PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

It is essential that consumers who are ineligible for the MaineCare non-emergency medical transportation services, receive transportation to medical, employment and social services as identified in their treatment plan. Such services include only those which are not covered by the MaineCare non-emergency medical transportation services, which assists qualified consumers with mental health needs with access to medical, educational and social services.

On December 27, 2004, Governor John Baldacci signed an Executive Order ordering that DHHS, DOT and DOL, and other appropriate agencies continue to regularly collaborate to improve the overall coordination of passenger transportation. The Departments shall join to form an ongoing Interagency Transportation Coordinating Committee whose purpose will be to regularly coordinate the efforts of each agency as follows: 1) to improve methods of delivery of passenger transportation; 2) to be more effective and financially efficient; and 3) to improve universal mobility for Maine citizens and visitors.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The providers were selected based on existing infrastructures, who could cover areas of need throughout the state and are currently providing the service to this specific population. The agencies selected had a history of providing transportation services covering the northern regions of the State.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The cost has been negotiated with the provider based on comparisons to other providers and has been consistent with prior years.

4. Describe the plan for future competition for the goods or services.

The Department does not intend to RFP this service due to the Executive Order ("An Order Increasing The Coordination Of State Government's Passenger Transportation Sector") which requires collaboration between DOT, DHHS, and DOL.
