include the amount the employer normally pays on your behalf. If your military service is for a period of time less than 31 days, you may not be required to pay more than the active Member contribution, if any, for continuation of health coverage. For military leaves of 31 days or more, you may be required to pay up to 102% of the full cost of coverage, i.e., the employee and employer share.

The amount of time you continue coverage due to USERRA will reduce the amount of time you will be eligible to continue coverage under COBRA.

Maximum Period of Coverage During a Military Leave

Continued coverage under USERRA will end on the earlier of the following events:

1. The date you fail to return to work with the Group following completion of your military leave. Subscribers must return to work within:
 - a) The first full business day after completing military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service.
 - b) 14 days after completing military service for leaves of 31 to 180 days,
 - c) 90 days after completing military service for leaves of more than 180 days; or
2. 24 months from the date your leave began.

Reinstatement of Coverage Following a Military Leave

Regardless of whether you continue coverage during your military leave, if you return to work your health coverage and that of your eligible Dependents will be reinstated under this Plan if you return within:

1. The first full business day of completing your military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service;
2. 14 days of completing your military service for leaves of 31 to 180 days; or
3. 90 days of completing your military service for leaves of more than 180 days.

If, due to an illness or injury caused or aggravated by your military service, you cannot return to work within the time frames stated above, you may take up to:

1. Two years; or
2. As soon as reasonably possible if, for reasons beyond your control you cannot return within two years because you are recovering from such illness or injury.

If your coverage under the Plan is reinstated, all terms and conditions of the Plan will apply to the extent that they would have applied if you had not taken military leave and your coverage had been continuous. Any waiting / probationary periods will apply only to the extent that they applied before.

Please note that, regardless of the continuation and/or reinstatement provisions listed above, this Plan will not cover services for any illness or injury caused or aggravated by your military service, as indicated in the "What's Not Covered" section.

Family and Medical Leave Act of 1993

A Subscriber who takes a leave of absence under the Family and Medical Leave Act of 1993 (the Act) will still be eligible for this Plan during their leave. We will not consider the Subscriber and his or her Dependents ineligible because the Subscriber is not at work.

If the Subscriber ends their coverage during the leave, the Subscriber and any Dependents who were covered immediately before the leave may be added back to the Plan when the Subscriber returns to work without medical underwriting. To be added back to the Plan, the Group may have to give us evidence that the Family and Medical Leave Act applied to the Subscriber. We may require a copy of the health care Provider statement allowed by the Act.

Benefits After Termination Of Coverage

If you are an inpatient on the date your group cancels coverage with Anthem BCBS and you have care after the date your group coverage ends and your group has replacement coverage, the replacement carrier pays primary benefits for the inpatient care provided after the effective date and this Plan pays secondary benefits. If there is no replacement carrier, this Plan pays primary benefits. Benefits under this Plan will end when you are no longer disabled, when you reach any contract maximums, when you are discharged as an inpatient and you are no longer disabled, or six months from the termination of your group contract, whichever occurs first.

Any benefits available under this section are subject to all the other terms and conditions of this Plan.

If you are Totally Disabled on the Group's termination date, and you are not eligible for regular coverage under another similar health plan, benefits will continue for treatment of the disabling condition(s). Benefits will continue until the earliest of:

1. The date you cease to be Totally Disabled;
2. The end of a period of 12 months in a row that follows the Group termination date;
3. The date you become eligible for regular coverage under another health plan; or
4. The payment of any benefit maximum.

Benefits will be limited to coverage for treatment of the condition or conditions causing Total Disability and in no event will include benefits for any dental condition.

General Provisions

Assignment

The Group cannot legally transfer this Booklet, without obtaining written permission from us. Members cannot legally transfer the coverage. Members may assign benefits provided for covered services to the provider of the care. An assignment of benefits does not affect or limit the payment of benefits otherwise payable under the plan. Contact your provider to complete the necessary forms.

Care Coordination

The Plan pays In-Network Providers in various ways to provide Covered Services to you. For example, sometimes the Plan may pay In-Network Providers a separate amount for each Covered Service they provide. The Plan may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, the Plan may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, the Plan may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to the Plan because they did not meet certain standards. You do not share in any payments made by In-Network Providers to the Plan under these programs.

Clerical Error

A clerical error will never disturb or affect your coverage, as long as your coverage is valid under the rules of the Plan. This rule applies to any clerical error, regardless of whether it was the fault of the Group or the Claims Administrator.

Confidentiality and Release of Information

Applicable state and federal law requires the Claims Administrator to undertake efforts to safeguard your medical information.

For informational purposes only, please be advised that a statement describing the Claims Administrator's policies and procedures regarding the protection, use and disclosure of your medical information is available on their website and can be furnished to you upon request by contacting the Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this Booklet are not part of the contract between the parties and do not give rise to contractual obligations.

Conformity with Law

Any term of the Plan which is in conflict with the laws of the state in which the Group Contract is issued, or with federal law, will hereby be automatically amended to conform with the minimum requirements of such laws.

Contract with the Claims Administrator

The Group, on behalf of itself and its participants, hereby expressly acknowledges its understanding that this Plan constitutes a Contract solely between the Group and the Claims Administrator, Anthem Health

Plans of Maine, Inc. dba Anthem Blue Cross and Blue Shield (Anthem), and that we are an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in the state of Maine. The Blue Cross Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, we are not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield plan or licensee. The Group, on behalf of itself and its participants, further acknowledges and agrees that it has not entered into this Contract based upon representations by any person other than Anthem Health Plans of Maine, Inc. and that no person, entity, or organization other than Anthem shall be held accountable or liable to the Group for any of Maine's obligations to the Group created under the Contract. This paragraph shall not create any additional obligations whatsoever on our part other than those obligations created under other terms of this agreement.

Entire Agreement

Note: The laws of the state in which the Group Contract is issued will apply unless otherwise stated herein.

This Booklet, the Administrative Services Agreement, the Employer's application, any riders, endorsements or attachments, and the individual applications of the Subscriber and Dependents constitute the entire agreement between the Employer and the Claims Administrator and as of the Effective Date, supersede all other agreements. Any and all statements made to the Claims Administrator by the Employer and any and all statements made to the Employer by the Claims Administrator are representations and not warranties. No such statement, unless it is contained in a written application for coverage under this Booklet, shall be used in defense to a claim under this Booklet.

Examination of Insured

To ensure that all claims are valid, the Claims Administrator may require the Member to have a physical or mental examination at our expense. The Claims Administrator reserves the right to request an autopsy at their expense.

Form or Content of Booklet

No agent or employee of the Claims Administrator is authorized to change the form or content of this Booklet. Changes can only be made through a written authorization, signed by an officer of the Employer.

Circumstances Beyond the Control of the Plan

The Claims Administrator shall make a good-faith effort to arrange for an alternative method of administering benefits. In the event of circumstances not within the control of the Claims Administrator or Employer, including but not limited to: a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, labor disputes not within the control of the Claims Administrator, disability of a significant part of a Network Provider's personnel or similar causes, or the rendering of health care services provided by the Plan is delayed or rendered impractical the Claims Administrator shall make a good-faith effort to arrange for an alternative method of administering benefits. In such event, the Claims Administrator and Network Providers shall administer and render services under the Plan insofar as practical, and according to their best judgment; but the Claims Administrator and Network Providers shall incur no liability or obligation for delay, or failure to administer or arrange for services if such failure or delay is caused by such an event.

Government Programs

The benefits under this Plan shall not duplicate any benefits that you are entitled to, or eligible for, under any other governmental program. This does not apply if any particular laws require us to be the primary payer. If we have duplicated such benefits, all money paid by such programs to you for services you have or are receiving, shall be returned by or on your behalf to the Plan.

Medical Policy and Technology Assessment

The Claims Administrator reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of the Claims Administrator's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including the Claims Administrator's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Medicare

Any benefits covered under both this Plan and Medicare will be covered according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, Booklet terms, and federal law.

Determining Primacy Between Medicare and this Plan – We will be the primary payer for persons age 65 and older with Medicare coverage if the Subscriber is actively working for an employer who is providing the Subscriber's health insurance and the employer has 20 or more employees. Medicare will be the primary payer for persons age 65 and older with Medicare coverage if the Subscriber is not actively working and the member is enrolled in Medicare. Medicare will be the primary payer for persons with Medicare age 65 and older if the employer has less than 20 employees and the member is enrolled in Medicare.

This Plan will be the primary payer for persons under age 65 with Medicare coverage when Medicare coverage is due to disability if the member is actively working for an employer who is providing the member's health coverage and the employer has 100 or more employees. Medicare will be the primary payer for persons enrolled with Medicare due to disability if the member is not actively working or the employer has less than 100 employees.

This Plan will be the primary payer for persons under age 65 with Medicare coverage when Medicare coverage is due to End Stage Renal Disease (ESRD), for the first 30 months from the **entitlement to or eligibility for** Medicare (whether or not Medicare is taken at that time). After 30 months, Medicare will become the primary payer if Medicare is in effect (30-month coordination period).

When a Member becomes eligible for Medicare due to a second entitlement (such as age), we remain primary, if we were primary at the point when the second entitlement became effective, for the duration of 30 months after the Medicare entitlement or eligibility due to ESRD. If Medicare was primary at the point of the second entitlement, then Medicare remains primary. There will be no 30-month coordination period for ESRD.

Except when federal law requires us to be the primary payer, the benefits under this Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Part B. Where Medicare is the responsible payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to the

Plan, to the extent that payment was made for such services. For the purposes of the calculation of benefits, retirees enrolled in this Plan prior to 7/1/2019 who have become eligible for and enrolled in Medicare while enrolled as a retiree will have the Medicare benefit offset by the value of Medicare. Retirees who have become Medicare eligible but have not enrolled in Medicare during their retirement period will not have their benefits offset by the value of Medicare benefits. Retirees enrolled in this Plan after 7/1/19, who are eligible for Medicare but not enrolled, will have their benefits offset by the value of Medicare benefits.

Modifications

The Plan Sponsor may change the benefits described in this Benefit Booklet and the Member will be informed of such changes as required by law. This Benefit Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions by the Employer, or by mutual agreement between the Claims Administrator and the Employer without the consent or concurrence of any Member. By electing medical and Hospital benefits under the Plan or accepting the Plan benefits, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all terms, conditions, and provisions hereof.

Not Liable for Provider Acts or Omissions

The Claims Administrator is not responsible for the actual care you receive from any person. This Booklet does not give anyone any claim, right, or cause of action against the Claims Administrator based on the actions of a Provider of health care, services, or supplies.

Payment Innovation Programs

The Claims Administrator contracts with In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by the Claims Administrator from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to the Claims Administrator under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to you, but instead, are based on the In-Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by under the Program(s), and you do not share in any payments made by Network Providers to the Claims Administrator under the Program(s).

Policies and Procedures

The Claims Administrator, on behalf of the Employer, may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of the Plan with which a Member shall comply.

Under the terms of the Administrative Service Agreement with your Employer, the Claims Administrator has the authority, in its discretion, to institute from time to time, utilization management, care management, disease management or wellness pilot initiatives in certain designated geographic areas. These pilot initiatives are part of the Claims Administrator's ongoing effort to find innovative ways to make available

high quality and more affordable healthcare. A pilot initiative may affect some, but not all Members under the Plan. These programs will not result in the payment of benefits which are not provided in the Employer's Group Health Plan, unless otherwise agreed to by the Employer. The Claim's Administrator reserves the right to discontinue a pilot initiative at any time without advance notice to Employer.

Program Incentives

The Claims Administrator may offer incentives from time to time, at its discretion, in order to introduce you to covered programs and services available under this Plan. The purpose of these incentives include, but is not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as the Claims Administrator offers the incentives program. The Claims Administrator may discontinue an incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, it is recommended that you consult your tax advisor.

Relationship of Parties (Employer-Member-Claims Administrator)

Neither the Employer nor any Member is the agent or representative of the Claims Administrator.

The Employer is fiduciary agent of the Member. The Claims Administrator's notice to the Employer will constitute effective notice to the Member. It is the Employer's duty to notify the Claims Administrator of eligibility data in a timely manner. The Claims Administrator is not responsible for payment of Covered Services of Members if the Employer fails to provide the Claims Administrator with timely notification of Member enrollments or terminations.

Relationship of Parties (Anthem and In-Network Providers)

The relationship between **the Claims Administrator** and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of the Claims Administrator, nor is the Claims Administrator, or any employee of the Claims Administrator, an employee or agent of In-Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. The Plan shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any In-Network Provider or in any In-Network Provider's Facilities.

Your In-Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including In-Network Providers, Out-of-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or the Claims Administrator.

Anthem Blue Cross and Blue Shield Note

The Employer, on behalf of itself and its Members, hereby expressly acknowledges its understanding that the Administrative Services Agreement (which includes this Benefit Booklet) constitutes a contract solely between the Employer and Anthem Blue Cross and Blue Shield. (Anthem), and that Anthem is an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in the State of Georgia. The Blue Cross and Blue Shield marks are registered by the Blue Cross and Blue Shield

Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, Anthem is not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield Plan or licensee. This paragraph shall not create any additional obligations whatsoever on the part of Anthem other than those obligations created under other provisions of the Administrative Services Agreement or this Benefit Booklet.

Employer's Sole Discretion

The Employer may, in its sole discretion, cover services and supplies not specifically covered by the Plan. This applies if the Employer, with advice from the Claims Administrator, determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

Reservation of Discretionary Authority

The Claims Administrator shall have all the powers necessary or appropriate to enable it to carry out its duties in connection with the operation of the Plan and interpretation of the Benefit Booklet. This includes, without limitation, the power to construe the Administrative Services Agreement, to determine all questions arising under the Plan, to resolve Member Appeals and to make, establish and amend the rules, regulations and procedures with regard to the interpretation of the Benefit Booklet of the Plan. A specific limitation or exclusion will override more general benefit language. Anthem has complete discretion to interpret the Benefit Booklet. The Claims Administrator's determination shall be final and conclusive and may include, without limitation, determination of whether the services, treatment, or supplies are Medically Necessary, Experimental/Investigative, whether surgery is cosmetic, and whether charges are consistent with the Plan's Maximum Allowed Amount. A Member may utilize all applicable Appeals procedures.

Right of Recovery and Adjustment

Whenever payment has been made in error, the Plan will have the right to recover such payment from you or, if applicable, the Provider or otherwise make appropriate adjustment to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered.

The Claims Administrator has oversight responsibility for compliance with Provider and vendor contracts. The Claims Administrator may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, the Claims Administrator has established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. The Claims Administrator will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. The Contract Administrator reserves the right to deduct or offset, including cross plan offsetting on In-Network claims and on Out-of-Network claims where the Out-of-Network Provider agrees to cross plan offsetting, any amounts paid in error from any pending or future claims.

Unauthorized Use of Identification Card

If you permit your Identification Card to be used by someone else or if you use the card before coverage is in effect or after coverage has ended, you will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

Value-Added Programs

The Claims Administrator may offer health or fitness related programs to Members, through which you may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under your Plan but are in addition to Plan benefits. As such, program features are not guaranteed under your health Plan Contract and could be discontinued at any time. The Claims Administrator does not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

Value of Covered Services

For purposes of subrogation, reimbursement of excess benefits, or reimbursement under any Workers' Compensation or Employer Liability Law, the value of Covered Services shall be the amount paid for the Covered Services.

Voluntary Clinical Quality Programs

The Claims Administrator may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Plan. These programs are not guaranteed and could be discontinued at any time. The Claims Administrator will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which the Claims Administrator encourages you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, please consult your tax advisor.

Voluntary Wellness Incentive Programs

The Claims Administrator may offer health or fitness related program options for purchase by your Employer to help you achieve your best health. These programs are not Covered Services under your Plan, but are separate components, which are not guaranteed under this Plan and could be discontinued at any time. If your Employer has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options a Group may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact the Claims Administrator at the Member Services number on your ID card and they will work with you (and, if you wish, your Doctor) to find a wellness program with the same reward that is right for you in light of your health status. (If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.)

Waiver

No agent or other person, except an authorized officer of the Employer, is able to disregard any conditions or restrictions contained in this Booklet, to extend the amount of time for making a payment to us, or to bind the Plan by making any promise or representation or by giving or receiving any information.

Workers' Compensation

The benefits under this Plan are not designed to duplicate benefits that you are eligible for under Workers' Compensation Law. All money paid or owed by Workers' Compensation for services provided to you shall be paid back by, or on your behalf of to us if we have made or makes payment for the services received. It is understood that coverage under this Plan does not replace or affect any Workers' Compensation coverage requirements.

If you have questions on any of these definitions, please call Member Services at the number on the back of your Identification Card.

You will have to pay any In-Network Deductible, Coinsurance, and/or Copayment(s) that apply, and may also have to pay the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge unless your claim is a Surprise Billing Claim. Please see "Claims Payment" section as well as the "Consolidated Appropriations Act of 2021 Notice" at the front of this Booklet for more details.

Your share of the cost for Covered Services, which is a percent of the Maximum Allowed Amount. You normally pay Coinsurance after you meet your Deductible. For example, if your Plan lists 20% Coinsurance on office visits, and the Maximum Allowed Amount is \$100, your Coinsurance would be \$20 after you meet the Deductible. The Plan would then cover the rest of the Maximum Allowed Amount. See the "Schedule of Benefits" for details. Your Coinsurance will not be reduced by any refunds, rebates, or any other form of negotiated post-payment adjustments (except as described in the "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy" section).

- (1) Placing the physical or mental health of the individual or, with respect to a pregnant woman, the health of the pregnant woman or her unborn child in serious jeopardy;
- (2) Serious impairment of a bodily function; or
- (3) Serious dysfunction of any organ or body part; or

B. With respect to a pregnant woman who is having contractions, that there is:

- (1) Inadequate time to effect a safe transfer of the woman to another hospital before delivery; or

Any drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply used in or directly related to the diagnosis, evaluation, or treatment of a disease, injury, illness, or other health condition which Anthem determines to be Experimental or Investigational.

Anthem will deem any drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply to be Experimental or Investigational if it determines that one or more of the following criteria apply when the service is rendered with respect to the use for which benefits are sought.

- (a) The drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply:
 - (i) cannot be legally marketed in the United States without the final approval of the Food and Drug Administration (“FDA”) or any other state or federal regulatory agency and such final approval has not been granted; or
 - (ii) has been determined by the FDA to be contraindicated for the specific use; or
 - (iii) is provided as part of a clinical research protocol or clinical trial or is provided in any other manner that is intended to evaluate the safety, toxicity, or efficacy of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply, unless otherwise required by law; or
 - (iv) is subject to review and approval of an Institutional Review Board (“IRB”) or other body serving a similar function; or
 - (v) is provided pursuant to informed consent documents that describe the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply as experimental or investigational or otherwise indicate that the safety, toxicity, or efficacy of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is under evaluation.
- (b) Any Service not deemed Experimental or Investigational based on the criteria in subsection (a) may still be deemed to be Experimental or Investigational by Anthem. In determining whether a Service is Experimental or Investigational, Anthem will consider the information described in subsection (c) and assess the following:
 - (i) whether the scientific evidence is conclusory concerning the effect of the Service on health outcomes;
 - (ii) whether the evidence demonstrates the Service improves the net health outcomes of the total population for whom the Service might be proposed by producing beneficial effects that outweigh any harmful effects;

- (iii) whether the evidence demonstrates the Service has been shown to be as beneficial for the total population for whom the Service might be proposed as any established alternatives; and
 - (iv) whether the evidence demonstrates the Service has been shown to improve the net health outcomes of the total population for whom the Service might be proposed under the usual conditions of medical practice outside clinical investigatory settings.
- (c) The information considered or evaluated by Anthem to determine whether a drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental or Investigational under subsections (a) and (b) may include one or more items from the following list which is not all inclusive:
- (i) published authoritative, peer-reviewed medical or scientific literature, or the absence thereof; or
 - (ii) evaluations of national medical associations, consensus panels, and other technology evaluation bodies; or
 - (iii) documents issued by and/or filed with the FDA or other federal, state or local agency with the authority to approve, regulate, or investigate the use of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply; or
 - (iv) documents of an IRB or other similar body performing substantially the same function; or
 - (v) consent document(s) used by the treating physicians, other medical professionals, or facilities or by other treating physicians, other medical professionals or facilities studying substantially the same drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply; or
 - (vi) the written protocol(s) used by the treating physicians, other medical professionals, or facilities or by other treating physicians, other medical professionals or facilities studying substantially the same drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply; or
 - (vii) medical records; or
 - (viii) the opinions of consulting providers and other experts in the field.
- (d) Anthem identifies and weighs all information and determines all questions pertaining to whether a drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental or Investigational.
